SELECTMEN'S REPORT

Each year presents new problems of importance which must be considered by the Selectmen in preparing the work for the current year.

The question of reconstructing Arsenal Street must be given immediate attention. The construction of the Arsenal Street bridge and the development of Cambridge Street in the City of Boston will, without doubt, finally result in greatly increased heavy traffic conditions on Arsenal Street. The present road-bed is in a dangerous condition and there is a very grave question as to whether it is advisable to spend money in making repairs which will last only for a short time.

In connection with this matter, the question of the possibility of removal of the double track line will have to be given careful thought. It is the desire of the Trustees of the Boston Elevated to remove these tracks and substitute a bus line to care for the traffic on this thoroughfare; the present method of transportation from a financial standpoint, is being operated at a loss.

We believe that this street should be built of the most permanent type of construction and are of the opinion that if this work is done in conjunction with the Cambridge Street improvement in the City of Boston, that it will have the effect of diverting a large amount of the heavy traffic now using Mt. Auburn Street; thereby reducing the expense of the upkeep of Mt. Auburn Street which is now reaching a condition that also requires immediate attention.

We have an unusual number of petitions from abutting owners asking that certain streets be built under the Betterment Act, so-called, and we realize that it will be impossible to grant all of the requests that have been made for construction and will recommend the streets on which a substantial amount of building is now in process and will be completed during the coming year.

We believe that the construction of Common Street should receive the careful consideration of the Town this year; this street

having been laid out by the County Commissioners on a basis of forty-five feet in width and the development of the abutting property on Common Street is over seventy-five per cent completed. We are of the opinion that some action should be taken at this time to carry out the recommendations of the County Commissioners.

Drainage problems which have been postponed from time to time must now be considered, especially in the so-called Keenan tract in the east end of the town, which has been the cause of more or less criticism on account of the lack of drainage facilities. This district has shown a very rapid development in the last two or three years, and we believe that the matter of drainage in these streets should be attended to this year. To properly drain this section, a main drain will be necessary on Mt. Auburn Street to connect with the Arlington Street drain.

Drainage in the so-called Boyle Farm development should also receive immediate attention and we recommend the extension of the present drainage in the West Watertown district, through Rutland Street to the natural water course which will serve for the present. In the near future, this drain will have to be connected through the Boyle Farm, Jensen and Barrett properties, finding an outlet into the Charles River at Howard Street; but for the time being, we feel that conditions may be greatly relieved by extending the present West Watertown drain from Main Street through Rutland Street to the water course now existing.

The recommendations of the Special Committee on Improvements at the Delta which were accepted at the Town Meeting held December 14, 1925, and referred to the Selectmen with instructions to carry out the same, have been given our attention and an appropriation will be asked for necessary to carry out the recommendations so voted, which recommendations will include the reconstruction of Main Street to Cross Street, and will result we believe, in greatly improving conditions in and about Watertown Square.

The hearty spirit of co-operation which has been given by all heads of departments and reflected in the work of the employees under their supervision, has resulted in greatly improved conditions during the past year.

The liquor problem which has been giving all communities more or less trouble, has been promptly met by Chief John F. Milmore and his officers and we feel that our Town has the distinction of being among the leaders in the strict observance of all laws pertaining to prohibition.

Our fire department under the able direction of Chief John W. O'Hearn, has given unusual service and the co-operation given by all members of the department has produced results which with our limited equipment, places Watertown among the leaders in this line of municipal activity, and has resulted in unusually low fire losses during the past year.

A. H. WHITNEY,
ERNEST K. INGALLS,
WILLIAM M. EMERSON,
Selectmen of Watertown.

REPORT OF THE FINANCE COMMITTEE

To the Citizens of Watertown:

The work of the Finance Committee this year has been of a most discouraging nature. Faced at the outset with a budget that promised a forty-dollar tax rate, due to an unusual amount of apparently necessary public improvements, we have given it as close a study as possible for the last three months, hoping to make recommendations which would result in a reasonable appropriation, but we regret to report the largest appropriations and probably the highest tax rate in the history of the Town. And in order to keep it down to even a reasonably small increase, we must recommend borrowings which will put our debt beyond the two-million-dollar limit, and I am forced to predict that the tax burden in the future will be heavier rather than lighter, and that for the next ten years we cannot hope for a tax rate that will be as low as the one we will have this year.

Education, uncurbed by proper business supervision, and sane and reasonable foresight, will take more and more of our public funds, while we are compelled to deny in other departments of the Town affairs, a reasonable and normal growth, until one is forced to ask if we owe everything to our children and nothing to ourselves. The educator today is busily advocating methods of spending our money and making no suggestions as to how to save it. Discussion at the last session of the Department of Superintendence of the National Education Association brought out one hundred twenty-two (122) additional demands upon our educators, as against thirty (30) economies.

And now the problem faces us as to how we are to meet this ever-increasing demand of taxation. For several years we have been increasing our valuation until we have reached the danger point, and should stop and consider what we are doing. Is the tax burden equitably distributed? And, if not, is it possible to find some scientific basis which will insure uniformity? Is it time to ask for a general expert revaluation?

Should there be some kind of central control over all local assessing methods? I believe that as the tax burden increases we will find ourselves asking for state supervision of assessing methods, that everyone may be assured of equal rights and privileges in tax levies.

In the meantime there are but two methods whereby we may reduce the tax burden:

First, by reducing the amount of revenue required, either by more efficient and economical management of public office or by reducing the public activities requiring the expenditure of money.

Second, by adding to the uniformity of taxing methods whereby every taxpayer has a proportion of the public expense in conformity with his means and ability.

Real Estate has and always will carry the largest part of the tax burden, but personal property presents the difficult problem, and many hundreds of our people can and do escape some part of their obligations, and it is to this class of delinquents that the assessors should direct their attention.

The Finance Committee has this year instituted the practice of holding open meetings at all its hearings and hopes that this practice will be continued and that the people will become interested in them, for here indeed stands the secret of economical and efficient government — an *enlightened* interest in the annual budget by the citizens.

A close study of the chart of expenses printed as a part of this report will convince anyone that it is possible to work out and establish a per cent basis of expenditure for nearly all Town departments, and I hope that someone will find the time to work this problem out in the interest of sane and economical government. This plan is feasible, and if adopted, must result at least in a stationary tax rate.

In the interest of economy and good business methods, the Finance Committee make the following recommendations:

That a municipal Purchasing Agent to purchase for all departments be employed.

That a committee be appointed to consider the cost of purchase, upkeep and storage of our many Town automobiles with the possibility in view of establishing a municipal garage.

That all cars owned by the Town be plainly and properly marked with the name of the Town and the department under which it operates.

That a telephone switchboard be installed in the Town Hall, and that all department offices in the Town Hall be open from 9 to 5 on week days except Saturdays, and not closed from 12 to 2 as is now the custom.

Police Note. The Finance Committee recommends no appropriation for Park Police but that the compensation of officers on duty at parks be charged to Special Police.

Health Note. The Finance Committee recommends that the Board of Health be given charge of the Dental Clinic, without assistance from outside organizations and have recommended an appropriation accordingly.

School Note. The Finance Committee does not recommend the purchase of an automobile for the use of the Superintendent of Schools and the appropriation for General Control is therefore reduced by \$1,053.

Article 4. To grant such sums of money as may be thought necessary for the uses and expenses of the Town the ensuing year, direct how the same shall be raised, or take any action relating thereto.

See Tabulated Schedule of Appropriations, pages 50 to 58.

Article 5. To see if the Town will vote to appropriate the necessary sum of money to pay that portion of the Town debt which matures on or previous to January 1, 1926, direct how the money shall be raised, or take any action relating thereto.

Recommend that the sum of one hundred seventy thousand dollars (\$170,000) be appropriated for the purpose of paying that portion of the Town debt which matures prior to and on January 1, 1926, and that this amount be paid from the tax levy for the year 1925.

Article 8. To see if the Town will appropriate a sum of money for the rent of the Grand Army Hall, care of the grounds around the Soldiers' Monument, and to defray the expenses of decorating the graves of deceased soldiers on the next Memorial Day, and authorize Isaac B. Patten Post 81, G. A. R., to expend the same, direct how the same shall be raised, or take any action relating thereto.

Recommend eight hundred dollars (\$800). See Tabulated Schedule.

Article 9. To see if the Town will appropriate a sum of money to pay the cost of providing suitable headquarters for Watertown Post No. 99, American Legion, direct how the money shall be raised, or take any action relating thereto. (Request of Post No. 99, American Legion.)

Article 10. To see if the Town will appropriate the sum of one thousand dollars (\$1,000) for the use of the Burnham-Manning Post No. 1105, Veterans of Foreign Wars; the same to be expended by said organization in the conduct of Memorial Day exercises and maintenance of headquarters for said organization, or take any action relating thereto. (Request of Burnham-Manning Post No. 1105, Veterans of Foreign Wars.)

Recommend for Articles 9 and 10, that the sum of two thousand dollars (\$2,000) be placed in the hands of the Selectmen for the purpose of leasing quarters for the two organizations

mentioned. This appropriation is made under Chapter 40, Section 9 of the General Laws.

Article 11. To see if the Town will appropriate the necessary sum of money to be used for furnishing and equipping the new Senior High School, direct how the money shall be provided, or take any action relating thereto. (Request of New Senior High School Committee.)

Recommend the sum of one hundred thousand dollars (\$100,000) for this purpose. See Schedule.

Article 12. To see if the Town will appropriate the necessary sum of money to pay the cost of construction of an addition to the new Coolidge School, direct how the money shall be provided, or take any action relating thereto. (Committee on Addition to New Coolidge School.)

Recommend the sum of one hundred eighty thousand dollars (\$180,000) for this purpose. See Schedule.

Article 13. To see if the Town will authorize and direct the Selectmen for and in the name and behalf of the Town to take by eminent domain, purchase, or otherwise acquire, for school or other public purposes, the land between the new Coolidge School on Arlington Street and Mt. Auburn Street, containing approximately fifty-four thousand one hundred ninety-three (54,193) feet of land or any portion thereof, appropriate the necessary sum of money to pay the cost or damages therefor, direct how the same shall be raised, or take any action relating thereto. (Request of East End School Land Committee.)

Recommend the sum of twenty-six thousand seven hundred sixty-six dollars (\$26,766) for this purpose. See Schedule.

Article 14. To see if the Town will appropriate the necessary sum of money for the purpose of paying the cost of construction of an elementary school building, to be located in the northern part of the Town, direct how the money shall be provided, or take any action relating thereto. (Request of Committee on School in the Northern Part of the Town.)

Recommend the sum of five thousand dollars (\$5,000) for plans. See Schedule.

Article 15. To see if the Town will appropriate the amount of money necessary to pay the cost of printing Volume 5 of the

old Town records, direct how the money shall be provided, or take any action relating thereto. (Request of Watertown Historical Society.)

Recommend the sum of four thousand five hundred dollars (\$4,500) to be expended under the direction of the Town Clerk.

Article 16. To see if the Town will authorize and direct the Selectmen, for and in the name and behalf of the Town to take by eminent domain, purchase, or otherwise acquire, a parcel of land in the eastern part of the Town, for the purpose of erecting thereon a building for a branch library, appropriate the necessary money therefor, direct how the money shall be raised, or take any action relating thereto. (Request of East End Library Committee.)

Recommend the sum of three thousand one hundred dollars (\$3,100) for this purpose. See Schedule.

Article 17. To see if the Town will authorize the committee on branch library in the eastern part of the Town to procure plans for the construction of a branch library to be located in the eastern part of the Town; appropriate the necessary money to pay the cost of the same, direct how the money shall be raised, or take any action relating thereto, (Request of East End Library Committee.)

Recommend the sum of three hundred dollars (\$300) for plans. See Schedule.

Article 20. To see if the Town will appropriate the sum of three thousand dollars (\$3,000) to construct a fireproof vault to be located in the basement of the Town Hall, direct how the money shall be provided, or take any action relating thereto.

Recommend the sum of three thousand dollars (\$3,000) for vault. See Schedule.

Article 21. To see if the Town will vote to authorize and instruct the Selectmen to lay out, relocate or alter Spring Street, a public way, from Main Street to the tracks of the Boston and Maine Railroad, appropriate the necessary sum of money to pay the cost or land damages therefor, direct how the same shall be raised, or take any action relating thereto.

Recommend no appropriation, as this matter was not presented to Finance Committee.

Article 22. To see if the Town will instruct and authorize the Selectmen to lay out, relocate or alter Orchard Street, a public way, from the junction of Common Street and Orchard Street, to Belmont Street, in accordance with the present building lines, appropriate the necessary money to pay the cost or land damages, if any, direct how the same shall be raised, or take any action relating thereto. (Petition of Fred W. MacFarland and others.)

Recommend no appropriation, as this matter was not presented to Finance Committee.

Article 23. To see if the Town will authorize and direct the Selectmen, for and in the name and behalf of the Town, to take by eminent domain, purchase, or otherwise acquire, for cemetery purposes, a tract of land bounded by King Street, Copeland Street, Highland Avenue, and Warren Street, known as Plot 1, and Plot 2, bounded by Warren Street, Waltham, Line and Highland Avenue, containing twenty-one (21) acres more or less, appropriate the necessary money therefor, direct how the money shall be raised, or take any action relating thereto. (Request of Committee on Land for Cemetery Purposes.)

Finance Committee recommends no appropriation.

Article 24. To see if the Town will vote to authorize and instruct the Selectmen to take in the name and behalf of the Town by eminent domain, purchase or otherwise acquire, a parcel of land, including rights of way, near or adjoining the Marshall Spring School, to be used for a public playground, school or other public purposes, appropriate the necessary sum of money therefor, direct how the same shall be raised, or take any action relating thereto. (Request of West Water-town Playground Committee.)

Recommend the sum of seventeen thousand dollars (\$17,000). See Schedule.

Article 25. To see if the Town will authorize the Selectmen to appoint two additional patrolmen, in accordance with the provisions of Chapter 202 of the Acts of 1912, or take any action relating thereto.

Committee recommends no appropriation.

Articles 27, 29, 30, 31, 32, 33, 35, 36, 37, relating to Betterment Streets.

See Tabulated Schedule.

Article 28. To hear the report of the Selectmen relative to the laying out of the unaccepted portion of Bellevue Road, from Common Street to Lovell Road, under the provisions of Chapters 82 and 80 of the General Laws, the latter providing for the assessment of betterments, and to see if the Town will vote to accept said street as and for a public highway, and will authorize the Selectmen to take by eminent domain, or acquire by purchase, any land necessary for said laying out, provide the sum or sums of money necessary to pay the cost or damages therefor, and the cost of construction, direct how said money shall be raised, or take any action relating thereto.

Committee recommends no appropriation.

Article 34. To hear the report of the Selectmen relative to the laying out of Lovell Road from Orchard Street to Bellevue Road, under the provisions of Chapters 82 and 80 of the General Laws, the latter providing for the assessment of betterments, and to see if the Town will vote to accept said street as and for a public highway, and will authorize the Selectmen to take by eminent domain, or acquire by purchase, any land necessary for said laying out, provide the sum or sums of money necessary to pay the cost or damages therefor, and the cost of construction, direct how said money shall be raised, or take any action relating thereto.

Committee recommends no appropriation.

The Finance Committee also recommends the following transfer:

To	From
Overlay 1923, \$2,500.	Emergency Reserve Fund, \$2,500.

Respectfully submitted,

CHARLES F. SANBORN,
Chairman.

Voted: That the report of the Chairman be accepted and adopted as the report of the Committee.

IRVING B. COBURN,
Secretary.

REPORT OF THE PLAYGROUND COMMISSION

Watertown, Mass., January 15, 1926.

To the Honorable Board of Selectmen.

Gentlemen: The Watertown Playground Commission respectfully submits the report of the Supervisor of Playgrounds of the activities of the past year.

The Commission is again happy to report progress in the work and would be pleased if the Town would seriously consider the recommendations contained in the report.

Respectfully submitted,

REV. WILLIAM J. DUFFY, *Chairman,*
PETER J. MONAHAN,
ALEXANDER D. MACDONALD,
Playground Commission.

Watertown, Mass., December 31, 1925.

To the Watertown Playground Commission.

Gentlemen: I respectfully submit my report of the playground season of 1925.

The organization was as follows:

Playground Instructors:

Saltonstall Playground: Frank Kelly, Libbie Mitchell,
and Alma Doyle.

Parker Playground: Francis McCarthy, Gertrude Coffey.

Hosmer Playground: Alfred McNamara, Bertha R. Doyle.

Coolidge Playground: Christopher Duffey, Edna Lyons,
and Margaret Carroll (temporary appointment to fill vacancy
caused by leave of absence of Edna Lyons).

Attendants at Bathing Beach:

Life Guards: Francis Mooney, Edward Ryan.

Matron: Mrs. Charles Tolman.

The playgrounds were open daily except Saturday and Sunday from July 6 to September 4, except the Coolidge Playground which opened July 13, due to the construction of the addition to the Coolidge School, and the playground was transferred to the Old Coolidge School through the coöperation of the School Department.

The bathing beach opened June 15 and remained open daily and Sundays until September 5.

The usual program of athletics, games, handwork, basketry and folk dancing was carried out at the respective playgrounds.

Numerous specialities were undertaken by the individual instructors at the various playgrounds, including field days, picnics, circuses, plays, track and field meets, and outings or excursions. Through the courtesy of the Boston Chapter of the American Red Cross, a course was inaugurated in First Aid and Home Hygiene under the instruction of a Red Cross Nurse assigned to the Watertown Playgrounds. This course was instituted as an experiment in a new activity by the American Red Cross, and based on the success of the experiment the same course will be instituted in other towns and cities throughout the State during the next year. The course proved to be of great benefit to the children in teaching cleanliness not only personally, but in the care of the home and the attendance and care of the sick.

Under the direction of Instructor Frank Kelly, the Badge Test of the American Playground and Recreation Association was instituted on the various playgrounds. This is a systematic test of the physical strength and athletic ability of each pupil according to respective ages, in which, after a course of training in Playground Athletics, each pupil must pass a test by securing at least a fixed number of points in each event to qualify for a certificate of athletic proficiency and excellence. Certificates were awarded at the Playground Demonstration to eighty-six pupils in the various classes.

A course of instruction in ukelele and harmonica playing was given under the direction of the playground instructors and a representative of the American Playground and Recreation Association of America.

The annual demonstration of playground work was held at Victory Field on September 3, 1925, and the large attendance and expression of appreciation of the program assured the instructors that their efforts in producing a difficult and comprehensive exhibition of the playground work were well received.

The attendance at the various playgrounds throughout the season was good, although slightly less than the season of 1924.

Bathing Beach

The bathing beach was taxed to its capacity during the entire season, and the attendance has so far exceeded the facilities that drastic steps had to be taken by the attendants to regulate the use of the beach and protect the property of the bathers.

A new set of regulations was adopted for the use of the beach and bath houses, and to protect the bathers and keep them within limits where they could be at all times under the surveillance of the life guards, the bathing area was enclosed by a rope and a series of buoys anchored in such a way as to form with the rope, an enclosed area of the river.

The attendants are to be commended for their faithful attendance to their duties, and many of the bathers received assistance at times of danger due to the watchfulness of the life guards.

During the week of July 13, a course of swimming instruction was given by Mr. Moulton, under the direction of the Massachusetts Humane Society; and during the week of August 17, Captain Jack Wallace and Mr. McSweeney of the American Red Cross Life Saving Corps examined applicants for certificates and insignia as members of the Junior and Senior Life Saving Corps of the American Red Cross. A large number of applicants qualified in this course.

I wish at this time to express my appreciation of the assistance and coöperation afforded me in carrying on the playground work by the Watertown School Department, Highway Department and Park Department, the Boston Chapter of the American Red Cross, The Massachusetts Humane Society, The American Playground and Recreation Association, the Hood Rubber Company of Watertown, and the Metropolitan District Commission.

Recommendations

It is imperative that better facilities be provided at the bathing beach. I recommend that a permanent bath-house with facilities for the accommodation of a daily attendance of fifteen hundred people be erected.

I recommend that drinking water fountains be installed at all playgrounds, and the bathing beach.

I recommend that a temporary bathing beach be opened in West Watertown on the Charles River near Howard and Pleasant Streets.

Saltonstall Playground

I recommend that Tennis Courts be placed in the rear of the Public Library, adjoining this playground.

Parker Playground

I recommend that the land now unfilled be filled and graded, the brook covered or properly maintained, and the playground area enclosed.

Hosmer Playground

I recommend that the land now used for a playground be resurfaced and laid out in a manner adapted for playground use.

Coolidge Playground

It seems doubtful that a playground can be maintained on the land adjoining the new Coolidge School with the new addition, and as the facilities at the old Coolidge School are inadequate, I recommend that a new location be found for a playground in East Watertown, and modern and complete equipment be provided for the same.

West Watertown

I recommend that the Playground Commission coöperate with the Committee appointed for the playground at the North Junior High School, in regard to the equipment of that playground.

For expenditures I refer you to the auditor's report.

Respectfully submitted,

FRANCIS J. McNAMARA,
Supervisor of Playgrounds.

ANNUAL REPORT OF THE PLANNING BOARD

The Planning Board wishes to make the following report for the year 1925.

Planning of some kind is going on in every community whether we realize it or not, whether we wish it or not. Everyone is to some extent a town planner if he undertakes to make any change which affects the citizens, and every loyal citizen should contribute something from his own experience to the public welfare in order to coöperate with those who are interested in the broadest way in civic betterment.

The duties of this Board, elected as they are like other Town officers, have been very limited; in addition they have been greatly handicapped, this past year, by an inadequate appropriation of money. Many problems affecting the health and convenience of the Town should receive immediate attention. The Planning Board is ready to assist in the study of these problems if given the opportunity. Suggestions in writing are desired.

(a) The Board has occasionally been invited to meet with other committees working on Town problems, a custom we hope will be continued as it certainly will make the Board more efficient.

(b) During the year studies were made in collaboration with the Committee for the Improvement of Watertown Square, and we urge that the report of this Committee adopted at a recent Town meeting be speedily carried out. This is one of the few opportunities remaining to beautify the main highway through our Town.

(c) Judging from the numerous letters received, there is a very decided feeling that our telephone exchange name should be "Watertown" instead of "Newton North." This Board held hearings in various sections of the Town under the auspices of the local organizations, and discussed this question. A report of these meetings with its recommendations has been turned over to the Board of Selectmen with whom the matter now rests for further action.

(d) The Hosmer School grounds are in a disgraceful condition. The School Committee has given some attention to this. A committee on which the Planning Board is represented has been formed and it is hoped that a tangible solution will soon be presented.

(e) Watertown is exceptionally interesting from an historical point of view. It has a number of well marked sites which figure prominently in early American history, chief among these being the Arlington Street Burying Ground, the repository of many of the earliest settlers. Favorable action should meet the report of the committee appointed by the Town for the preservation of these grounds.

(f) The new zoning act recently adopted will add new and grave responsibilities to the Planning Board, responsibilities that can only be borne if every voter shows a willingness to coöperate. There is danger from exploiters, no matter what name they may assume, whose main object is personal gain, regardless of the public good.

(g) We respectfully recommend that the Town take steps to acquire land for a right of way between Spruce and Boylston Streets. This will greatly facilitate travel of school children and be of great convenience to the public.

(h) We respectfully recommend that a study be made for the purpose of having our streets and bounds properly marked and identified.

(i) We respectfully recommend that a careful study be made for the needs of the Town with reference to future and present playgrounds, and that the Coolidge School grounds be immediately put in condition for use.

Respectfully submitted,

NIELS H. LARSEN, *Chairman*
WILFRED A. NORRIS, *Clerk*
ARTHUR L. MORSE,
WILLIAM W. RUGG,
EDWARD F. WRIGHT.

REPORT OF TOWN COUNSEL

January 15, 1926.

*To the Honorable the Board of Selectmen,
Watertown, Mass.*

Gentlemen: In accordance with custom I submit herewith my report as Town Counsel for the year ending December 31, 1925. I was appointed Town Counsel on March 25, 1925, in place of Walter C. Stone, Esq., who resigned. I wish to acknowledge with thanks the assistance given me by Mr. Stone, particularly at the beginning of my duties.

Certain court cases in which the Town is a party require comment.

The cases against the Town in which the plaintiffs are Simpson Brothers Company, John A. Stone and Stella Ward, all in the Middlesex Superior Court and Mary E. O'Brien in the Suffolk Superior Court, are referred to in the report of the Town Counsel for 1924. No action has been taken in any of these cases since I took office except that I entered my appearance in each case for the Town. The cases brought by Dennis Donovan and George Elms in the Middlesex Superior Court which were referred to in the report of the Town Counsel for 1924 were tried before a jury on September 25, 1925. Verdict for Donovan was \$200 and for Elms, \$100. These cases were defended by J. Frank Scannell, Esq., on behalf of the insurance company who gave bond when the permit to open the street was issued.

Certain other cases which were either begun this year or were active this year require more extended comment.

Case No. 49626, Middlesex Superior Court, Perkins Institute *v.* Town. This is a complaint for refusal of the Assessors to abate a tax assessed for 1923 on three lots of land belonging to the Institute but lying outside the institution grounds. Complaint filed July 2, 1924. Hearings before the Commissioner, Robert D. Weston, Esq., were had while Mr. Stone was counsel on January 19 and 20, 1925. I argued the case before the

Commissioner on June 3, 1925. His report was filed in November and the case was argued before the Superior Court at East Cambridge on January 14, 1926. In the main the findings of the Commissioner were against the Town on the merits, though he found that the technical defense raised by the Town with respect to the assessment on one of the lots, to wit, that the petition for abatement was not filed in time, was good. The main question now to be decided is a question of law that goes to the merits of the case, that is that the institution is limited to \$2,000,000 of property and is holding more than \$4,000,000. My present intention is to go to the full bench on this question.

Case No. 2307 in Equity, Supreme Judicial Court for Middlesex County, *Town v. Herman Dana et al.* I filed this bill June 29, 1925, to enforce the Cross Street building line established June 15, 1925. Hearings before the master were had on July 3 and 6, and on July 8 a final decree was entered ordering the respondents to remove part of their new store at their expense, within 60 days. Respondents appealed to the full bench and the case was argued at the November Sitting. No decision as yet. Edwin C. Jenney, Esq., Samuel M. Child, Esq., and Dunbar, Nutter & McClennen for the respondents.

Case No. 825 Supreme Judicial Court for Middlesex County, *Herman Dana et al. v. Selectmen.* This was a petition for a writ of certiorari on the establishment of the Cross Street building line filed August 27, 1925. Final decree dismissing the petition was entered October 15. Petitioners excepted to the rulings of the single justice and these exceptions are pending, awaiting the decision in the previous case. Dunbar, Nutter & McClennen for petitioners.

Case No. 5583 in Equity, Middlesex Superior Court, Owen Keefe *et al. v. Selectmen, Town Clerk, Inspector of Buildings and Samuel Marshall.* This was a bill of complaint which arose out of the granting of a permit to erect a public garage at the corner of North Beacon and Irving Streets. Hearing at Boston, December 24, 1925. Hearing discharged. Robert J. White, Esq., for complainants. There was also an appeal to the State Fire Marshal on this permit and the newspapers report that the permit was denied on January 14, 1926.

Case No. 55385, Middlesex Superior Court, John T. Farry of

Medford v. Town. Tort for \$4,000, damages for injuries sustained by plaintiff due to an alleged defect in Watertown Street, opposite No. 232, near the Newton line. Case entered January 4, 1926. No further proceedings as yet. William Flaherty, Esq., for plaintiff.

Certain small cases for injuries due to alleged defective ways were settled during the year without court proceedings. Mrs. Mary Patrick, 35 Cross Street was injured on March 6, 1925, by falling over a surveyor's stake on Cross Street. Settled March 31 for \$50. In August, 1924, Mrs. Nora Cotter of Watertown was injured by falling on the sidewalk on Mt. Auburn Street in front of the Jenney Gasoline Station. It was alleged that a trench in the sidewalk had been back-filled in an improper and negligent manner. Case finally compromised for \$300. Mrs. Mary M. Fewry of Waltham was injured by stepping into a depression in Main Street on April 8, 1925, while alighting from a street car, near Merchants Row. Settled August 31 for \$75.

Numerous other claims have been made during the year for injuries to travelers on public ways because of alleged defects. So far no other suits have been brought and no cases settled. There was also a claim of the Lewis Shepard Co. plant off Walnut Street, damaged as the result of a bursting water main, early Sunday morning May 31, 1925. Settlement pending. No suit brought.

During the year I have had occasion to prepare and record numerous deeds from abutters rounding street corners. Such deeds have all been obtained without consideration. Authority to accept such conveyances is found in the by-laws. Considerable time was spent on the Betterment Streets. Many of the parcels affected were registered land and the requirements of the Land Court are somewhat technical, often requiring record in two places and in all cases a reference to the certificate number of the registered parcel affected. There were quite a few cases of drawing and recording easements for water, sewer and drainage in private ways, generally in connection with some real estate development, such as the Stearns Estate, Boyle Farm and Sunnybank Home, off School Street. It is important that such easements be acquired before any lots are sold as it is difficult to acquire such easements from scattered owners.

In such cases bonds are required from the developers conditioned to construct the streets according to the plans approved by the Selectmen acting as a Board of Survey, and these have been attended to in four or five cases. There have been several bonds obtained conditioned to indemnify the Town for the maintenance of business signs in public ways. I recall the Colonial Filling Station, the new Winchester Laundry building on Galen Street and one shop in the new Yerxa block on Mt. Auburn Street.

I had occasion to examine and report on three land court cases in which the Selectmen received notice because public ways were involved, and have also answered in nine cases in which the Town had been summoned as trustee. I have brought two suits in the Waltham District Court for collection of taxes on behalf of the Collector. These cases are still pending. I am somewhat at fault because they have not been prosecuted with more vigor. I find that it is usually a case of doing the thing which is the most pressing. I do not think the average person realizes the amount of time necessary to attend to the legal work of the Town.

The Chairmen of the Committees on the new Senior High School and the addition to the Coolidge School have consulted me on three occasions. The School Committee, Board of Health, Building Inspector and Public Welfare Department have also consulted me.

The new Zoning Law adopted by the Town on December 14, 1925, and approved by referendum on January 4, 1926, has raised some difficult questions in regard to existing buildings, with respect to stores under construction. This has required extended study of the law and the cases already decided.

I have had charge of drafting many votes for the town meetings, have attended all such meetings and nearly all the meetings of the Selectmen. In fact the greater part of my work has centered in the Selectmen's office.

When I took office we were confronted by the necessity of amending our regulations regarding motor busses, because the regulation then in force had been wiped out by statute. Considerable time was spent on this problem and finally a new regulation was adopted under which various permits have

been issued by the Selectmen. I have in mind the Boston & Worcester Street Railway and the Middlesex & Boston.

The taking of the site for the East Branch of the Public Library was prepared and recorded and a deed of release obtained and the money paid to the Suburban Realty Corporation soon after I took office. The land at the corner of Mt. Auburn and Arlington Streets has also been taken but only one owner has settled. The West End playground, off Main Street near the Junior High School, has not yet been taken. The papers have been ready for some months, but we are handicapped by lack of funds. Seventeen thousand dollars (\$17,000) was appropriated for this purpose. Two houses have been moved off the lot. One house remains. The funds remaining are about sufficient to offer as damages 125 per cent of the assessed value. This is the limit that the Town can pay by private conveyance, but no such limit applies to a taking. I recommend the appropriation of \$3,000 additional for this purpose, which would allow an assessment of 150 per cent of the assessed value. I feel very strongly that this is the least that the Town should offer in fairness to the various owners. May I say here that Joseph P. Keefe, Esq., and his assistant helped me in the examination of the titles to the playground, except the registered lots (about one-half the tract) which I did myself.

On the whole the work of my office this year has been very interesting and instructive, as it deals with a branch of the law that the lawyer in general practice rarely has occasion to consider.

It has been my aim to make this report both interesting and instructive, but fear that I have written too much.

I wish to take this opportunity to acknowledge with thanks the uniform and unfailing courtesy that I have received from all town officials with whom I have come in contact.

Respectfully submitted,

RODNEY G. PAGE,
Town Counsel.

REPORT OF THE CHIEF OF THE FIRE DEPARTMENT

Watertown, Mass.

To the Honorable Board of Selectmen.

Gentlemen: I herewith submit the following report for the Fire Department for the year ending December 31, 1925.

The total membership of the department is thirty-five (35) men classed as follows: One (1) permanent chief, two (2) permanent captains; two (2) permanent lieutenants; one (1) call captain, one (1) call lieutenant, one (1) mechanician, twenty-seven (27) permanent ladder and hosemen.

Alarms and Fires

The past year has shown a great reduction in fire losses. The number of alarms was seven (7) less than 1925. The department responded to a total of three hundred one (301) alarms for various causes; one hundred eighty-seven (187) were still alarms and one hundred fourteen (114) were bell alarms.

The largest individual loss was forty-four hundred forty dollars (\$4440) which is a very low loss considering our risks. The net uninsured loss was four hundred seventy dollars (\$470).

The department, as in previous years, has continued to make inspections in order to advise with property owners and prevent, if possible, increasing fire losses and also become more familiar with the construction and occupancy of buildings. Carelessness continues to be the cause of a number of fires. Some confusion has occurred from telephone calls due, no doubt, to the fact that Newton and Watertown calls are handled through the same exchange.

For this reason it is advisable to know the location of the nearest fire-alarm box and send all alarms this way as much valuable time is lost due to slow transmission of calls over the telephone.

	<i>Values</i>	<i>Losses</i>	<i>Insurance</i>	<i>Insurance Paid</i>
Buildings	\$721,540 00	\$14,837 00	\$614,000 00	\$14,612 00
Contents	381,400 00	5,982 16	328,600 00	5,737 16
Totals	\$1,102,940 00	\$20,819 16	\$942,600 00	\$20,349 16

I repeat my recommendations of last year, concerning the motor apparatus, as follows:

I believe at this time I should call your attention to the report of the surveys made by the engineers of the New England Insurance Exchange in 1915 and 1923, particularly their recommendations for additional fire protection showing in their judgment what was needed because of the rapid growth of the Town.

Among other items they recommend a ladder truck for the east end of the Town.

This has been recommended by me since 1915 but nothing has been done. The present and only ladder truck we have is now in its eleventh year of service and during the past year has shown actual signs of wear. Should we have a breakdown in this much used piece of apparatus we would certainly find ourselves badly handicapped and as a ladder truck is the most important piece of apparatus in a fire department it is not safe to depend on only one, especially when the one we have has been in service so long.

It must be realized that an order for a piece of apparatus placed in April means a delivery in September and judging from the growth of the Town the past three years and the condition of the present ladder truck as mentioned previously, I believe it unsafe to put off any longer the purchase of an additional ladder truck for this department.

Plans have been provided for an addition to the East End Station to house a ladder truck and additional men. This is important but pending this addition, the ladder truck could be housed at the Central Fire Station.

The Town has grown tremendously but the Fire Department has not grown in proportion and just as sure as we have increased alarms and losses, so will we have increased insurance rates.

No insurance will compensate for a possible loss of life. We should, therefore, do our utmost to protect the lives and property of our citizens and I urge upon the citizens of the Town the necessity of an appropriation for the purchase of a ladder truck at once.

Should I receive this additional piece of apparatus this year I will do my utmost to man it for the present at least with the number of men we now have.

The Locomobile Combination placed in service September 7, 1912, should be replaced at once by a combination pumping unit. This piece of apparatus was overhauled in the spring of 1925 at a cost of six hundred dollars (\$600) but the years of service and constant strain under which it has been operated tell their own story and I do not believe this piece of apparatus is now dependable to do the work required and should therefore be replaced.

I recommend that additional fire-alarm boxes be placed to protect the many new developments in Town.

It is desirable that the fire-alarm system be connected with the City of Waltham in order that we can enjoy the same mutual protection we now have with the City of Newton and the Town of Belmont. This is the best additional fire protection we can have at a relatively low cost.

The discipline of the department continues at the high standing of other years. The men continue to respond to all alarms while off duty and show a willingness at all times to render the best service possible. I wish to express my thanks and appreciation for their coöperation and the excellent service rendered.

In closing I desire to thank all who have in any way assisted the department in its work of preventing and extinguishing fire.

In behalf of the members of this department I desire to thank the Selectmen for their encouragement and assistance.

For a detailed report of the department expenses, refer to the Auditor's report.

Respectfully submitted,

JOHN W. O'HEARN,
Chief of Fire Department.

REPORT OF THE WIRE DEPARTMENT

Watertown, Mass., January 15, 1926.

To the Honorable Board of Selectmen.

Gentlemen: The report of the Inspector of Poles and Wires for the year ending December 31, 1925, is herewith submitted.

Wires were transferred and cross arms put up in Morse Street, Gilbert Street, Winter Street, Spring Street, Fayette Street, Waverley Avenue, Orchard Street, Edgecliffe Road, Nichols Avenue, Bigelow Avenue, Boylston Street and Bailey Road. Lines were repaired and slack wires pulled up on Bailey Road, Brigham Street, Arlington Street at the corner of Arsenal Street, Mt. Auburn Street between Hillside Road and Upland Road, between Melendy Avenue and Upland Road, at the corner of Mt. Auburn Street and Bigelow Avenue, Mt. Auburn Street near Arlington Street, at the corner of Arsenal Street and Irving Street, Boylston Street, Common Street, Orchard Street, Whites Avenue, Fayette Street, Jewett Street near Morse Street, Waltham Street, Stanley Avenue, Lexington Street, and to the underground at the corner of Taylor Street and Mt. Auburn Street. Repairs were made to a broken ground wire on Main Street in front of the police station, to the underground at the corner of Main Street and Cuba Street, to broken down cable in Galen Street and a broken post on Mt. Auburn Street. The breaks at Cuba and Main Streets and Mt. Auburn Street at the corner of Taylor Street, were the result of accidents and the cost of the repairs was paid by those responsible for the accidents.

A number of police and fire-alarm boxes were transferred and repaired and a number of tappers were also transferred to new locations. About a dozen vacuum lightning arresters were installed to protect the underground cable from lightning discharges. These arresters have proved well worth while, as we had no burn-outs from lightning this past year.

The wind storm of June 16 caused a great deal of trouble.

Poles on Arsenal Street and Jewett Street were broken and a tree was blown down at the corner of Fayette Street and Church Street, breaking telephone, electric light wires and fire-alarm wires. Three-phase wires on Cross Street were also blown down.

New Construction

In order to improve conditions at the traffic post on Mt. Auburn Street at the corner of Bigelow Avenue, a spotlight was installed. This spotlight has proved very beneficial to traffic, and a safeguard to the life of the traffic officer.

A new fire-alarm box was installed on Mt. Auburn Street at the corner of Arlington Street and new construction to the fire-alarm system was installed in Stearns Road.

Two new police circuits were built, changing the police circuits from three to five. Twenty-two old police boxes were remodelled and put back in place. The new police desk was installed and a new generator was set up in the battery room. All the wiring for these installations was done in conduit.

All fire-alarm and police boxes were duly inspected and tested during the year. I recommend retiring six more of the old fire-alarm boxes this year and installing modern boxes. This can be done at a cost of one hundred thirty-five dollars (\$135) a box; the Gamewell Company allowing the Town fifteen dollars (\$15) each for the old boxes.

Interior wiring is constantly on the increase. About fourteen thousand (14,000) inspections were made of interior wiring and over fifteen hundred (1500) permits to turn on current were issued to the Edison Company.

The Town has outgrown the present fire-alarm headquarters at the engine house. A fireproof house should be built and fitted with the proper equipment for the fire-alarm and police signal systems, in order to adequately safeguard life and property. This matter should be given immediate attention by the Town government. If the Town is to build such a house and the location should be on Main Street, when repairs are being made to the street, or resurfacing done (as I understand will be the case this spring) ducts should be laid on Main Street to connect with such a building, so that it would not be necessary to dig up the street again later.

If Main Street is to be widened between Galen Street and Mt. Auburn Street, expense to the Wire Department will be entailed on which I have not figured. It will be necessary for us to know surely about this work as the cable posts will have to be moved and extra cable added and the expense to the department figured, so that we may have sufficient funds to do the work. If Mt. Auburn Street is to be reconstructed, proper preparations should be made for laying ducts and test posts before the street is repaired. A portion of this work should be done right away between Bailey Road and School Street.

The street lights of the Town have received careful attention. The new lights ordered in by the Board of Selectmen were located by the superintendent of street lighting, in order to light the streets properly and satisfy the abutters. All notifications that street lights were not burning properly were promptly attended to and the Edison Electric Company notified immediately. All burned out and broken lamps were promptly replaced. The following is a list of the new street lighting requested and installed.

On June 20 one ten hundred (1000) candle-power lamp was shifted on North Beacon Street two hundred fifty (250) feet west from North Beacon Court to the corner of North Beacon

Street and Alfred Road. On December 8, the sixty (60) candle-power lamp on pole 98/41 on Mt. Auburn Street, was discontinued.

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

Watertown, Mass., December 31, 1925.

To the Selectmen of Watertown.

Gentlemen: The following report of the Sealer of Weights and Measures, for the year ending December 31, 1925, is respectfully submitted.

In compliance with Section 41, Chapter 98 of the General Laws of Massachusetts, requiring public notice, the customary notice was given by posting notices in the different sections of the Town. During the year the Sealer visited all places in the Town where goods were bought or sold, and tested and sealed all scales, weights and measures which were found to be correct, adjusted all that could be corrected, and condemned all found beyond repair and useless.

Edward J. Boyle was appointed a permanent patrolman on April 3, 1925.

Janitor Arnold E. Holmes on sick leave from June 16 to December 31, 1925.

Crime

One would obtain the opinion from the statistical tables included in this report that a material increase in crime had occurred during the past year. During the year 1925, the department made fourteen hundred thirty-eight (1438) arrests because of violations of various laws, this showing an increase of three hundred one (301) cases over 1924.

It is interesting to note that a portion of this growth is to be found in an increase of almost fifty per cent in arrests because of violation of liquor laws. The remainder of this increase is to be found among cases where infractions of automobile and traffic regulations have been the cause of arrests. The apparent increase in arrests has, therefore, been due to added interest and effort upon the part of the officers rather than any additional crime.

Surrounding cities and towns report an extension of crimes of the more serious nature while Watertown's record indicates a reduction in offenses of this type.

Liquor Laws

As above stated the number of arrests because of violation of the liquor laws during the past year showed a growth of some eighteen cases. While the number of arrests because of illegal sale has shown some additions, the major portion is to be found under illegal transportation.

The regard of the Town during the past several years in this respect has been unusually good, but its reputation can be maintained only by constant vigilance.

Unlike other violations of law, the regulations with regard to liquor are extremely difficult in that considerable time must be spent by the officers in obtaining actual evidence of unquestionable nature, and the securing of evidence of this nature usually requires the services of several officers. Work in connection with the enforcement of the liquor laws requires many hours of extra duty upon the part of the officers.

The department has continued to obtain the valuable

coöperation of the various civic organizations interested in the liquor problem.

Traffic

The importance of traffic control continues to grow with the number of cars on the highways and the improvements of streets. The most serious problem confronting the department is that of efficient traffic control.

During the past year five hundred ninety (590) arrests have been made because of violations of traffic laws, this representing an increase of two hundred thirty (230) over 1924 and three hundred eighty-three (383) over 1923.

With five motorcycles patrolling the highways, it is believed that ample protection against the speeder and careless driver is now afforded the residents of the Town. The efforts of the traffic officers toward careless and dangerous operation of motor cars has earned the community a reputation for strictness in the enforcement of the automobile regulations.

Rigid enforcement of speed laws should continue, but it is a questionable matter as to whether more motorcycle patrols would have any material effect toward reducing the unnecessary loss of lives as a result of automobile accidents. Unfortunately, accidents do happen while cars are being operated by careful and experienced drivers, and where speeding plays no part in the causation of the accident.

The number of cars on the road, in themselves, create accident hazards, and for this reason it is believed that the present system of traffic patrol should be further extended by the placement of traffic officers at dangerous crossings.

It is recommended, therefore, that five additional patrolmen be added to the force for the purpose of further control of this serious and increasing problem.

Signal Service

The new desk in connection with the police signal service has been placed in operation during the past year and has greatly facilitated the work of the department.

The desk is equipped with control mechanism for the signalling of officers by means of lights and horns, but because

of lack of appropriation this feature of the service has not been completed.

It is realized that the extension of this added feature of the system, if done at one time, would require considerable of an appropriation, and it is suggested that this work be done over a period of several years. Under the present conditions valuable time is often lost in locating officers in the event of an emergency arising, while with the signal light and horn system it is possible to make the work of the department more efficient because of this time saved.

With the installation of horns and lights so distributed on the different routes a maximum quality of service could be rendered.

The lights and horns can be so distributed that no matter where the officer may be he is either in sight of the signal light or within hearing distance of the horn, and if the officer on a certain route is wanted it is only necessary to flash the light on that particular route.

It is believed that, with the proper installation of this extension, it would be possible for the police headquarters to communicate with all officers on routes within a minute after the first signal is flashed.

Recommendations

The Ford sedan now used by the department in patrolling the outlying districts has been operated constantly during the past year, and is, at the present time, in need of extensive repairs. This machine has been operated practically twenty-four (24) hours a day, or thirty-four thousand six hundred seventy-two (34,672) miles during the year. The purchase of a more powerful and faster car is recommended.

It is recommended that the five (5) motorcycles at present in use in the department be turned in and replaced. This transfer could be made for seven hundred dollars (\$700).

It is recommended that a new gas hot-water heater be installed in the station. The heater at present in use was installed in 1906 and has deteriorated to such an extent that it is beyond any repair. The cost of replacement would be approximately two hundred thirty-one dollars (\$231).

It is recommended that new police signal boxes be installed at the following places:

- Corner Gilbert and Charles streets.
- Corner Warren and Lexington streets.
- Corner Springfield and Fitchburg streets.
- Corner Fairview and Bradford roads.
- Spruce Street near Lincoln Street.
- Coolidge Hill Road near factory.
- Corner Prentiss and Belmont streets.

This would necessitate an appropriation of twelve hundred twenty-five dollars (\$1225).

I recommend that an appropriation of thirty-two hundred thirty dollars (\$3230) be made for the purpose of installing horns and lights in connection with the new signal service system.

I recommend the appointment of five (5) additional men to the department.

Conduct of Officers

The general conduct and discipline in the department during the past year has been good, the members continuing to perform their duties in a faithful and satisfactory manner, their assistance and coöperation always being given cheerfully and promptly.

Conclusion

In conclusion I desire to thank the Honorable Board of Selectmen, the Justice of the Second District Court of Eastern Middlesex, the Associate Justices, the Clerk of said Court, the members of the Police Department, and all others who have in any way assisted in upholding the good name of the Town.

Respectfully submitted,

JOHN F. MILMORE,
Chief of Police.

REPORT OF THE HIGHWAY DEPARTMENT

To the Honorable Board of Selectmen.

Gentlemen: The following report, relating to work done and money expended for the year ending December 31, 1925, is respectfully submitted.

Harnden Avenue

A surface drain was laid in this street, necessary catch basins were installed, and every lot, vacant or otherwise, was connected with sewer, water and gas before the work of road building was started.

The construction is of what is known as gravel and oil, the gravel being supplied from our own pit on Pleasant Street.

Stoneleigh Road

It was necessary to rebuild Stoneleigh Road, as it was in a very bad condition, due principally to the fact that originally it had a clay foundation.

In the early spring, when the frost was coming out of the ground, this street was in a really dangerous and almost impassable condition, and called for immediate attention.

This department laid a drain the entire length of the street, as well as a stone drain along the north side. Sixteen inches of excavation were replaced with gravel and stone, and the work was finished by a thorough rolling, and the building of a tar and stone surfacing.

Bailey Road

Before rebuilding Bailey Road, it was required that a drain be laid from Mt. Auburn Street to Stoneleigh Road South and the necessary catch basins installed. This was done, and that section of the road which lies between the above mentioned streets was completed. It is hoped that the construction now ending at Stoneleigh Road South will be continued to Bellevue Road at an early date, and we will then have a first rate thoroughfare from Mt. Auburn Street to Common Street.

Bellevue Road

The work on Bellevue Road turned out to be considerably more costly than we had anticipated, but we have the satisfaction of knowing that the construction is first class in every respect, and we feel that time will but strengthen our conviction that the expenditure was fully justified.

Special attention was given to the drainage of this street. Surface drains were installed, and there was at least a foot of excavation which was filled with gravel and stone, the latter coming from our pit on Pleasant Street.

Columbia Street

The work on Columbia Street began at the Common Street end, and the road was graded and built to Barnard Avenue.

Curbing was installed on both sides of the street.

The widening of this street necessitated the removal of many trees.

A drain was laid, the requisite catch basins were installed, and the work was completed by the building of a six-inch tar macadam road.

Betterments 1925

In response to a petition of the abutters, Bridgham Avenue, Burnham Street, Chandler Street, Everett Avenue, Kimball Road, Robbins Road, Templeton Parkway and Wilson Avenue were built under the Betterment Act.

The drainage was first taken care of in the above mentioned streets. Needed catch basins were installed. After excavating to a depth of six inches below the final grade, the roller was used with good effect. Gravel was then applied, followed by a coat of oil on Everett Avenue, Robbins Road and Wilson Avenue.

On account of the heavy traffic on Kimball Road and Templeton Parkway, it was considered advisable to use trap rock and asphalt instead of gravel.

Due to the inclement weather the work of oiling Bridgham Avenue, Burnham and Chandler Streets was not finished this year, but will be completed as soon as weather conditions permit.

Sidewalks

The appropriation for sidewalk construction should be greatly increased. We should not lose sight of the fact that property owners bear one-half the expense of the building of new walks on public streets, and this money goes directly into the Town Treasury.

At the present time, we are carrying on our books one hundred twenty-four applications for new granolithic sidewalks left over from 1925.

Ashes and Papers

As the years go by, the collection and disposition of ashes and paper becomes an increasingly difficult problem due to the fact that places available for dumping are becoming fewer and fewer.

The lowlands are gradually being filled in and the time is not far distant when the town will no longer be able to take care of this work with the present equipment.

When the dumping places now in use are filled in, it will be necessary to provide motor trucks to haul ashes to the Bemis pit, as we are at present doing with waste paper.

If the citizens of the Town were more careful to keep waste paper separate from ashes, this department would find it easier to keep the dumping places in a more sightly condition, and consequently avoid complaints from those living near by.

Respectfully submitted,

REPORT OF THE TOWN ENGINEER

Watertown, Mass., December 31, 1926.

To the Honorable Board of Selectmen.

Gentlemen: The following account of work done by this Department for the year ending 1925 is hereby respectfully submitted.

Report

The Engineering Department consists of the following:

Wilbur F. Learned, Consulting Engineer;
Forrest J. Maynard, Town Engineer;
George N. Watson, Assistant Engineer;
Thomas V. Dwyer, Rodman.

This Department is appointed by the Selectmen and is directly under their supervision.

We are called upon to do work for every Department in Watertown, and the amount of engineering work required by a town of our population, has kept this small force unusually busy.

I am this year asking for additional help during part of the year when there is a rush of work, which is required to be done on short notice.

Assessors' Block System Plans

All plans used by the Assessors are made by this Department and require from three to four months' work of our entire force.

The work consists of changing all lines on the Assessors' Plans representing divisions of property, to correct locations as recorded by deeds, conveying, subdivision, or other changes taking place during the past year.

All buildings of any character constructed during the past year are located and plotted on the Assessors' plans.

The majority of the Block plans are drawn on a scale of forty (40) feet to an inch, and others on a scale of eighty (80) feet to an inch which is much too small a scale for accurate work. All of these plans are necessary and very useful to the

general public who are constantly calling at this office to see them, as well as all other Departments who are using Town plans. It is our aim to have all plans made on the forty (40) foot scale which is of convenient size and practical.

These original plans have been in constant use for thirty-three (33) years. They were drawn with great care and accuracy, and should have been mounted on rigid wooden frames to preserve their correct shape and form, instead of being rolled loose and set upon end at the convenient use of many who do not realize the need of great care to prevent wrinkling and cracking.

These sectional plans should be renewed by replotting the whole town from the original surveys, and the work on such plans commenced at once.

The cost of a complete set would be about ten thousand dollars (\$10,000) and would require between two and three years.

Rounded Corners

Many corners have been rounded and a twenty (20) foot radius used as the minimum of curvature, in a few cases a lesser radius has been used.

This part of our work is of great benefit in reducing accidents to the motoring public as well as the pedestrians. Watertown is much ahead of other towns and cities in this work, and wherever street improvements are contemplated, the owners of corner lots of land have cheerfully deeded to the town without expense the area required. In other cases, personal solicitation with the assistance of the Highway Department has succeeded in convincing the owner of the desirability of such improvement for public purposes.

FORREST J. MAYNARD,
Town Engineer.

Highways

Upon the following named streets, grades have been established, street lines defined, record plans drawn and descriptions written by this Department, and have been made public ways by the Board of Selectmen under the Betterment Act.

PERAMBULATION OF TOWN BOUNDARIES

Watertown, Mass., June 2, 1925.

Mr. A. H. Whitney,
Chairman, Board of Selectmen.

Gentlemen: The following is a report of the perambulation of the boundary line between the Town of Watertown and the City of Cambridge.

Report

Since the perambulation of the boundary line in 1920, the legislature, by enactment recorded in Chapter 181 of the Acts of 1922, established a boundary line parallel with the boundary line established by the Commissioners of the County of Middlesex, June 14, 1898, and extending to the westerly abutment of the Watertown Branch of the Fitchburg Division of the Boston and Maine Railroad, where a hole in a capstone marks an angle in the boundary line at this locality.

The drill hole referred to was found to be of slight depth and not sufficiently prominent.

The witness monument which formerly stood near the border of the Charles River on land belonging to the Commonwealth of Massachusetts, adjoining the Cambridge Cemetery has not been found and reset since the last perambulation on account of contemplated improvements at this locality by the Metropolitan District Commission, which have not been made.

All other monuments between the municipalities were found to be in good condition and position.

Respectfully submitted,

(Signed) WILBUR F. LEARNED,
Consulting Engineer.

**Report of the Perambulation of the Boundary Line between
the City of Cambridge and the Town of Watertown**

June, 1925.

*To the City Council of the City of Cambridge and the Selectmen
of the Town of Watertown.*

Gentlemen: The undersigned committee, duly appointed by the City Council of the City of Cambridge and the Selectmen of the Town of Watertown, to perambulate the boundary lines between said city and town, would respectfully report that they did, in June, 1925, examine the boundary lines dividing said city and town, and that they found monuments as described below, properly marked and standing in their proper positions.

Beginning at a stone bound on the boundary line between the Town of Watertown and the City of Cambridge, as established by an Act of the Legislature, Chapter 181, and approved March 24, 1922, said bound being six (6) inches below the surface of Belmont Street and three and twenty-six hundredths (3.26) feet southerly from a stone monument numbered 10, and ten and fifteen hundredths (10.15) feet northerly from a stone monument situated on the southerly line of Belmont Street; thence easterly parallel to and ten (10) feet distant northerly from the southerly line of Belmont Street and said line extended eleven hundred sixty-four and seventy-seven hundredths (1164.77) feet to a drill hole in the granite cap stone of the westerly abutment of the bridge over the Watertown Branch of the Fitchburg Railroad; thence southwesterly in the general direction of the bridge abutment eighty-nine (89) feet to a bolt in the cap stone on the southerly side of Mt. Auburn Street and marked "CW"; thence easterly along the southerly line of Mt. Auburn Street (as laid out and established by the County Commissioners on the thirteenth day of June, 1896) to a point in the old southerly line of Mt. Auburn Street; thence easterly along said line to a stone marked "CW 7-1829." Thence easterly in a straight line to a stone marked "CW 6-"; thence turning and running south ten (10) degrees, seventeen (17) minutes west four hundred forty-five and forty-nine hundredths (445.49) feet across land of Mt. Auburn Cemetery to a stone monument standing in said cemetery and marked

"CW-5 "; thence turning and running south eighty (80) degrees, ten (10) minutes east nineteen hundred seventy-eight and seventy-five hundredths (1978.75) feet to a stone marked "CW-4 " standing on the westerly side of Coolidge Avenue; thence turning and following the westerly side of said avenue, running in a general southerly direction to a stone monument marked "C.W.-3 "; thence south seventeen (17) degrees, ten (10) minutes east thirty-eight and fourteen hundredths (38.14) feet to a stone standing on the southerly side of Coolidge Avenue and marked "CW-2 "; thence running south eighteen (18) degrees, thirty (30) minutes east two hundred twenty-seven and eight hundredths (227.08) feet to a stone bound marked "CW-1"; thence in the same line to the division line between Cambridge and Boston, at the center of Charles River.

For and on behalf of the City Council of the City of Cambridge:

G. F. HOOKER for L. M. HASTINGS,
City Engineer of Cambridge.

JOHN H. HOLT, for E. J. DUNPHY,
Superintendent of Streets, Cambridge.

For and on behalf of the Selectmen of the Town of Watertown.

Consulting Engineer.

WILLIAM P. McGUIRE,
Town Clerk of Watertown.

PIERCE P. CONDON,
Superintendent of Streets, Watertown.

Watertown, Mass., June 4, 1925.

Mr. A. H. Whitney,
Chairman, Board of Selectmen.

Gentlemen: The following is a report of the perambulation of the boundary lines between the Town of Watertown and Belmont.

Report

Since the last perambulation of this boundary line in 1920, the legislature by enactment recorded in Chapter 181 of the Acts of 1922 established a boundary line parallel with the boundary line and tabulated by the Commissioners of the County of Middlesex June 14, 1898 in order that the walk on the south side of Belmont Street may be located within the Town of Watertown.

The location of the new boundary line being dependent on the old boundary line which is fixed by boundary stones, were found to be in good condition and correct in position.

Respectfully submitted,

(Signed) WILBUR F. LEARNED,
Consulting Engineer.

Perambulation of the Lines Between the Town of Belmont and the Town of Watertown

The undersigned officials of the Town of Watertown and of the Town of Belmont, duly authorized, met on the fourth day of June, 1925, and examined the stone bounds marking the boundary line between the Town of Belmont and the Town of Watertown, being described as follows, namely:

Commencing at a stone monument marked "WWB-13" where the lines of the towns of Watertown and Belmont and the City of Waltham meet, said bound standing in the woods on the estate now or formerly of Mrs. Thayer, south of the line of the Fitchburg Railroad about one hundred and fifty (150) feet and opposite a large culvert.

Thence running in a southerly direction to a stone monument marked "WB-12," standing on the north side of Holt Street,

a private street leading westerly from Lexington Street in Belmont.

Thence in the same direction and in the same straight line to a stone monument marked "WB-11" standing on the southerly side of Belmont Street, at a point known as "Four Corners," which is at the intersection of Lexington Street in Belmont with Belmont Street on line of land owned by George E. Brown in Watertown.

Thence running nearly east following the line of Belmont Street to a stone monument marked "WB-10" standing on the southerly side of Belmont Street, in front of land of Mr. P. Keenan or owners, and where the lines of Watertown, Belmont and the City of Cambridge meet.

We find all bounds in good condition and set in accordance with the above description.

Watertown, Mass., June 3, 1925.

Mr. A. H. Whitney,
Chairman, Board of Selectmen.

Gentlemen: The following is a report of the perambulation of the boundary line between the Town of Watertown and the City of Waltham.

Report

The witness monument on the border of the Charles River about three hundred twenty-five (325) feet below Farwell Street bridge situated in Waltham, we found to be leaning about eighteen (18) inches out of its true position.

The road stone situated on the south side of Pleasant Street was found to be broken off at the surface of the ground.

The road stone on the south side of Waltham Street was previously broken in resetting, and showing about one (1) foot above the surface of the ground.

All other stones marking the boundary line between Watertown and Waltham were found to be in correct location and position.

Respectfully submitted,

(Signed) WILBUR F. LEARNED,
Consulting Engineer.

Perambulation of the Watertown and Waltham Lines

On the third day of June, 1925, the undersigned officials of the Town of Watertown and the City of Waltham, duly authorized, met on the boundary line of the two municipalities and examined the same to establish the bound marks between the two municipalities.

The line begins at the corner of Newton, Waltham and Watertown, an unmarked point in the channel of the Charles River about three hundred twenty-five (325) feet below the Farwell Street bridge in Waltham; thence north forty-one (41) degrees, six (6) minutes, east about forty-five (45) feet to the Newton, Waltham and Watertown east witness mark, a granite monument marked "WW" situated about two and one-half ($2\frac{1}{2}$) feet from the northerly bank of the river; thence north forty-one (41) degrees, six (6) minutes east, ninety-three hundred fifty-three (9353) feet to the corner of Belmont, Waltham and Watertown, a granite monument situated four hundred (400) feet north of the junction of Dwight and Sycamore streets in Watertown.

Between the corners as above described, intermediate line bounds were found at the following points:

A roadstone on the southerly side of River Street, a line stone in the Governor Gore estate, one-half way between River and Grove streets, and roadstones as follows: On the northerly side of Grove Street, on the southerly side of Main Street, on the northerly side of "Hagar's Lane," on the northerly side of Warren Street and the westerly side of Sycamore Street.

Watertown, Mass., June 3, 1925.

Mr. A. H. Whitney,
Chairman, Board of Selectmen.

Gentlemen: The following is a report of the perambulation of the boundary line between the Town of Watertown and the City of Newton.

Report

Boundary stone No. 5 situated on the north side of Galen Street was found to be broken off just below the surface of the ground, as it existed at our previous perambulation in 1920.

It was then agreed by both committees present that the Town of Watertown set a new stone flush with the walk and that the expense be shared equally by both municipalities.

All other boundary stones were found to be in correct position and in good condition.

Respectfully submitted,

Consulting Engineer.

**Report on the Perambulation of Boundary Lines Between
the City of Newton and the Town of Watertown**

June 3, 1925.

*To the Board of Aldermen of the City of Newton and the Selectmen
of the Town of Watertown.*

Gentlemen: The undersigned committee, duly appointed by the Board of Aldermen of the City of Newton and the Selectmen of the Town of Watertown, to perambulate the boundary lines between said city and town, would respectfully report that they did on June 3, 1925, examine the boundary lines dividing said city and town, and they found monuments as described below, properly marked and standing in their proper positions.

First. Commencing at a point where the boundary lines of Watertown, Waltham and Newton meet in the center of the channel of the Charles River, said point having two witness monuments situated on the north and south banks of said river.

Second. Thence running easterly along said center line of channel to a point in range with stone monuments numbered 11, 12 and 13 to be hereinafter described.

Third. Thence extending in a southwesterly direction to a stone monument marked "WN-13" standing on the south side of the Charles River on land of the Commonwealth of Massachusetts.

Fourth. Thence extending in the same direction to a stone monument marked "WN-12" standing in the sidewalk on the northerly side of California Street in front of land of Eva M. Pierce.

Fifth. Thence extending in the same direction to a stone monument marked "WN-11" standing on the land of Roman Catholic Archbishop of Boston, a little easterly of house on said land and near Watertown Street.

(June 3. Stone found lowered to surface of ground.)

Sixth. Thence extending easterly to a stone monument marked "WN-10" standing near the easterly line of Watertown Street in front of land of John Cormier.

Seventh. Thence extending in the same direction to a stone monument marked "WN-9" standing on the westerly line of Fayette Street in front of land of Henry S. Smalley.

Eighth. Thence extending in the same direction to a stone

monument marked "WN-8" standing on the northerly line of Boyd Street opposite the land of John Corner and George Smith.

Ninth. Thence extending in the same direction to a stone monument marked "WN-7" standing on the easterly line of Park Street on land of estate of John Gleason.

Tenth. Thence extending in the same direction to a stone monument marked "WN-6" standing on the southerly line of Boyd Street opposite the house of the estate of J. Henry Bacon.

Eleventh. Thence extending in the same direction to a stone monument marked "WN-5" standing in the sidewalk on the westerly side of Galen Street in front of land of John T. Burns & Sons, Inc.

(Stone broken off and to be reset by Town of Watertown, and the expense to be equally divided between Newton and Watertown.)

Twelfth. Thence extending easterly to a stone monument marked "WN-4" standing in the cellar of a house facing Jefferson Street, said house being No. 51, owned by Hugh D. McDonald.

Thirteenth. Thence extending northerly to a stone monument marked "WN-3" standing in the sidewalk on the southerly side of William Street in front of the estate of Joseph M. Briggs.

Fourteenth. Thence extending in the same direction to a stone monument marked "WN-2" standing in the sidewalk on the southerly side of Maple Street in front of land belonging to Jonah G. Bridge.

Fifteenth. Thence extending in the same direction to a stone monument marked "WN-1" standing on the southerly side of Charles River on land belonging to Isabella M. Bridge.

Sixteenth. Thence extending in the same direction to the center line of the Charles River.

Seventeenth. Thence extending in an easterly direction over said center line of the Charles River to a point where the boundary lines of Newton, Boston and Watertown meet.

At the crossing of Bridge Street over the river, the appearance of the abutment shows the location of the line, extending

down the thread of the river, and upon said line at the easterly and westerly side of the bridge, cast-iron plates have been set marked " N " and " W " the exact line being marked by a vertical projection on each plate.

The stone witness monument marked " 1 " is about twelve inches above the surface; the ground having been filled around the monument on account of the regrading of the grounds caused by the location of the Metropolitan Sewer.

The stone monument marked " 4 " is situated in a bin in cellar of house owned by Hugh D. McDonald.

BOARD OF PUBLIC WELFARE

Watertown, Mass.

To the Board of Public Welfare.

Gentlemen: I herewith submit my report as Agent for the year ending December 31, 1925.

Mothers' Aid

The year opened with twenty-four families receiving this aid. Two of these have moved from Town and two new ones accepted. This has covered one hundred twenty-four individuals, the number of children in these families varying from two to seven, the aid given being from eight to twenty-two dollars per week, determined by the amount of family income.

We now have but one Mothers' Aid case out of Town, and that is in Waltham.

About ten children have begun to work during the year, thus adding to the family income, and enabling us to reduce the aid given; some mothers are now able to work, as all children have entered school, thus giving the mothers time to leave for a few hours.

For this we must thank the various business organizations and homes of the Town, who have so willingly responded to our appeal for work for these people.

We would also express our gratitude to all those who so generously gave at the holiday time, both baskets and rubbers, for all these things help out the family needs, which we are called upon to supply.

We should be glad to reduce our appropriation for this Department, but new cases are now waiting till they can conform to the requirements of the State before receiving this aid.

Nor should we forget that this is not all an expense, as the State reimburses the Town somewhat on all cases, and all on some cases.

Outside Aid

This aid is always more or less of a temporary nature, and therefore is most uncertain to estimate.

We have the past year assisted thirty-nine different families, containing each from two to twelve children. The number of individuals in all forms of aid being two hundred seventy-five.

There are twelve lone elderly people who have by this aid been able to sustain a home for themselves.

Twenty-eight children under sixteen years of age are being cared for at Town expense, by the State, relatives or in private families, at the rate of from three to five dollars per week. These are long cases with little hope for reimbursement.

There have been three cases in the State Infirmary, and there death has removed one of our long standing ones.

The funeral expenses have been paid by the Town for five individuals, but it is hoped to receive some reimbursement for same.

Eight people have received hospital care, either as a permanent home, or as emergency needs have required, all of which is done under the direction of the Town Physician. These are all the most expensive cases, but there is no one else to do for them, or as incurables, who need more care than can be given at our Town Home, they must be so placed.

By a recent decision of the Superior Court, we are now held responsible for several cases which we had thought to have lost settlement in this Town, and for this and other reasons we have had bills from thirteen cases living out of Town.

This makes our estimate at the outset of the year so much less possible to correctly meet our demands, and we feel that this department should be given a larger appropriation for the coming year.

Our gratitude here also should be expressed to our townspeople and business concerns for their generous assistance in giving employment when asked, or supplying baskets for the homes during the holiday times.

Soldiers' Relief

Aid has been rendered through this department to seventeen different individuals, eight of whom have received an order for cash monthly, and nine others for a period of long or short duration, have been given a weekly allowance. Death has here removed one of long standing, and two new cases have been added through the year, which will become permanent.

Here again, the question of settlement enters most largely, and we may be held responsible for people whom we have known to be away from Town for a long time. Hence our estimates cannot be accurately made at the beginning of the year.

Respectfully submitted,

ALICE L. PINKHAM,

Agent.

REPORT OF ALMSHOUSE DEPARTMENT

To the Honorable Board of Public Welfare.

Gentlemen: I respectfully submit the following report as keeper of the almshouse for the year ending December 31, 1925.

General conditions have remained practically the same as last year with a larger average number of inmates.

One inmate is confined to her bed all of the time, and another, the greater part of his time. Another inmate who was confined to his bed for a number of months was removed to the McCreight Sanitarium, and died at that institution.

There were ten inmates at the beginning of the year and nine at the close. The whole number of inmates has been sixteen: the largest number at one time, twelve; the smallest, eight; the average number, eleven. Four inmates went to work and three were removed to another place of support.

Practically all of the inmates are incapacitated from doing any manual labor.

The usual acreage was tilled, vegetables were supplied for the house and the surplus sold.

A considerable amount of limbs of trees and wood in the rough was supplied by the Tree Warden which was worked up into stove lengths and used in the house.

The roof of the shed on the south side was slated at a cost of \$240. Minor repairs were made to the steam boiler at a cost of \$90.10. The present boiler is thirty-six years old and of obsolete type; the entire brick work is in very bad shape, it is a case of patching every year at a considerable cost or the installing of a new boiler. A new boiler would pay for itself in a very short time; it would consume about one half of the coal that is now used and eliminate the expenditure of repairs now so often necessary. If no change is made the present brick work around the boiler would have to be rebuilt at a probable cost of about \$200. I would recommend the installing of a new boiler at a cost of about \$1,500.

Several rooms should be painted, including the women's

bathroom, the milk room should be sheathed; new curtains and new screens are needed; the front stairs should be put in proper shape and other minor repairs should be made.

I would also recommend that the almshouse and shed be given two coats of paint; that the necessary repairs be made in connection therewith and that the sum of \$800 be appropriated for the same.

The wants of all inmates who were sick were carefully attended to by the Town Physician.

I wish to thank Pequossette Aerie No. 1428, of the Fraternal Order of Eagles, for its kindness in the giving of the band concert by its band, also for the gifts it made to the inmates on that occasion.

I also appreciate the kindness and wish to thank Watertown Council No. 155, Knights of Columbus, for its gifts at Christmas; also to thank the visitors and friends who remembered the inmates during the holidays and at other times throughout the year.

In closing, I wish to thank your Honorable Board for your kind and courteous attention.

GEORGE H. WHITE,
Keeper of Almshouse.

REPORT OF TOWN PHYSICIAN

Watertown, Mass., January 28, 1926.

To the Honorable Board of Selectmen:

Gentlemen: The duties of Town Physician have increased somewhat during the year 1925, five hundred sixty-six (566) visits, consultations, etc., having been made. (Police station, almshouse, homes, at my office, etc.)

Thanking the Selectmen and heads of the various departments for their general support and kind co-operation, I remain,

Very respectfully,

M. J. KELLEY, M.D.,
Town Physician.

REPORT OF CATTLE INSPECTOR AND TOWN VETERINARIAN

Watertown, Mass., January 15, 1926.

To the Honorable Board of Selectmen.

I herewith submit my report as Cattle Inspector and Town Veterinarian for year ending December 31, 1925.

All cattle, sheep, swine, and fowl within the confines of Watertown have been examined by me for contagious diseases.

Also the sanitary conditions under which they are housed.

Eighteen suspected cases of rabies reported, and seven positive cases upon post mortem examination of brain.

Respectfully submitted,

J. F. HUMPHREVILLE, V.M.D.

REPORT OF THE TREE WARDEN

Watertown, Mass., January 15, 1926.

To the Citizens of Watertown:

The annual report of the Tree Warden is herewith submitted.

During the year 1925 forty-seven (47) trees were removed, twenty on petitions of abutters and twenty-seven which were dead or dangerous. One hundred and eight new trees were set out; sixty on petitions of abutters and forty-eight for replacement and new trees on town land.

All street trees were carefully gone over and where dangerous limbs were found they were removed and new growth was trimmed so as to give the trees a better shape. Some of the street trees are in bad shape from the cottony maple scale. The leaves began to fall early and many complaints were made by persons who noticed it. An increased appropriation will be necessary for 1926 so the trees may be sprayed at the proper time. The appropriation for 1925 was \$5,925. For detailed amounts and expenditures see Auditor's Report. An appropriation of \$6,650 will be needed for 1926.

Respectfully submitted,

VAN D. HORTON,
Tree Warden.

REPORT OF THE SUPERINTENDENT OF THE MOTH DEPARTMENT

Watertown, Mass., January 12, 1926.

The Honorable Board of Selectmen.

Gentlemen: The report of the Moth Department for the year ending December 31, 1925, is herewith submitted.

The work of suppressing gypsy and browntail moths was carried on in the usual manner during the past year. During the fall and winter months the egg clusters of the gypsy moth were painted and browntail nests burned. In the summer months the trees were sprayed. Spraying was also done for the white aphid. The work of destroying this pest must be continued this coming year. The cottony maple scale is also damaging the trees and they should be washed of this scale.

The fall webworm is a great menace to our trees and should be checked. Part of the appropriation for 1925 was expended in fighting this pest. An old pest which is returning in great strength is the tussock moth. This moth is infesting the silver maples.

The most vital task in the care of trees is the extermination of the pests which threaten to destroy them and the damage caused by the tree-destroying insects is generally underestimated.

The following is the estimate of the appropriation needed to carry on the work of the Moth Department for the year 1926.

Salary of Superintendent	\$1,000
Salary of Clerk	500
Gypsy and browntail moths	2,000
Fall webworm and other pests	2,000
Supplies and incidentals	500
	<hr/>
	\$6,000

Respectfully submitted,

JOHN C. FORD,
Superintendent of Moth Department.

REPORT OF PARK COMMISSIONERS

Watertown, Mass., January 15, 1926.

To the Citizens of Watertown, Mass.:

The Park Commission respectfully submits its report for the year ending December 31, 1925, as follows:

At the outset of the year the Town Meeting, in an economical frame of mind, left us facing the problem, "How to Meet Added Responsibility with Less Money." Therefore a detailed study of the situation was made, resulting in a program of economy and corner-cutting wherever possible.

Most of the work of the year has been done under the supervision of Mr. Arthur Mossman, successor to Mr. Van D. Horton, who resigned as superintendent early in the year. In general our several parks, deltas and tennis courts have been given much attention and care.

The baseball diamond in Saltonstall Park was filled in and graded off. The back stop was repaired and painted, as was also the fence on Whites Avenue. Most of the benches are in very bad condition; in fact beyond repair and will have to be replaced.

The trees in Saltonstall Park, as well as in some of the deltas and in Whitney Hill Park need trimming very much, while some should be taken down. This was one of the things we were obliged to omit on account of lack of funds.

The tennis courts at Winthrop Street were re-surfaced and a water service installed. The wire fence was repaired and new tape put down. These two courts have been in constant demand and have necessitated considerable attention and care.

Howe Park was cleaned up and bushes trimmed. This piece of property is of little value as a park, it seems to be popularly considered as a dumping ground for tin cans and as a goat pasture, despite our efforts to maintain it properly. We feel that the interests of the community would be best served by

selling this piece of property and applying the proceeds toward the development of the new West End playground.

Victory Field and the outside field have been in constant use for baseball, football, field hockey and skating. Ice hockey has developed into a very popular game and other towns and cities about us have gone far ahead of us in the development of the sport. Inasmuch as organized hockey cannot be developed without a regulation rink enclosure, we are making provision for same in our budget for the coming year. The proof of this contention lies in the popularity of the skating rink in the outside field. One of our greatest problems has been to prevent the hockey players from injuring or otherwise forcing little children from the ice. The ice was built up mainly for the purpose of providing a safe place for children to skate, and hockey, whether organized or not, if played by larger boys and men, should be kept entirely separate from the general skating area.

The inside field has had a great deal of wear the past year and will require considerable loam or filling to be reconditioned. The fence should also be moved back. The field is not only too small for baseball but for football as well. When kicking for the extra point after a touchdown, the ball very often goes over the fence. In regard to baseballs being knocked over the fence, so much has already been said that it has become an old story.

Under the present layout of the field there is no provision for track athletics, although we understand that the original plans of the development called for such. Therefore we propose to build an oval cinder track and are asking for an appropriation to do so.

The heating plant in the field house, under the grand stand, is very unsatisfactory. There is no adequate means of drying out football uniforms after being used on a wet day. As these athletic headquarters are becoming an all-year proposition, it is imperative that a real heating plant be installed. In view of this fact the spare room in the west end of the grandstand, now sealed up, should be re-opened, doors and windows put in and a steam heater installed. Along with this improvement, a public comfort station should be built in. There is ample

room and it will cost less if carried along with the other improvements, than if done at any other time.

In general the demands put upon this athletic group are so great that we cannot possibly meet them and maintain the property with our meagre funds. In other words, the public demands more than it is willing to pay for. Certain steps to preserve existing equipment and fixtures are immediately necessary and can be made possible only by the full allowance of that part of our budget which deals with the maintenance of Victory Field. The longer it is put off the more it will cost the Town.

The Park Department is trying to be of good service to the people of this town. To accomplish this it is necessary to provide pleasant places for recreation, such as our parks and deltas, and adequate facilities for sports, such as ball fields, tennis courts, etc. It is also very necessary in fairness to the taxpayers of the Town to protect the initial investments of the Town, which means proper care and maintenance of existing property and equipment. It is impossible to swing to either extreme and give good service. During the past year we have virtually adopted a course midway and for every dollar expended have tried to render a maximum amount of service to the Town.

Respectfully submitted,

ARTHUR L. MORSE, *Chairman*,
WINTHROP G. ROCKWELL, *Secretary*,
CARL E. WITHEE.

Article 26. To see if the Town will vote to adopt, amend, or otherwise change the Building Laws of the Town, in accordance with report submitted by the Committee on Revision of Building Laws, or take any action relating thereto.

Report of Committee on Revision of Building Laws.

The Committee recommend the following changes and

additions to the Building Laws of the Town of Watertown, date of September, 1911.

At the end of Section VIII, insert the following addition: "Excavation of cellars shall be inspected by the Building Inspector before foundations are started."

In Section IX, second paragraph, strike out the first sentence which reads as follows: "The sectional area of sills shall not be less than thirty-two inches, and of posts and girts not less than thirty-two inches," and in its place insert the following: "The sectional area of sills, posts and girts shall not be less than twenty-four (24) inches. This includes all piazza framing. Piazza first floor sills shall be supported by brick, concrete or iron piers."

At the end of Section XIII insert the following addition: "No overhanging clothes driers or reels shall be attached to any piazza column or post on dwelling houses hereafter erected."

At the end of Section XXXII, relating to Fire Stops, insert the following addition: "All buildings intended to be used as stores, if built in blocks of two or more, shall have brick or concrete fire-walls separating in the basement each store from the next adjoining store. Fire walls in basement to be not less than eight (8) inches thick. Partitions above shall be brick nogged from floor to under side of roof boarding."

At the end of Section XXV, which relates to Chimneys and Flues, insert the following: "All buildings hereafter erected in the Town of Watertown shall provide a suitable flue for gas stoves and gas water heaters."

"If entrance is to be made in a brick chimney, no automatic gas water heater may be connected with same flue as used for coal or oil burning purposes."

"Provided no brick chimney can be entered, a cast iron pipe or galvanized screw pipe line may be used if not less than three (3) inches internal diameter and extended through roof and fitted with rain canopy. A drip fitting shall be used on end of line and extended into cellar of not less than one and one-quarter ($1\frac{1}{4}$ "') inch pipe size with cap fitted on lower end."

"Akron pipe may be used at the discretion of the Building Inspector."

Amend Section 5 by adding the word "store" after the word "factory" in the first line as follows:

"Section V. No building to be used as a factory, store, or for the manufacture of explosives, or for chemicals or rendering works shall be erected, and no engine, dynamo, or boiler for motive power shall be set or erected, and no building to be used for a stable in which more than four horses are to be kept, shall be erected, altered or moved, without a permit from the Inspector of Buildings, countersigned by the Selectmen, and such permit shall not be granted until after a public hearing before the Selectmen, who shall give notice of such hearing by posting a written notice on the public bulletin boards in the town, and by mailing a copy of same to all the owners of the premises within five hundred feet of the proposed location of the building, addressed to their last known residence or place of business and by publishing the same in a newspaper published in the Town, or, if there be no such paper, in one published in the city of Boston.

Notice of hearings required under this section shall be sent by the Selectmen to the Board of Health."

Amend Section 6 by adding a new paragraph to read as follows:

Section VI. The Selectmen may, in their discretion, after a hearing as provided in the previous section, instruct the Inspector of Buildings not to issue the permit asked for at such hearing, and in such case no permit shall be issued.

"Any party aggrieved by an adverse decision of the Board of Selectmen, may appeal to the Superior Court for redress within ten (10) days thereafter."

Article 27. To hear the report of the Selectmen relative to the laying out of Bacon Street from Main Street to Pleasant Street, under the provisions of Chapters 82 and 80 of the General Laws, the latter providing for the assessment of betterments, and to see if the Town will vote to accept said street as and for a public highway, and will authorize the Selectmen to take by eminent domain, or acquire by purchase, any land necessary for said laying out, provide the sum or sums of money necessary to pay the cost or damages therefor, and

the cost of construction, direct how said money shall be raised, or take any action relating thereto.

Article 28. Article 3. To hear the report of the Town Officers as printed and to hear the report of any committee heretofore appointed, and act thereon.

Voted: That the reports of Town Officers as printed in the Town Report for the year 1924 be and they are hereby accepted.

Voted: That the sympathies of the Town Meeting Members be extended to Frank R. Shorey, Superintendent of Cemeteries, who is ill at the Phillips House, Massachusetts General Hospital.

Report of Committee on Ten-Room Addition to New Coolidge School, and on school in the northern part of the Town, presented.

Report of Committee to Consider the Advisability of a Ten-Room Addition to the New Coolidge School and of Building an Elementary School in the North Section of the Town

This committee was appointed by the moderator in conformity with a vote of the Town at a special town meeting held on December 22, 1924. The request for the consideration of these two buildings was made by the School Committee.

Your committee has combined with the School Committee and the Superintendent of Schools and has carefully studied the present and probable future requirements of school accommodations and has reached a conclusion in which all members of the committee agree.

The situation at the opening of the school year in September, 1925, will be that the new High School will be occupied and that in the old High School will be the classes of the East Junior High, this year largely housed in the Hosmer School where twelve classes are being taken care of in six rooms on a double shift program. Not less than four classes in the New Coolidge School will be on a double shift, and four classes will be in the Old Coolidge School, long since pronounced unfit for school use. There will be probably one or more rooms on double shift at the Marshall Spring School, all other schoolhouses occupied.

To relieve this situation requires nine or more rooms in September, 1925. The School Committee estimates the present rate of growth as six rooms per year, which is confirmed by the continued increase in the building of habitations in 1924 over 1923.

This last year permits were issued for single houses and tenements to provide for three hundred and sixty-five families. Population averages five to a family or one thousand eight hundred and twenty-five. The school population is about one-sixth of the total or three hundred four school children. Six rooms of forty-two children each will provide a maximum accommodation of two hundred fifty-two, leaving fifty-two unprovided for except such as will go to private schools.

A very considerable activity in the opening up of real

estate developments indicates a more rapid increase than estimated.

Your committee believes that every child is entitled to a seat in a suitable building and on full time. It considers the double shift unsatisfactory and a handicap to the child as well as a hardship on the parents. It believes that the Old Coolidge School should be abandoned for regular school purposes as soon as practical.

Your committee recommends that one hundred and eighty thousand dollars (\$180,000) be appropriated for the ten-room addition to the school hall on the New Coolidge School completing the twenty-room unit planned in anticipation at the time the first ten rooms were built in 1915. This will not cover furnishings estimated at ten thousand dollars (\$10,000), but not required until the building is completed. Should work be started at once it is doubtful if the school could be completed much more before the ending of the next school year, at which time the requirements would have grown to fifteen or more rooms.

It recommends that five thousand dollars (\$5,000) be appropriated for plans for a ten-room building and hall, eventually a part of a twenty-room unit to be located on a part of the eleven acres owned by the town now known as the Town Farm.

This location is equidistant from the Francis School unit and the Marshall Spring unit and in the center of an area rapidly filling with residences.

Consideration of the appropriating of money and time of starting construction your committee recommends be deferred to a later meeting.

Action taken in conjunction with Article 4.

Voted: That the sum of sixty thousand dollars (\$60,000) be and is hereby appropriated for the purpose of water construction.

Unanimously voted: That for the purpose of paying the cost of extension of water mains, as voted under Article 4, the Town Treasurer be and he is hereby authorized to borrow, under the direction of the Selectmen, the sum of sixty thousand dollars (\$60,000) and to issue the bonds or notes of the Town therefor, at such rate of interest as he, with the approval of the Selectmen, shall determine, payable in accordance with the provisions of Chapter 44 of the General Laws, and acts amendatory thereof, so that the whole loan shall be paid in not more than five (5) years, or at such earlier dates as the Treasurer and Selectmen may determine. Said bonds or notes shall bear the authenticating certificate of a bank or trust company to be selected by the Treasurer, or of the Commonwealth of Massachusetts, and interest and principal shall be due and payable at the Atlantic National Bank of Boston, Massachusetts.

Article 5. To see if the Town will vote to appropriate the necessary sum of money to pay that portion of the Town debt which matures on or previous to January 1, 1926, direct how the money shall be raised, or take any action relating thereto.

Action taken in conjunction with Article 4.

Voted: That the sum of one hundred seventy thousand dollars (\$170,000) be and the same is hereby appropriated for the purpose of paying that portion of the Town debt which matures prior to and on January 1, 1926, and that of this amount the sum of one hundred sixty-seven thousand, two hundred forty-four dollars and twenty-five cents (\$167,244.25) be paid from the tax levy for the year 1925, and the balance, two thousand seven hundred fifty-five dollars and seventy-five cents (\$2,755.75) be transferred to Town debt, to wit: seven hundred fifty-five dollars and seventy-five cents (\$755.75) from Barnard

Block Account and two thousand dollars (\$2,000) from Coker House Account.

Article 6. To see what method the Town will vote to adopt for the collection of taxes the ensuing year, and to fix the compensation of the Collector, or take any action relating thereto.

Voted: That the same method for the collection of taxes be and is hereby adopted as was pursued last year, and that interest be charged on all taxes not paid on or before November 1, 1925, interest to be charged from the fifteenth day of October, 1925, at the rates per annum as provided by Chapter 59, Section 57 of the General Laws of 1920, and acts in amendment thereof.

See Article 4 for Appropriations.

Article 7. To see if the Town will adopt a By-Law or By-Laws providing that the Collector of Taxes shall collect under his title of Town Collector, all accounts due the Town of Watertown, and define the powers and duties of the Collector of Taxes in relation to the collection of such accounts, under Chapter 16 of the acts of the year 1924, or take any action relating thereto.

Referred to a later Town Meeting.

Article 8. To see if the Town will appropriate a sum of money for the rent of the Grand Army Hall, care of the grounds around the Soldiers' Monument, and to defray the expenses of decorating the graves of deceased soldiers on the next Memorial Day, and authorize Isaac B. Patten, Post 81, G. A. R., to expend the same, direct how the same shall be raised, or take any action relating thereto.

Action taken in conjunction with Article 4.

See Schedule of Appropriations.

Article 9. To see if the Town will appropriate a sum of money to pay the cost of providing suitable headquarters for Watertown Post No. 99, American Legion, direct how the money shall be raised, or take any action relating thereto. (Request of Post No. 99, American Legion.)

Action taken in conjunction with Article 4.

Voted: That the sum of one thousand dollars (\$1,000) be and is hereby appropriated for the purpose of acquiring headquarters for the use of Watertown Post No. 99, American Legion.

Action taken in conjunction with Article 4.

Unanimously voted: That the sum of one hundred thousand dollars (\$100,000) be and is hereby appropriated for paying the cost of the original furnishing and equipment of the new Senior High School, and for the purpose of providing the said sum of one hundred thousand dollars (\$100,000), the sum of ten thousand dollars (\$10,000) be assessed on the polls and estates for the current year, and the Town Treasurer be and he is hereby authorized to borrow, under the direction of the Selectmen, the sum of ninety thousand dollars (\$90,000), and to issue the bonds or notes of the Town therefor, at such rate of interest as he, with the approval of the Selectmen, shall determine, payable in accordance with the provisions of Chapter 44 of the General Laws and acts amendatory thereof, so that the whole amount shall be paid in not more than twenty (20) years, or at such earlier dates as the Treasurer and Selectmen may determine. Said bonds or notes shall bear the authenticating certificate of a bank or trust company to be selected by the Treasurer, or of the Commonwealth of Massachusetts, and interest and principal shall be due and payable at the Atlantic National Bank of Boston, Massachusetts.

Article 12. To see if the Town will appropriate the necessary

sum of money to pay the cost of construction of an addition to the new Coolidge School, direct how the money shall be provided, or take any action relating thereto. (Committee on Addition to new Coolidge School.)

Action taken in conjunction with Article 4.

Unanimously voted: That the sum of one hundred eighty thousand dollars (\$180,000) be and the same is hereby appropriated for the purpose of paying the cost of construction of an addition to the new Coolidge School, which addition increases the floor space of the building, and for the purpose of providing the said sum of one hundred eighty thousand dollars (\$180,000) the sum of ten thousand dollars (\$10,000) shall be assessed upon the polls and estates for the current year, and the Town Treasurer be and he is hereby authorized to borrow, under the direction of the Selectmen the sum of one hundred seventy thousand dollars (\$170,000), and to issue the bonds or notes of the Town therefor, at such rate of interest as he, with the approval of the Selectmen, shall determine, payable in accordance with the provisions of Chapter 44 of the General Laws and acts amendatory thereof, so that the whole amount shall be paid in not more than fifteen (15) years, or at such earlier dates as the Treasurer and Selectmen may determine. Said bonds or notes shall bear upon their face the words, "New Coolidge School Loan." Said bonds or notes shall bear the authenticating certificate of a bank or trust company to be selected by the Treasurer, or of the Commonwealth of Massachusetts, and interest and principal shall be due and payable at the Atlantic National Bank of Boston, Massachusetts.

Article 13. To see if the Town will authorize and direct the Selectmen for and in the name and behalf of the Town to take by eminent domain, purchase, or otherwise acquire, for school or other public purposes, the land between the new Coolidge School on Arlington Street and Mt. Auburn Street, containing approximately 54,193 feet of land or any portion thereof, appropriate the necessary sum of money to pay the cost or damages therefor, direct how the same shall be raised, or take any action relating thereto. (Request of East End School Land Committee.)

Action taken in conjunction with Article 4.

Voted: That the Selectmen be and they are hereby authorized and empowered in the name and behalf of the Town, to purchase, or take by eminent domain, for public purposes, certain parcels of land situate in the eastern part of the Town, and bounded and described as follows, to wit:

Southerly by Mt. Auburn Street, westerly by Arlington Street, northerly by land of the Town of Watertown, and easterly by land of Elizabeth Higgins, Michael Renaccio and Annetta Karajian, and containing 54,193 square feet of land, more or less.

And for the purpose of paying for said parcels, the sum of twelve thousand dollars (\$12,000) be and is hereby appropriated.

Voted: That for the purpose of providing the money appropriated under Article 13, the sum of twelve thousand dollars (\$12,000) is hereby transferred from the Soldiers' Surplus War Bonus Account.

Article 14. To see if the Town will appropriate the necessary sum of money for the purpose of paying the cost of construction of an elementary school building, to be located in the northern part of the Town, direct how the money shall be provided, or take any action relating thereto. (Request of Committee on School in the northern part of the Town.)

Action taken in conjunction with Article 4.

Voted: That the sum of five thousand dollars (\$5,000) be and the same is hereby appropriated for the purpose of paying the cost of plans of an elementary school building to be located in the northern part of the Town, and that for the purpose of providing the said sum of five thousand dollars (\$5,000), the sum of one thousand nine hundred forty-two dollars and fifty-five cents (\$1,942.55) be assessed upon the polls and estates for the current year; and the balance, three thousand fifty-seven dollars and forty-five cents (\$3,057.45), be provided by transfers from new Senior High School site, seven hundred seventy-three dollars and eighty-nine cents (\$773.89); West End School, one thousand nine hundred twenty-three dollars and fifty-six cents (\$1,923.56); and West End School land, three hundred sixty dollars (\$360).

Article 15. To see if the Town will appropriate the amount of money necessary to pay the cost of printing volume five of the

old Town records, direct how the money shall be provided, or take any action relating thereto. (Request of Watertown Historical Society.)

Action taken in conjunction with Article 4.

Voted: That the sum of forty-five hundred dollars (\$4,500) be and is hereby appropriated for the purpose of printing volume five of the old Town Records, said work to be done under the direction of the Town Clerk.

Article 16. To see if the Town will authorize and direct the Selectmen, for and in the name and behalf of the Town, to take by eminent domain, purchase, or otherwise acquire, a parcel of land in the eastern part of the town, for the purpose of erecting thereon a building for a branch library, appropriate the necessary money therefor, direct how the money shall be raised, or take any action relating thereto. (Request of East End Library Committee.)

Action taken in conjunction with Article 4.

Voted: That the Selectmen be and they hereby are authorized and instructed, in the name and behalf of the Town, to take by eminent domain, acquire by purchase, or otherwise acquire, for the purpose of a site for a branch of the free public library in the eastern part of the town, two lots of land, situate on the southerly side of Mt. Auburn Street, being Lots No. 3 and No. 4 on plan of Fossland, containing twelve thousand two hundred thirty (12,230) square feet of land, more or less, and together bounded northerly by Mt. Auburn Street, one hundred ten and five hundredths (110.05) feet, westerly, by Lot No. 5 on said plan, one hundred thirty-five and five hundredths (135.05) feet, southerly by Lot No. 10, forty (40) feet, and by Lot No. 9, fifty (50) feet, and easterly by Lot No. 2, one hundred eight (108) feet, be any and all said measurements, more or less.

And for the purpose of paying the cost of such taking or acquisition, the sum of thirty-one hundred dollars (\$3,100) be and the same is hereby appropriated, said sum to be assessed on the polls and estates for the current year.

Article 17. To see if the Town will authorize the Committee on Branch Library in the eastern part of the Town to procure plans for the construction of a branch library to be located in the eastern part of the Town, appropriate the necessary

money to pay the cost of the same, direct how the money shall be raised, or take any action relating thereto. (Request of East End Library Committee.)

Action taken in conjunction with Article 4.

Voted: That the sum of three hundred dollars (\$300) be and the same is hereby appropriated for the purpose of paying the cost of plans for a branch library to be located in the eastern part of the Town, and for the purpose of providing the said sum of three hundred dollars (\$300), the sum of one hundred thirty-seven dollars and seventeen cents (\$137.17) be assessed upon the polls and estates for the current year, and the balance, one hundred sixty-two dollars and eighty-three cents (\$162.83) be provided by transfer from Surplus War Bonus Account.

Article 18. To see if the Town will appoint a committee to consider what action the Town should take to protect and preserve the old Arlington Street Cemetery. (Request of Watertown Historical Society.)

Voted: That the Moderator appoint a committee of seven to investigate the subject matter of Article 18, and report at a later Town Meeting.

On May 20, 1925, Moderator Fred E. Crawford appointed the following Committee: George S. Wright, 68 Garfield Street; Charles F. Mason, 37 Stoneleigh Road; Sarah V. Keene, 40 Fayette Street; Edward C. Hall, 65 Mt. Auburn Street; Annie E. Davenport, 14 Summit Road; Wilfred A. Norris, 35 Coolidge Hill Road; Rodney G. Page, 109 Langdon Avenue.

Article 19. To see if the Town will authorize and instruct the Board of Selectmen to petition the General Court for an act of legislation enabling the Town of Watertown to place its Building Inspector under the civil service rules and regulations, or take any action relating thereto.

Voted: That the Selectmen be and they hereby are authorized to petition the General Court for such legislation as may be necessary to enable the Town of Watertown to place its Building Inspector under the civil service rules and regulations.

Article 20. To see if the Town will appropriate the sum of three thousand dollars (\$3,000) to construct a fireproof

vault to be located in the basement of the Town Hall, direct how the money shall be provided, or take any action relating thereto.

Action taken in conjunction with Article 4.

See Schedule of Appropriations.

Article 21. To see if the Town will vote to authorize and instruct the Selectmen to lay out, relocate or alter Spring Street, a public way, from Main Street to the tracks of the Boston and Maine Railroad, appropriate the necessary sum of money to pay the cost or land damages therefor, direct how the same shall be raised, or take any action relating thereto.

No action. Referred to a later Town Meeting.

Article 22. To see if the Town will instruct and authorize the Selectmen to lay out, relocate or alter Orchard Street, a public way, from the junction of Common Street and Orchard Street, to Belmont Street, in accordance with the present building lines, appropriate the necessary money to pay the cost or land damages, if any, direct how the same shall be raised, or take any action relating thereto. (Petition of Fred W. MacFarland and others.)

No action. Referred to a later Town Meeting.

Article 23. (Request of Committee on Land for Cemetery Purposes.)

No action. Referred to a later Town Meeting.

Article 24. To see if the Town will vote to authorize and instruct the Selectmen to take in the name and behalf of the Town by eminent domain, purchase or otherwise acquire, a parcel of land, including rights of way, near or adjoining the Marshall Spring School, to be used for a public playground, school or other public purposes, appropriate the necessary

sum of money therefor, direct how the same shall be raised, or take any action relating thereto. (Request of West Watertown Playground Committee.)

Action taken in conjunction with Article 4.

Unanimously voted: That the Selectmen be and they are hereby authorized and empowered, in the name and behalf of the Town to purchase, or take by eminent domain, or otherwise acquire, as a public playground, several parcels of land lying in the westerly part of the Town and bounded as follows:

Northerly by Bemis Street, westerly by Westminster Avenue, southerly by land of Blanche R. Jolly, easterly by land of Scott Tea Company, southerly again by said land of Scott Tea Company, westerly by said land of Scott Tea Company, southeasterly by land of the City of Cambridge, easterly by land of Warren, Perry and Moody, Trustees, and by land of Constantino Mastrodicasa, easterly again by land of Vincent De Benedictus and Tekla Sutherland, containing two hundred nine thousand, one hundred eighteen (209,118) square feet of land, more or less, together with any and all rights of way in that portion of Linden Street and Admiral Street, included in the above described parcels, all as shown on a plan entitled, "Plan Showing Possible Site for Proposed Playground, as Suggested by the West Watertown Improvement Association," dated June 5, 1923, Forrest J. Maynard, Town Engineer, the original of which is on file in the office of the Town Clerk.

Reference is hereby made to said plan for a more detailed description of said lots.

And for the purpose of paying the cost of acquiring said land, the sum of seventeen thousand dollars (\$17,000) be and the same is hereby appropriated, and the Town Treasurer be and he is hereby authorized to borrow, under the direction of the Selectmen, the said sum of seventeen thousand dollars (\$17,000), and to issue the bonds or notes of the Town therefor, at such rate of interest as he, with the approval of the Selectmen, shall determine, payable in accordance with the provisions of Chapter 44 of the General Laws and acts amendatory thereof, so that the whole amount shall be paid in not more than fifteen (15) years, or at such earlier dates as the Treasurer and Selectmen may determine. Said bonds or notes shall bear the authen-

ticating certificate of a bank or trust company to be selected by the Treasurer, or of the Commonwealth of Massachusetts, and interest and principal shall be due and payable at the Atlantic National Bank of Boston, Massachusetts.

Article 25. To see if the Town will authorize the Selectmen to appoint two additional patrolmen in accordance with the provisions of Chapter 202 of the Acts of 1912, or take any action relating thereto.

Voted: That the Selectmen be and they are hereby authorized to appoint one additional patrolman, in accordance with the provisions of Chapter 202 of the Acts of 1912.

Article 26. To see if the Town will vote to adopt, amend, or otherwise change the Building Laws of the Town, in accordance with report submitted by the Committee on Revision of Building Laws, or take any action relating thereto.

Report of Committee on Revision of Building Laws.

The Committee recommend the following changes and additions to the Building Laws of the Town of Watertown, date of September, 1911.

At the end of Section VIII, insert the following addition: "Excavation of cellars shall be inspected by the Building Inspector before foundations are started."

In Section IX, second paragraph, strike out the first sentence which reads as follows: "The sectional area of sills shall not be less than thirty-two inches, and of posts and girts not less than thirty-two inches," and in its place insert the following: "The sectional area of sills, posts and girts shall not be less than twenty-four (24) inches. This includes all piazza framing. Piazza first floor sills shall be supported by brick, concrete or iron piers."

At the end of Section XIII, insert the following addition: "No overhanging clothes driers or reels shall be attached to any piazza column or post on dwelling houses hereafter erected."

At the end of Section XXXII, relating to Fire Stops, insert the following addition: "All buildings intended to be used as stores, if built in blocks of two or more, shall have brick or concrete fire walls separating in the basement each store from the next adjoining store. Fire walls in basement to be not

less than eight (8) inches thick. Partitions above shall be brick nogged from floor to under side of roof boarding."

At the end of Section XXV, which relates to Chimneys and Flues, insert the following: "All buildings hereafter erected in the Town of Watertown shall provide a suitable flue for gas stoves and gas water heaters."

"If entrance is to be made in a brick chimney, no automatic gas water heater may be connected with same flue as used for coal or oil burning purposes."

"Provided no brick chimney can be entered, a cast iron pipe or galvanized screw pipe line may be used if not less than three (3) inches internal diameter and extended through roof and fitted with rain canopy. A drip fitting shall be used on end of line and extended into cellar of not less than one and one-quarter ($1\frac{1}{4}$) inch pipe size with cap fitted on lower end."

"Akron pipe may be used at the discretion of the Building Inspector."

Amend Section 5 by adding the word "store" after the word "factory" in the first line as follows:

"Section V. No building to be used as a factory, store, or for the manufacture of explosives, or for chemicals or rendering works shall be erected, and no engine, dynamo, or boiler for motive power shall be set or erected, and no building to be used for a stable in which more than four horses are to be kept, shall be erected, altered or moved, without a permit from the Inspector of Buildings, countersigned by the Selectmen, and such permit shall not be granted until after a public hearing before the Selectmen, who shall give notice of such hearing by posting a written notice on the public bulletin boards in the Town, and by mailing a copy of same to all the owners of the premises within five hundred feet of the proposed location of the building, addressed to their last known residence or place of business and by publishing the same in a newspaper published in the Town, or, if there be no such paper, in one published in the City of Boston.

"Notice of hearings required under this section shall be sent by the Selectmen to the Board of Health."

Amend Section 6 by adding a new paragraph to read as follows:

"Section VI. The Selectmen may in their discretion, after a hearing as provided in the previous section, instruct the Inspector of Buildings not to issue the permit asked for at such hearing, and in such case no permit shall be issued.

"Any party aggrieved by an adverse decision of the Board of Selectmen, may appeal to the Superior Court for redress within ten (10) days thereafter."

Referred to a later Town Meeting.

Article 27. To hear the report of the Selectmen relative to the laying out of Bacon Street from Main Street to Pleasant Street, under the provisions of Chapters 82 and 80 of the General Laws, the latter providing for the assessment of betterments, and to see if the Town will vote to accept said street as and for a public highway, and will authorize the Selectmen to take by eminent domain, or acquire by purchase, any land necessary for said laying out, provide the sum or sums of money necessary to pay the cost or damages therefor, and the cost of construction, direct how said money shall be raised, or take any action relating thereto.

Voted: Not to accept the report of the Selectmen.

Article 28. To hear the report of the Selectmen relative to the laying out of the unaccepted portion of Bellevue Road, from Common Street to Lovell Road, under the provisions of Chapters 82 and 80 of the General Laws, the latter providing for the assessment of betterments, and to see if the Town will vote to accept said street as and for a public highway, and will authorize the Selectmen to take by eminent domain, or acquire by purchase, any land necessary for said laying out, provide the sum or sums of money necessary to pay the cost or damages therefor, and the cost of construction, direct how said money shall be raised, or take any action relating thereto.

Voted: Not to accept the report of the Selectmen.

Article 29. To hear the report of the Selectmen relative to the laying out of Bridgham Avenue from Burnham Street to private land, under the provisions of Chapters 82 and 80 of the General Laws, the latter providing for the assessment of betterments, and to see if the Town will vote to accept said street as and for a public highway, and will authorize the Selectmen to take by eminent domain, or acquire by purchase,

any land necessary for said laying out, provide the sum or sums of money necessary to pay the cost or damages therefor, and the cost of construction, direct how said money shall be raised, or take any action relating thereto.

Report of the Selectmen on the Layout of Bridgham Avenue

Selectmen's Office,
Watertown, Mass., February 20, 1925.

After due notice as required by the provisions of Chapter 82 of the General Laws, we, the Selectmen of Watertown, met on the seventh day of February A. D. 1925, at 10.45 a.m., for the purpose of viewing the premises, and on the twentieth day of February A. D. 1925, for the purpose of the public hearing of all parties interested, on a petition for the laying out of Bridgham Avenue as a public way, and we, the Selectmen, upon consideration of the matter, do hereby adjudge that public convenience and necessity require that Bridgham Avenue be laid out as and for a public way, in accordance with the following description, and as shown on a plan drawn by F. J. Maynard, Town Engineer, and dated February 2, 1925.

Description of Bridgham Avenue Extending Southerly from Burnham Street

Beginning at a stone bound in the southerly line of Burnham Street one hundred twenty (120) feet westerly from a stone bound which marks the intersection of the southerly line of Burnham Street and the Town line between Watertown and Belmont; thence extending southerly one hundred seventy-nine and thirty hundredths (179.30) feet to the division line between land of Annie McKenzie and land of Frederic C. Bridgham by two lots of said Annie McKenzie with frontages of one hundred nineteen and thirty hundredths (119.30) feet and sixty (60) feet respectively, thence turning and extending westerly by said division line between land of McKenzie and Bridgham thirty (30) feet to the westerly line of said Bridgham Avenue and land of Marie Morgan, thence turning and extending northerly by the westerly line of Bridgham Avenue one hundred eighty-eight (188) feet to the southerly line of Burnham Street

by land belonging to the following-named persons with corresponding frontages in order of lot ownership, namely,

Marie Morgan, forty-seven (47) feet, Hugh J. Menghi, forty-seven (47) feet, Mary A. Farren, wife of John W. Farren, forty-seven (47) feet, and Alexander Patterson and wife, Mary J. Patterson, forty-seven (47) feet, thence turning and extending southeasterly thirty-one and twenty-three hundredths (31.23) feet by the southerly line of Burnham Street to the point of beginning.

The area enclosed by the above description comprises the limits of Bridgham Avenue which is thirty (30) feet in width between parallel lines extending from Burnham Street to said land of Frederic C. Bridgham. Said street is hereby laid out and the grades thereof established as shown on a plan entitled "Town of Watertown, plan of parts of Chandler and Burnham Streets and Bridgham Avenue to accompany description for acceptance under the Betterment Act," dated February 2, 1925, on file in the office of the Town Engineer, a copy of which is to be duly recorded in the South Registry District of Middlesex County with this order.

And said Board having considered the question of damages sustained by the owners of the abutting land along which said street has been laid out hereby determines that no damages are sustained and none are awarded, and said Board hereby declares that all acts herein are done under the provisions of law authorizing the assessment of betterments.

And it is therefore ordered that Bridgham Avenue be and is hereby laid out as and for a public way, under the provisions of Chapter 82 of the General Laws, according to the above description, and having considered the question of damages sustained by the owners of the lands across and through which said street has been laid out as aforesaid, we hereby determine that no damages have been sustained and none are awarded and we further order and declare that said laying out is done under Chapter 80 of the General Laws providing for the assessment of betterments, and that the area comprising the several parcels described and set forth in the Schedule hereto annexed, will receive benefit or advantage other than the general advantage to the community from said laying out and that better-

ments are to be assessed for said laying out upon the parcels of land in said area described in said Schedule and as shown on a plan of said area drawn by Forrest J. Maynard, Town Engineer, dated February 2, 1925, and on file in the office of the Town Clerk of Watertown, and the amount set opposite each of said described parcels is the amount estimated to be the betterment that will be assessed upon said described parcel.

A. H. WHITNEY,
ERNEST K. INGALLS,
WILLIAM M. EMERSON,

Selectmen.

Schedule

In said Schedule each parcel of land is described as of the first day of April next preceding the date of this order. The persons named in said Schedule are the supposed owners of record as of said first day of April, and in case said owner's name is not correctly stated, it is to be understood that said parcel is owned by owners unknown.

And the number of the lot set opposite each parcel in said Schedule is the number of the lot shown on a plan on file in the office of the Assessors of the Town of Watertown.

Selectmen's Office,
Watertown, Mass., March 27, 1925.

Whereas, at a Town Meeting held by the Town of Watertown, regularly called and duly warned and held on the twenty-third day of March, A. D. 1925, at which meeting a quorum was present when Article 29 of the warrant was before the meeting as follows:

“ To hear the report of the Selectmen relative to the laying

out of Bridgham Avenue from Burnham Street to private land, under the provisions of Chapters 82 and 80 of the General Laws, the latter providing for the assessment of betterments, and to see if the Town will vote to accept said street as and for a public highway, and will authorize the Selectmen to take by eminent domain, or acquire by purchase, any land necessary for said laying out, provide the sum or sums of money necessary to pay the cost or damages therefor, and the cost of construction, direct how said money shall be raised, or take any action relating thereto."

An order of the Selectmen laying out Bridgham Avenue, and the report of the Selectmen with reference to said laying out were read to the meeting, and upon motion duly made and seconded it was voted unanimously as follows:

"That the laying out of Bridgham Avenue as a public way, as appears in the report of the Selectmen be and is hereby accepted, and the Selectmen are hereby authorized to take the land described in said report as and for a public way."

And whereas, for the purpose of laying out said Bridgham Avenue as and for a public way, it is necessary to acquire the several parcels of land which are included in the area described in said order of laying out as shown by a copy of said order recorded herewith and on a plan referred to in said order and on file in the office of the Town Clerk of Watertown. And the owners, description and areas of each of said parcels are as follows:

<i>Name</i>	<i>Lot No.</i>	<i>Sq. Ft.</i>
Annie McKenzie, 76 Lexington Street, Waverley.....	5-20-47-10	1820
Annie McKenzie, 76 Lexington Street, Waverley.....	5-20-49-9	900

Alexander Patterson <i>et ux</i> , Mary J. Patterson, 1 Bridgham Avenue, Watertown.....	5-20-46-1	675

And whereas, by said vote the Selectmen were duly authorized to take said land and an appropriation was made at said Town Meeting therefor.

Now therefore, it is ordered that the above described parcels of land, all contained within the area described in the said order of laying out, be and the same are hereby taken for the purposes of a public way under the provisions of law authorizing the assessment of betterments, and all according to the

plan referred to in said order of laying out, which said plan was duly filed in the office of the Town Clerk more than seven days prior to said Town Meeting.

And the owners and occupants of the land hereby taken and laid out as a public way are allowed until April 27, 1925, to take off and remove trees or structures affixed thereto.

And it is further ordered, upon the consideration of the question of damages sustained by the owners of the land hereby taken, that damages are estimated and awarded as follows:

<i>Name</i>	<i>Lot No.</i>	<i>Sq. Ft.</i>	<i>Damages</i>
Annie McKenzie, 76 Lexington Street, Waverley	5-20-47-10	1820	No damages
Annie McKenzie, 76 Lexington Street, Waverley	5-20-49-9	900	No damages

Adopted:

A. H. WHITNEY,
ERNEST K. INGALLS,
WILLIAM M. EMERSON,
Selectmen of Watertown.

For appropriation, see Schedule under Article 4.

Article 30. To hear the report of the Selectmen relative to the laying out of Burnham Street from Belmont Town Line to Chandler Street, under the provisions of Chapters 82 and 80 of the General Laws, the latter providing for the assessment of betterments, and to see if the Town will vote to accept said street as and for a public highway, and will authorize the Selectmen to take by eminent domain, or acquire by purchase, any land necessary for said laying out, provide the sum or sums of money necessary to pay the cost or damages therefor and the cost of construction, direct how said money shall be raised, or take any action relating thereto.

Report of the Selectmen on the Layout of Burnham Street

Selectmen's Office,

Watertown, Mass., February 20, 1925.

After due notice as required by the provisions of Chapter 82 of the General Laws, we, the Selectmen of Watertown, met

on the seventh day of February, A. D. 1925, at 10.35 a.m., for the purpose of viewing the premises, and on the twentieth day of February, A. D. 1925, for the purpose of the public hearing of all parties interested, on a petition for the laying out of Burnham Street as a public way, and we, the Selectmen, upon consideration of the matter, do hereby adjudge that public convenience and necessity require that Burnham Street be laid out as and for a public way, in accordance with the following description, and as shown on a plan drawn by F. J. Maynard, Town Engineer, and dated February 2, 1925.

**Description of That Part of Burnham Street
Situated in Watertown**

Beginning at a point marked by a stone bound at the intersection of the Town boundary line between Watertown and Belmont and the southerly line of Burnham Street, thence extending westerly about one hundred eighty-six and twenty-three hundredths (186.23) feet by land of the following named persons in regular order of lot ownership, with frontages as follows, namely,

Mary E. Connolly and Etta Cronin, fifteen (15) feet more or less, Forbes L. McKenzie, fifty-three (53) feet, Annie McKenzie, fifty-two (52) feet, Town of Watertown (Bridgham Avenue), thirty-one and twenty-three hundredths (31.23) feet, and Alexander Patterson and wife Mary J. Patterson thirty-five (35) feet more or less to a point of curvature; thence extending westerly by a curve to the right one hundred fifty-five and forty hundredths (155.40) feet in length, more or less, with a radius of four hundred five and forty-one hundredths (405.41) feet by land of said Patterson and wife with frontage of fifty-nine and forty hundredths (59.40) feet more or less and by land of the Town of Belmont with frontage of eighty and thirty-three hundredths (80.33) feet to a stone bound marking a point of compound curvature, thence extending northwesterly by a curve to the right sixty-five and forty hundredths (65.40) feet in length, having a radius of one hundred one and fifty-two hundredths (101.52) feet, to a point of tangency, by land belonging to the Town of Belmont having a frontage of twenty-five and thirty-six hundredths (25.36) feet and by land of

Salviano Vincenzo with frontage of forty and four hundredths (40.04) feet, thence extending northwesterly by a straight line ten and seventy-eight hundredths (10.78) feet more or less to a point of curvature by land of said Vincenzo comprising parts of two lots with frontages of five and ninety-six hundredths (5.96) feet and four and eighty-two hundredths (4.82) feet respectively, thence extending northerly and westerly by a curve to the left fifty-four and fifty-one hundredths (54.51) feet in length, with a radius of thirty-seven and thirty-three hundredths (37.33) feet to the southerly line of Chandler Street, at a point of tangency, by land belonging to said Vincenzo, thence turning and extending easterly by the southerly line of Chandler Street one hundred sixteen (116) feet more or less to a point of curvature, thence turning and extending southwesterly and southerly by a curve to the left sixty-two and eighty-three hundredths (62.83) feet in length, having a radius of forty (40) feet, by land of Annie McKenzie and Katherine Oakes to a point which forms a slight angle in the curvature of the southeasterly line of Burnham Street at this locality, thence extending southerly and southeasterly by a curve to the left forty-six and twelve hundredths (46.12) feet in length, having a radius of ninety-seven and fifty-two hundredths (97.52) feet, by land of said McKenzie and Oakes to a point of compound curvature, thence extending southeasterly by a curve to the left one hundred twenty-eight and sixty-six hundredths (128.66) feet in length, having a radius of three hundred sixty-five and forty-one hundredths (365.41) feet, by land of said McKenzie and Oakes, with frontages as follows: the first lot in part, forty-four and fifty-five hundredths (44.55) feet, the second lot, seventy-four and twelve hundredths (74.12) feet, the third lot in part, nine and ninety-nine hundredths (9.99) feet, to a point of tangency, thence extending easterly by a straight line one hundred forty-two and five hundredths (142.05) feet by land of said McKenzie and Oakes with frontage of sixty and one hundredth (60.01) feet, and land of George A. Betts and wife Ethel M. Betts, with frontages of fifty (50) feet and thirty-two and four hundredths (32.04) feet, to the said Town boundary line, thence extending southeasterly by said

boundary line and crossing Burnham Street diagonally sixty-one (61) feet more or less to the point of beginning.

The area enclosed by the above description comprises the limits of that part of Burnham Street situated in the Town of Watertown, which part is forty (40) feet wide between parallel lines, extending from Chandler Street to the Belmont line, except at the rounded corners adjoining Chandler Street.

Said street is hereby laid out and the grades thereof established as shown on a plan entitled "Town of Watertown, plan of parts of Chandler and Burnham streets and Bridgham Avenue to accompany description for acceptance under the Betterment Act" dated February 2, 1925, on file in the office of the Town Engineer, a copy of which is to be duly recorded in the South Registry District of Middlesex County with this order.

And said Board having considered the question of damages sustained by the owners of the abutting land along which the said street has been laid out, hereby determines that no damages are sustained and none are awarded, and said Board hereby declares that all acts herein are done under the provisions of law authorizing the assessment of betterments.

And it is therefore ordered that Burnham Street be and is hereby laid out as and for a public way, under the provisions of Chapter 82 of the General Laws, according to the above description, and having considered the question of damages sustained by the owners of the lands across and through which said street has been laid out as aforesaid, we hereby determine that no damages have been sustained and none are awarded, and we further order and declare that said laying out is done under Chapter 80 of the General Laws providing for the assessment of betterments, and that the area comprising the several parcels described and set forth in the schedule hereto annexed, will receive benefit or advantage other than the general advantage to the community from said laying out and that betterments are to be assessed for said laying out upon the parcels of land in said area described in said schedule and as shown on a plan of said area drawn by Forrest J. Maynard, Town Engineer, dated February 2, 1925, and on file in the office of the Town Clerk of Watertown, and the amount set opposite

each of said described parcels is the amount estimated to be the betterment that will be assessed upon said described parcel.

A. H. WHITNEY,
ERNEST K. INGALLS,
WILLIAM M. EMERSON,
Selectmen.

Schedule

In said schedule each parcel of land is described as of the first day of April next preceding the date of this order. The persons named in said schedule are the supposed owners of record as of said first day of April, and in case said owner's name is not correctly stated, it is to be understood that said parcel is owned by owners unknown.

And the number of the lot set opposite each parcel in said schedule is the number of the lot shown on a plan on file in the office of the Assessors of the Town of Watertown.

Selectmen's Office,

Watertown, Mass., March 27, 1925.

Whereas, at a Town Meeting held by the Town of Watertown, regularly called and duly warned and held on the twenty-third day of March, A. D. 1925, at which meeting a quorum was present when Article 30 of the warrant was before the meeting as follows:

"To hear the report of the Selectmen relative to the laying out of Burnham Street from Belmont town line to Chandler Street, under the provisions of Chapters 82 and 80 of the General Laws, the latter providing for the assessment of betterments, and to see if the Town will vote to accept said street as and for a public highway, and will authorize the Selectmen to take by eminent domain, or acquire by purchase, any land necessary for said laying out, provide the sum or sums of money necessary to pay the cost or damages therefor and the cost of construction, direct how said money shall be raised, or take any action relating thereto."

An order of the Selectmen laying out Burnham Street and the report of the Selectmen with reference to said laying out were read to the meeting, and upon motion duly made and seconded it was voted unanimously as follows:

"That the laying out of Burnham Street as a public way, as appears in the report of the Selectmen be and is hereby accepted, and the Selectmen are hereby authorized to take the land described in said report as and for a public way."

And whereas, for the purpose of laying out said Burnham Street as and for a public way, it is necessary to acquire the several parcels of land which are included in the area described in said order of laying out as shown by a copy of said order recorded herewith and on a plan referred to in said order and on file in the office of the Town Clerk of Watertown. And the owners, description and areas of each of said parcels are as follows:

Article 31. To hear the report of the Selectmen relative to the laying out of Chandler Street from Belmont town line to Sycamore Street, under the provisions of Chapters 82 and 80 of the General Laws, the latter providing for the assessment of betterments, and to see if the Town will vote to accept said street as and for a public highway, and will authorize the Selectmen to take by eminent domain, or acquire by purchase, any land necessary for said laying out, provide the sum or sums

of money necessary to pay the cost or damages therefor and the cost of construction, direct how said money shall be raised, or take any action relating thereto.

Report of the Selectmen on the Layout of Chandler Street

Selectmen's Office,
Watertown, Mass., February 20, 1925.

After due notice as required by the provisions of Chapter 82 of the General Laws, we, the Selectmen of Watertown, met on the seventh day of February, A. D. 1925, at 10.30 a.m., for the purpose of viewing the premises, and on the twentieth day of February, A. D. 1925, for the purpose of the public hearing of all parties interested, on a petition for the laying out of Chandler Street as a public way, and we, the Selectmen, upon consideration of the matter, do hereby adjudge that public convenience and necessity require that Chandler Street be laid out as and for a public way, in accordance with the following description, and as shown on a plan drawn by F. J. Maynard, Town Engineer, and dated February 2, 1925.

Description of Chandler Street Between Sycamore Street and the Belmont Line

Beginning at a point on the southerly line of Sycamore Street two hundred thirty-nine and nineteen hundredths (239.19) feet easterly from a stone bound established by the county commissioners, which marks a point of curvature on said southerly line of Sycamore Street, thence extending southerly ninety-four and sixty-four hundredths (94.64) feet to a point of curvature by land of Minas Arzoonian with frontage of ninety-three and thirty-one hundredths (93.31) feet and by land of Mary L. Toland with frontage of one and thirty-three hundredths (1.33) feet to said point of curvature, thence extending southeasterly by a curve to the left six and seventeen hundredths (6.17) feet in length and having a radius of ten (10) feet by land of said Toland to a point of tangency, thence extending southeasterly by a straight line one hundred fifty-one and six hundredths (151.06) feet to a point of tangency by land belonging to the following named

persons in regular order of lot ownership, with frontages as follows, namely: Mary L. Toland, seventy and thirty-five hundredths (70.35) feet, George A. Perkins, fifty (50) feet, and Forbes L. McKenzie, thirty and seventy-one hundredths (30.71) feet to the said point of curvature, thence extending southeasterly and easterly by a curve to the left thirty-nine and forty hundredths (39.40) feet in length, with a radius of forty (40) feet, to a point of tangency, by land of said McKenzie, thence extending easterly by a straight line which is the northerly line of Chandler Street at this locality, two hundred seventeen and ninety-eight hundredths (217.98) feet to the boundary line between Watertown and Belmont, by land of the following-named persons in regular order of lot ownership, with frontages as follows: Forbes L. McKenzie, forty-two and forty-eight hundredths (42.48) feet, Nina Martin, two lots, with frontages of one hundred (100) feet and fifty (50) feet respectively, and Perley J. Roberts and wife Rachel G. Roberts, twenty-five and fifty hundredths (25.50) feet to the said boundary line between Watertown and Belmont, thence extending southeasterly by said boundary line forty-one (41) feet more or less, thereby crossing Chandler Street diagonally, to a stone bound at the intersection of the southerly line of Chandler Street and the said Town boundary line, thence turning and extending southwesterly by the southerly line of Chandler Street two hundred twenty-six and seventy-five hundredths (226.75) feet by land of the following named persons in regular order of lot ownership with frontages as follows: Annie McKenzie, two lots, the first sixty-three and fifty-two hundredths (63.52) feet, the second forty-seven and twenty-three hundredths (47.23) feet, and Town of Watertown (Burnham Street) one hundred sixteen (116) feet, more or less, thereby crossing the northerly end of Burnham Street, to a point of curvature, thence extending westerly and northwesterly by a curve to the right seventy-eight and seventy hundredths (78.70) feet in length with a radius of eighty (80) feet, to a point of tangency, by land of Vincenzo Salviano, with frontages, first lot, forty (40) feet more or less, second lot, in part, thirty-nine (39) feet more or less, to the said point of tangency, thence extending northwesterly one hundred fifty-one and six hundredths (151.06) feet to a point

of curvature by a line parallel with the southwesterly line of Chandler Street (where the present width is thirty (30) feet more or less) by land of the following named persons in regular order of lot ownership, with corresponding frontages as follows: said Salviano, part of first lot, thirteen and six hundredths (13.06) feet more or less, two lots with frontages of forty-five (45) feet each, and part of last lot with frontage of thirty-eight (38) feet more or less, and Town of Watertown ten (10) feet to the said point of curvature within the limits of Chandler Street, thence extending northwesterly and northerly by a curve to the right thirty and eighty-six hundredths (30.86) feet in length, with a radius of fifty (50) feet by land within the limits of Chandler Street, to a point of curvature, thence extending northerly ninety-five and forty-nine hundredths (95.49) feet by land of the following named persons in regular order of lot location with frontages as follows: Joseph F. Malloy, one and twenty-nine hundredths (1.29) feet, and Mary Nixon, ninety-four and twenty hundredths (94.20) feet, to the southerly line of Sycamore Street, thence turning and extending easterly forty (40) feet by the said southerly line of Sycamore Street to the point of beginning.

The area enclosed by the above description comprises the limits of Chandler Street which is forty (40) feet wide between parallel lines, extending from Sycamore Street to the boundary line between the Towns of Watertown and Belmont. Said street is hereby laid out and the grades thereof established as shown on a plan entitled "Town of Watertown plan of Chandler and Burnham Streets and Bridgham Avenue to accompany description for acceptance under the Betterment Act" dated February 2, 1925, on file in the office of the Town Engineer, a copy of which is to be duly recorded in the South Registry District of Middlesex County with this order.

And said Board having considered the question of damages sustained by the owners of the abutting land along which the said street has been laid out, hereby determines that no damages are sustained and none are awarded, and said Board hereby declares that all acts herein are done under the provisions of law authorizing the assessment of betterments.

And it is therefore ordered that Chandler Street be and is

hereby laid out as and for a public way, under the provisions of Chapter 82 of the General Laws, according to the above description, and having considered the question of damages sustained by the owners of the lands across and through which said street has been laid out as aforesaid, we hereby determine that no damages have been sustained and none are awarded, and we further order and declare that said laying out is done under Chapter 80 of the General Laws providing for the assessment of betterments, and that the area comprising the several parcels described and set forth in the Schedule hereto annexed, will receive benefit or advantage other than the general advantage to the community from said laying out and that betterments are to be assessed for said laying out upon the parcels of land in said area described in said schedule and as shown on a plan of said area drawn by Forrest J. Maynard, Town Engineer, dated February 2, 1925, and on file in the office of the Town Clerk of Watertown, and the amount set opposite each of said described parcels is the amount estimated to be the betterment that will be assessed upon said described parcel.

A. H. WHITNEY,
ERNEST K. INGALLS,
WILLIAM M. EMERSON,
Selectmen.

Schedule

In said schedule each parcel of land is described as of the first day of April next preceding the date of this order. The persons named in said schedule are the supposed owners of record as of said first day of April, and in case said owner's name is not correctly stated, it is to be understood that said parcel is owned by owners unknown.

And the number of the lot set opposite each parcel in said schedule is the number of the lot shown on a plan on file in the office of the Assessors of the Town of Watertown.

Selectmen's Office

Watertown, Mass., March 27, 1925.

Whereas, at a Town Meeting held by the Town of Watertown, regularly called and duly warned and held on the twenty-third day of March, A. D. 1925, at which meeting a quorum was present when Article 31 of the warrant was before the meeting as follows:

"To hear the report of the Selectmen relative to the laying out of Chandler Street from Belmont town line to Sycamore Street, under the provisions of Chapters 82 and 80 of the General Laws, the latter providing for the assessment of betterments, and to see if the Town will vote to accept said street as and for a public highway, and will authorize the Selectmen to take by eminent domain, or acquire by purchase, any land necessary for said laying out, provide the sum or sums of money necessary to pay the cost or damages therefor, and the cost of construction, direct how said money shall be raised, or take any action relating thereto."

An order of the Selectmen laying out Chandler Street and the report of the Selectmen with reference to said laying out were read to the meeting, and upon motion duly made and seconded it was voted unanimously as follows:

"That the laying out of Chandler Street as a public way,

as appears in the report of the Selectmen be and is hereby accepted, and the Selectmen are hereby authorized to take the land described in said report as and for a public way."

And whereas, for the purpose of laying out said Chandler Street as and for a public way, it is necessary to acquire the several parcels of land which are included in the area described in said order of laying out as shown by a copy of said order recorded herewith and on a plan referred to in said order and on file in the office of the Town Clerk of Watertown. And the owners, description and areas of each of said parcels are as follows:

To hear the report of the Selectmen relative to the laying out of Everett Avenue from Palfrey Street to Palfrey Street, under the provisions of Chapters 82 and 80 of the General Laws, the latter providing for the assessment of betterments, and to see if the Town will vote to accept said street as and for a public highway, and will authorize the Selectmen to take by eminent domain, or acquire by purchase, any land necessary for said laying out, provide the sum or sums of money necessary to pay the cost or damages therefor and the cost of construction, direct how said money shall be raised, or take any action relating thereto.

Report of the Selectmen on the Layout of Everett Avenue

Selectmen's Office

Watertown, Mass., February 20, 1925.

After due notice as required by the provisions of Chapter 82 of the General Laws, we, the Selectmen of Watertown, met on the seventh day of February, A. D. 1925, at 11 a.m., for the purpose of viewing the premises, and on the eighteenth day of February, A. D. 1925, for the purpose of the public

hearing of all parties interested, on a petition for the laying out of Everett Avenue as a public way, and we, the Selectmen, upon consideration of the matter, do hereby adjudge that public convenience and necessity require that Everett Avenue be laid out as and for a public way, in accordance with the following description, and as shown on a plan drawn by F. J. Maynard, Town Engineer, and dated February 14, 1925.

Description of Part of Everett Avenue

Beginning at a point on the northeasterly line of Palfrey Street which is a point of curvature and is situated seventy (70) feet southeasterly from a stone bound which marks the point of intersection of the division line between lots numbered thirty-four and thirty-five and the easterly line of Palfrey Street, as shown on a plan entitled "Plan of house lots Watertown Highlands, Watertown, Mass." belonging to Fred E. Everett, dated May 11, 1892, drawn by William T. Pierce, engineer and surveyor, and on file in the office of the Town Engineer, thence extending southeasterly and northeasterly by a curve to the left thirty-one and thirty-two hundredths (31.32) feet in length drawn with a radius of fifteen (15) feet, by land belonging to Simone Zani and wife Marietta to a point of compound curvature, thence extending northeasterly by a curve to the right two hundred three and forty-four hundredths (203.44) feet in length to a point of tangency, having a radius of one hundred sixty-five and ninety-eight hundredths (165.98) feet, by land belonging to the following named persons in regular order of ownership with corresponding frontages, namely;

Simone Zani and wife Marietta, seventy-six and thirty-six hundredths (76.36) feet, Thomas W. Roulston, sixty-six and eight hundredths (66.08) feet, and Town of Watertown (Bartlett Street) sixty-one (61) feet more or less to the said point of tangency, thence extending easterly by a straight line one hundred thirty-six and seven hundredths (136.07) feet to a point of curvature by land belonging to the following named persons in regular order of ownership with corresponding frontages, namely:

Town of Watertown (Bartlett Street), twenty and sixty-six

hundredths (20.66) feet, Benjamin H. Blake, seventy-five and forty-one hundredths (75.41) feet, and Thomas W. Roulston, forty (40) feet to the said point of curvature, thence extending easterly, northeasterly and northwesterly by a curve to the left one hundred forty-five and twenty-three hundredths (145.23) feet in length and having a radius of sixty-one and eighty-five hundredths (61.85) feet, by land belonging to Thomas W. Roulston with frontage of one hundred forty-five and twenty-three hundredths (145.23) feet to a point of curvature, thence extending northwesterly by a straight line sixty-nine and twenty-two hundredths (69.22) feet by land belonging to the following named persons in regular order of ownership with corresponding frontages, namely:

Thomas W. Roulston, eighteen and seventy-eight hundredths (18.78) feet, and Laura T. Furber, fifty and forty-four hundredths (50.44) feet, to a point marking the northerly end of the part of Everett Avenue proposed for acceptance under the Betterment Act, thence turning and extending northeasterly forty (40) feet across Everett Avenue to the northeasterly line of Everett Avenue, thence, turning and extending southeasterly in a straight line, sixty-nine and twenty-two hundredths (69.22) feet to a point of curvature by land of Benjamin F. Simmons, thence extending southeasterly and southwesterly by a curve having a radius of one hundred one and eighty-five hundredths (101.85) feet, on an arc two hundred thirty-nine and twenty-two hundredths (239.22) feet in length to a point of curvature by land belonging to the following named persons in regular order of ownership with corresponding frontages as follows:

Fred C. Moore, three lots, fifty and fifty-two hundredths (50.52) feet, forty-seven and fifty-five hundredths (47.55) feet, and sixty-two and forty-four hundredths (62.44) feet, Adolphus Linfield and Bessie Linfield, seventy-eight and seventy-one hundredths (78.71) feet to the said point of curvature, thence extending westerly by a straight line one hundred thirty-six and seven hundredths (136.07) feet to a point of curvature by land belonging to William H. Wiseman with a frontage of eighty-nine and fifty-one hundredths (89.51) feet and land of Walter W. Knell with frontage of forty-six and fifty-six hundredths (46.56) feet to the said point of curvature,

thence extending westerly and southwesterly by a curve to the left and having a radius of one hundred twenty-five and ninety-eight hundredths (125.98) feet and with an arc of two hundred seven and eleven hundredths (207.11) feet in length by land belonging to Walter W. Knell whose frontage is eighty-seven and seventy-one hundredths (87.71) feet, and by land of Archibald George Young with frontage of one hundred nineteen and forty hundredths (119.40) feet to a point of curvature, thence extending southerly and southeasterly by a curve to the left having a radius of seventeen (17) feet and an arc ten and eighty-six hundredths (10.86) feet in length by land of said Young to the said northeasterly line of Palfrey Street, thence turning and extending by the said northeasterly line of Palfrey Street, ninety-three (93) feet more or less to the point of beginning.

The area enclosed by the above description comprises the limits of the part of Everett Avenue under consideration which is forty (40) feet in width between parallel lines extending from Palfrey Street to the northwesterly division line of Lot No. 8 on plan by William T. Pierce above mentioned, and said above described premises are shown on a plan entitled "Town of Watertown plan of part of Everett Avenue to accompany description for acceptance under the Betterment Act," dated February 14, 1925, and on file in the office of the Town Engineer, a copy of which is to be duly recorded in the South Registry District of Middlesex County with this order.

And said Board having considered the question of damages sustained by the owners of the abutting land along which the said street has been laid out, hereby determines that no damages are sustained and none are awarded, and the said Board hereby declares that all acts herein are done under the provisions of law authorizing the assessment of betterments.

And it is therefore ordered that Everett Avenue be and is hereby laid out as and for a public way, under the provisions of Chapter 82 of the General Laws, according to the above description, and having considered the question of damages sustained by the owners of the lands across and through which said street has been laid out as aforesaid, we hereby determine that no damages have been sustained and none are awarded, and we further order and declare that said laying out is done

under Chapter 80 of the General Laws providing for the assessment of betterments, and that the area comprising the several parcels described and set forth in the schedule hereto annexed, will receive benefit or advantage other than the general advantage to the community from said laying out and that betterments are to be assessed for said laying out upon the parcels of land in said area described in said schedule and as shown on a plan of said area drawn by Forrest J. Maynard, Town Engineer, dated February 14, 1925, and on file in the office of the Town Clerk of Watertown, and the amount set opposite each of said described parcels is the amount estimated to be the betterment that will be assessed upon said described parcel.

A. H. WHITNEY,
 ERNEST K. INGALLS,
 WILLIAM M. EMERSON,
Selectmen.

Schedule

In said schedule each parcel of land is described as of the first day of April next preceding the date of this order. The persons named in said schedule are the supposed owners of record as of said first day of April, and in case said owner's name is not correctly stated, it is to be understood that said parcel is owned by owners unknown.

And the number of the lot set opposite each parcel in said schedule is the number of the lot shown on a plan on file in the office of the Assessors of the Town of Watertown.

Selectmen's Office

Watertown, Mass., March 27, 1925.

Whereas, at a Town Meeting held by the Town of Watertown, regularly called and duly warned and held on the twenty-third day of March, A. D. 1925, at which meeting a quorum was present when Article 32 of the warrant was before the meeting as follows:

"To hear the report of the Selectmen relative to the laying out of Everett Avenue, from Palfrey Street to Palfrey Street, under the provisions of Chapters 82 and 80 of the General Laws, the latter providing for the assessment of betterments, and to see if the Town will vote to accept said street as and for a public highway, and will authorize the Selectmen to take by eminent domain, or acquire by purchase, any land necessary for said laying out, provide the sum or sums of money necessary to pay the cost or damages therefor and the cost of construction, direct how said money shall be raised, or take any action relating thereto."

An order of the Selectmen laying out Everett Avenue and the report of the Selectmen with reference to said laying out were read to the meeting, and upon motion duly made and seconded it was voted unanimously as follows:

"That the laying out of Everett Avenue as a public way, as appears in the report of the Selectmen be and is hereby accepted, and the Selectmen are hereby authorized to take the land described in said report as and for a public way."

And whereas, for the purpose of laying out Everett Avenue as and for a public way, it is necessary to acquire the several parcels of land which are included in the area described in said order of laying out as shown by a copy of said order recorded herewith and on a plan referred to in said order and on file in the office of the Town Clerk of Watertown. And the owners, description and areas of each of said parcels are as follows:

Article 33. To hear the report of the Selectmen relative to the laying out of the unaccepted portion of Kimball Road from Maplewood Street to Mt. Auburn Street, under the provisions of Chapters 82 and 80 of the General Laws, the latter providing for the assessment of betterments, and to see if the Town will vote to accept said street as and for a public highway, and will authorize the Selectmen to take by eminent domain, or acquire by purchase, any land necessary for said laying out, provide the sum or sums of money necessary to pay the cost or damages therefor, and the cost of construction, direct how said money shall be raised, or take any action relating thereto.

Report of the Selectmen on the Layout of Kimball Road

Selectmen's Office,

Watertown, Mass., February 20, 1925.

After due notice as required by the provisions of Chapter 82 of the General Laws, we, the Selectmen of Watertown, met on the seventh day of February, A. D. 1925, at 11.25 a.m., for the purpose of viewing the premises, and on the twentieth day of February, A. D. 1925 for the purpose of the public hearing of all parties interested, on a petition for the laying out of Kimball Road as a public way, and we, the Selectmen, upon consideration of the matter, do hereby adjudge that public convenience and necessity require that Kimball Road be laid out as and for a public way, in accordance with the following description, and as shown on a plan drawn by F. J. Maynard, Town Engineer, and dated February 14, 1925.

Description of Kimball Road from Mt. Auburn Street to Maplewood Street

Beginning at a point on the northerly line of Mt. Auburn Street two hundred five and ninety-three hundredths (205.93) feet westerly from the westerly line of Templeton Parkway, thence extending easterly and northerly by a curve to the left sixteen and twenty hundredths (16.20) feet in length and having a radius of eleven (11) feet by land belonging to Vernon Mason

and Albert L. Saunders, trustees, to a point of tangency, thence extending northerly five hundred eighty-two and eighty-one hundredths (582.81) feet to a point of curvature by land belonging to the following named persons in regular order of lot ownership with corresponding frontages, namely:

Vernon Mason and Albert L. Saunders, trustees, eighty-four and three hundredths (84.03) feet, Lucinda C. Specht, eighty-two (82) feet, said Mason and Saunders, trustees, four consecutive lots having each a frontage of fifty (50) feet, Leonard R. Cooke, fifty (50) feet, said Mason and Saunders, trustees, fifty (50) feet, Julia H. Pearson, sixty (60) feet, and Cecilia Wennerlof, fifty-six and seventy-eight hundredths (56.78) feet to the said point of curvature, thence extending northerly and westerly by a curve to the left fifteen and twenty-five hundredths (15.25) feet to a point of tangency on the southerly line of Maplewood Street by land belonging to the said Cecilia Wennerlof, thence turning and extending easterly on the said southerly line of Maplewood Street sixty-three and forty-two hundredths (63.42) feet to a point of curvature, thence turning and extending westerly and southerly by a curve eighteen and thirty-eight hundredths (18.38) feet in length to a point of tangency and having a radius of ten (10) feet by land belonging to Margaret E. McCarthy and Eugene F. McCarthy, thence extending southerly five hundred sixty-one and sixty-three hundredths (561.63) feet, to a point of curvature by land belonging to the following named persons in regular order of lot location with corresponding frontages as follows:

Margaret E. McCarthy and Eugene F. McCarthy, ninety and forty-one hundredths (90.41) feet, Vernon Mason and Albert L. Saunders, trustees, seventy-two (72) feet, Leonard R. Cooke, sixty (60) feet, Walter H. Guest, sixty (60) feet, Joseph H. Crispo, sixty-one (61) feet, said Mason and Saunders, trustees, sixty-one (61) feet, Albert H. Pollock and Robert J. Goebel, sixty-eight and eighty-seven hundredths (68.87) feet, and Domenico Ginesti, eighty-eight and thirty-five hundredths (88.35) feet to a point of curvature, thence extending southerly and easterly by a curve to the left eighteen and thirty-six hundredths (18.36) feet in length to a point of tangency on the

said northerly line of Mt. Auburn Street and having a radius of eleven (11) feet, by land belonging to the said Ginesti, thence turning and extending westerly by the said northerly line of Mt. Auburn Street, sixty-two and thirty-one hundredths (62.31) feet to the point of beginning.

The area enclosed by the above description comprises the limits of Kimball Road which is forty (40) feet wide between parallel lines extending from Mt. Auburn Street to Maplewood Street. Said street is hereby laid out and the grades thereof established as shown on a plan entitled "Town of Watertown, Plan of Kimball Road to accompany description for acceptance under the Betterment Act," dated February 14, 1925, on file in the office of the Town Engineer, a copy of which is to be duly recorded in the South Registry District of Middlesex County with this order.

And said Board having considered the question of damages sustained by the owners of the abutting land along which the said street has been laid out hereby determines that no damages are sustained and none are awarded, and said Board hereby declares that all acts herein are done under the provisions of law authorizing the assessment of betterments.

And it is therefore ordered that Kimball Road be and is hereby laid out as and for a public way, under the provisions of Chapter 82 of the General Laws, according to the above description, and having considered the question of damages sustained by the owners of the lands across and through which said street has been laid out as aforesaid, we hereby determine that no damages have been sustained and none are awarded, and we further order and declare that said laying out is done under Chapter 80 of the General Laws providing for the assessment of betterments, and that the area comprising the several parcels described and set forth in the schedule hereto annexed, will receive benefit or advantage other than the general advantage to the community from said laying out and that betterments are to be assessed for said laying out upon the parcels of land in said area described in said schedule and as shown on a plan of said area drawn by Forrest J. Maynard, Town Engineer, dated February 14, 1925, and on file in the office of the Town Clerk of Watertown, and the amount set opposite each of said

described parcels is the amount estimated to be the betterment that will be assessed upon said described parcel.

Report of the Selectmen on the Layout of Part of Robbins Road

Selectmen's Office

Watertown, Mass., February 20, 1925.

After due notice as required by the provisions of Chapter 82 of the General Laws, we, the Selectmen of Watertown, met on the seventh day of February, A. D. 1925, at 11.25 a.m., for the purpose of viewing the premises, and on the twentieth day of February, A. D. 1925, for the purpose of the public hearing of all parties interested, on a petition for the laying out of part of Robbins Road as a public way, and we, the Selectmen, upon consideration of the matter, do hereby adjudge that public convenience and necessity require that Robbins

Road be laid out as and for a public way, in accordance with the following description, and as shown on a plan drawn by F. J. Maynard, Town Engineer, and dated February 14, 1925.

**Description of Part of Robbins Road, Being an Extension
Northerly from Bellevue Road**

Beginning at a stone bound situated on the northerly line of Bellevue Road in extension of the westerly line of Robbins Road, thence extending northerly two hundred forty-nine and thirty-five hundredths (249.35) feet by land belonging to the following named persons, in regular order of lot location with frontages as follows:

Erle A. Bishop with frontages of parts of one lot, first part, ninety-six and thirty-five hundredths (96.35) feet, second part, fifty-one (51) feet, Margaret A. Ranney, fifty-one (51) feet, and Oscar M. Canady, fifty-one (51) feet to division line between land belonging to Oscar M. Canady and land belonging to Annie A. Powers, *et al.*, thence turning and extending easterly by the said Powers land and land of Thomas Donnelly forty and four hundredths (40.04) feet to the easterly line of part of Robbins Road under consideration, thence turning and extending southerly two hundred forty-nine and thirty-five hundredths (249.35) feet to the northerly line of Bellevue Road by land belonging to the following named persons in regular order of lot location with frontages as follows:

Oscar M. Canady, fifty-one (51) feet, Catherine Jandrow, fifty-one (51) feet, Gustavus S. Loring and Edith L. Loring, fifty-one (51) feet, and Evelyn L. M. Hanson, ninety-six and thirty-five hundredths (96.35) feet to the said northerly line of Bellevue Road, thence turning and extending westerly by the said northerly line of Bellevue Road forty and four hundredths (40.04) feet to the point of beginning.

The area enclosed by the above description comprises the limits of the part of Robbins Road extension which is forty (40) feet in width between parallel lines extending from the northerly line of Bellevue Road to a boundary line marking the limits of private land.

Said part of Robbins Road is hereby laid out and the grades thereof established as shown on a plan entitled "Town of

Watertown plan of part of Robbins Road to accompany description for acceptance under the Betterment Act," dated February 14, 1925, on file in the office of the Town Engineer, a copy of which is to be duly recorded in the South Registry District of Middlesex County with this order.

And said Board having considered the question of damages sustained by the owners of the abutting land along which said part of street has been laid out as aforesaid, hereby determines that no damages are sustained and none are awarded, and said Board hereby declares that all acts herein are done under the provisions of law authorizing the assessment of betterments.

And it is therefore ordered that part of Robbins Road be and is hereby laid out as and for a public way, under the provisions of Chapter 82 of the General Laws, according to the above description, and having considered the question of damages sustained by the owners of the lands across and through which said street has been laid out as aforesaid, we hereby determine that no damages have been sustained and none are awarded, and we further order and declare that said laying out is done under Chapter 80 of the General Laws providing for the assessment of betterments, and that the area comprising the several parcels described and set forth in the schedule hereto annexed, will receive benefit or advantage other than the general advantage to the community from said laying out and that betterments are to be assessed for said laying out upon the parcels of land in said area described in said schedule and as shown on a plan of said area drawn by Forrest J. Maynard, Town Engineer, dated February 14, 1925, and on file in the office of the Town Clerk of Watertown, and the amount set opposite each of said described parcels is the amount estimated to be the betterment that will be assessed upon said described parcel.

Article 36. To hear the report of the Selectmen relative to the laying out of the unaccepted portion of Templeton Parkway from Maplewood Street to Mt. Auburn Street, under the provisions of Chapters 82 and 80 of the General Laws, the latter providing for the assessment of betterments, and to see if the Town will vote to accept said street as and for a public highway, and will authorize the Selectmen to take by eminent domain, or acquire by purchase, any land necessary for said laying out, provide the sum or sums of money necessary to pay the cost or damages therefor and the cost of construction, direct how said money shall be raised, or take any action relating thereto.

Report of the Selectmen on the Layout of Templeton Parkway

Selectmen's Office

Watertown, Mass., February 20, 1925.

After due notice as required by the provisions of Chapter 82 of the General Laws, we, the Selectmen of Watertown, met on the seventh day of February, A. D. 1925, at 10.50 a.m., for the purpose of viewing the premises, and on the twentieth day of February, A. D. 1925, for the purpose of the public hearing of all parties interested, on a petition for the laying out of Templeton Parkway as a public way, and we, the

Selectmen, upon consideration of the matter, do hereby adjudge that public convenience and necessity require that Templeton Parkway be laid out as and for a public way, in accordance with the following description, and as shown on a plan drawn by F. J. Maynard, Town Engineer, and dated February 14, 1925.

**Description of Part of Templeton Parkway from
Mt. Auburn Street to Maplewood Street**

Beginning at a point on the northwesterly line of Mt. Auburn Street one hundred forty-two and seventeen hundredths (142.17) feet northeasterly from the northeasterly line of Kimball Road, thence extending northeasterly and northerly by a curve to the left twenty-two and eight hundredths (22.08) feet in length and having a radius of fifteen (15) feet by land belonging to Domenico Ginesti to a point of tangency, thence extending northwesterly by land belonging to the following named persons in order of their lot location with frontages as follows:

Domenico Ginesti, eighty-six and nine tenths (86.9) feet, Vernon Mason and Albert L. Saunders, trustees, two lots with frontages fifty-four and thirty-nine hundredths (54.39) feet, and fifty-five (55) feet, Annie Yaghjian wife of Sarkis G. Yaghjian, fifty-seven (57) feet, Paul G. Hartung, fifty-seven (57) feet, Veronica E. Barnet, fifty-seven (57) feet, Anna F. Mason and James A. Mason, forty-five (45) feet and William J. Hamilton and wife Maria, seventy and twenty-four hundredths (70.24) feet to a point of curvature, thence extending northwesterly and westerly by a curve to the left fifty-six and thirty-seven hundredths (56.37) feet in length and having a radius of forty-three and twenty-four hundredths (43.24) feet to a point of tangency on the southerly line of Maplewood Street by land belonging to the said Hamilton and wife, thence turning and extending easterly one hundred four and sixty-one hundredths (104.61) feet on the said southerly line of Maplewood Street to a point of curvature, thence turning and extending westerly and southerly by a curve to the left forty-two and twenty-seven hundredths (42.27) feet in length and having a radius of twenty-three (23) feet to a point of tangency by land belonging to Grace N. Rogers, thence extending southeasterly by land

belonging to the following named persons in order of their lot location with frontages as follows:

Grace N. Rogers, seventy-three and two hundredths (73.02) feet, Vernon Mason and Albert L. Saunders, trustees, seven lots with frontages as follows: sixty (60) feet, four lots with frontages of forty-eight (48) feet each, two lots with a frontage of fifty-six and fifty-five hundredths (56.55) feet, and eighty-five and ninety-four hundredths (85.94) feet respectively to a point of curvature, thence extending southerly and easterly by a curve to the left twenty-five and four hundredths (25.04) feet in length to a point in tangency and having a radius of fifteen (15) feet, to the said southwesterly line of Mt. Auburn Street by land of said Mason and Saunders, trustees, thence turning and extending southwesterly by the said northwesterly line of Mt. Auburn Street seventy and thirty-five hundredths (70.35) feet to the point of beginning.

The area enclosed by the above description comprises part of Templeton Parkway which is forty (40) feet in width between parallel lines extending from Mt. Auburn Street to Maplewood Street. Said part of street is hereby laid out and the grades thereof established as shown on a plan entitled "Town of Watertown plan of part of Templeton Parkway to accompany description for acceptance under the Betterment Act," dated February 14, 1925, on file in the office of the Town Engineer, and a copy of which is to be duly recorded in the South Registry District of Middlesex County with this order.

And said Board having considered the question of damages sustained by the owners of the abutting land along which the said street has been laid out, hereby determines that no damages are sustained and none are awarded, and said Board hereby declares that all acts herein are done under the provisions of law authorizing the assessment of betterments.

And it is therefore ordered that Templeton Parkway be and is hereby laid out as and for a public way, under the provisions of Chapter 82 of the General Laws, according to the above description, and having considered the question of damages sustained by the owners of the lands across and through which said street has been laid out as aforesaid, we

hereby determine that no damages have been sustained and none are awarded, and we further order and declare that said laying out is done under Chapter 80 of the General Laws providing for the assessment of betterments, and that the area comprising the several parcels described and set forth in the schedule hereto annexed, will receive benefit or advantage other than the general advantage to the community from said laying out and that betterments are to be assessed for said laying out upon the parcels of land in said area described in said schedule and as shown on a plan of said area drawn by Forrest J. Maynard, Town Engineer, dated February 14, 1925, and on file in the office of the Town Clerk of Watertown, and the amount set opposite each of said described parcels is the amount estimated to be the betterment that will be assessed upon said described parcel.

Selectmen's Office,

Watertown, Mass., March 27, 1925.

Whereas, at a Town Meeting held by the Town of Watertown, regularly called and duly warned and held on the twenty-third day of March, A. D. 1925, at which meeting a quorum was present when Article 36 of the warrant was before the meeting as follows:

"To hear the report of the Selectmen relative to the laying out of the unaccepted portion of Templeton Parkway from Maplewood Street to Mt. Auburn Street, under the provisions of Chapters 82 and 80 of the General Laws, the latter providing for the assessment of betterments, and to see if the Town will vote to accept said street as and for a public highway, and will authorize the Selectmen to take by eminent domain, or acquire by purchase, any land necessary for said laying out, provide the sum or sums of money necessary to pay the cost or damages therefor, and the cost of construction, direct how said money shall be raised, or take any action relating thereto."

An order of the Selectmen laying out a portion of Templeton Parkway and the report of the Selectmen with reference to said laying out were read to the meeting, and upon motion duly made and seconded it was voted unanimously as follows:

"That the laying out of a portion of Templeton Parkway as a public way, as appears in the report of the Selectmen be and is hereby accepted, and the Selectmen are hereby author-

ized to take the land described in said report as and for a public way."

And whereas, for the purpose of laying out said portion of Templeton Parkway as and for a public way, it is necessary to acquire the several parcels of land which are included in the area described in said order of laying out as shown by a copy of said order recorded herewith and on a plan referred to in said order and on file in the office of the Town Clerk of Watertown. And the owners, description and areas of each of said parcels are as follows:

Article 37. To hear the report of the Selectmen relative to the laying out of Wilson Avenue from Town Farm line to Belmont Street, under the provisions of Chapters 82 and 80 of the General Laws, the latter providing for the assessment of betterments, and to see if the Town will vote to accept said street as and for a public highway, and will authorize the Selectmen to take by eminent domain, or acquire by purchase, any land necessary for said laying out, provide the sum or sums of money necessary to pay the cost or damages therefor, and the cost of construction, direct how said money shall be raised, or take any action relating thereto.

Report of the Selectmen on the Layout of Wilson Avenue

Selectmen's Office,
Watertown, Mass., February 20, 1925.

After due notice as required by the provisions of Chapter 82 of the General Laws, we, the Selectmen of Watertown, met on the seventh day of February, A. D. 1925, at 10.50 a.m., for the

purpose of viewing the premises, and on the twentieth day of February, A. D. 1925, for the purpose of the public hearing of all parties interested, on a petition for the laying out of Wilson Avenue as a public way, and we, the Selectmen, upon consideration of the matter, do hereby adjudge that public convenience and necessity require that Wilson Avenue be laid out as and for a public way, in accordance with the following description, and as shown on a plan drawn by F. J. Maynard, Town Engineer, and dated February 14, 1925.

Description of Wilson Avenue Extending from Belmont Street to Land Belonging to the Town of Watertown.

Beginning at a point on the southerly line of Belmont Street as established by the Commissioners of Middlesex County, June 18, 1910, two hundred two (202) feet more or less westerly from the westerly line of Hillside Avenue; thence extending westerly and southerly by a curve to the left nine and twenty-four hundredths (9.24) feet to a stone bound, marking a point of tangency, to be duly set in place, and having a radius of six and ninety-four hundredths (6.94) feet by land belonging to Edward F. Donnelly; thence extending southerly four hundred nine and ninety-five hundredths (409.95) feet thereby passing through a point marked by a stone bound, to be duly set on the easterly line of Wilson Avenue at its junction with the division line between the last two lots of land situated on the easterly line of Wilson Avenue, and belonging to John B. Kelley, by land belonging to the following named persons with corresponding frontages in order of their location, namely: Edward F. Donnelly, eighty-one and five hundredths (81.05) feet, John W. Magoon, fifty (50) feet, John V. McCarthy, forty-five (45) feet, James H. Riddell, fifty-five (55) feet, Margaret C., wife of Peter J. McLaughlin, fifty (50) feet, Thomas A. Boyle, fifty (50) feet, and John B. Kelley, two lots with frontages of forty (40) feet and thirty-eight and nine tenths (38.9) feet, thence turning and extending westerly by the said division line between land belonging to the Town of Watertown situated at the extreme southerly end of said Wilson Avenue forty and three hundredths (40.03) feet, to the westerly line of Wilson Avenue, thence turning and extending northerly three hundred ninety-seven and thirty-

eight hundredths (397.38) feet to a point of curvature by land belonging to the following named persons in order of the lot ownership with corresponding frontages, namely: Victor Beaudry, thirty-seven and fourteen hundredths (37.14) feet, and second lot frontage forty (40) feet, Carl O. Swanson, fifty (50) feet, Archie Moore and William H. Moore, fifty (50) feet, and second lot frontage fifty (50) feet, William Voci and wife Teresa Voci, forty-seven (47) feet, and Frank A. Richmond and wife Minnie B. Richmond, seventy-three and twenty-four hundredths (73.24) feet to a point of curvature, thence extending northerly and westerly by a curve to the left nine and twenty-one hundredths (9.21) feet in length and having a radius of five and nine hundredths (5.09) feet by land belonging to Frank H. Richmond and wife Minnie B. Richmond, to the southerly line of Belmont Street as established by the County Commissioners, as aforesaid, thence turning and running easterly by said southerly line of Belmont Street fifty-three and eleven hundredths (53.11) feet to the point of beginning.

The area enclosed by the above description comprises the limits of Wilson Avenue which is forty (40) feet in width from Belmont Street to land belonging to the Town of Watertown. Said street is hereby laid out and the grades thereof established as shown on a plan entitled "Town of Watertown plan of Wilson Avenue to accompany description for acceptance under the Betterment Act," dated February 14, 1925, drawn by Forrest J. Maynard, Town Engineer, and on file in the office of the Town Engineer, a copy of which, with this order, is to be duly recorded in the South Registry District of Middlesex County.

And said Board having considered the question of damages sustained by the owners of the abutting land along which the said street has been laid out, hereby determines that no damages are sustained, and none are awarded, and said Board hereby declares that all acts herein are done under the provisions of law authorizing the assessment of betterments.

And it is therefore ordered that Wilson Avenue be and is hereby laid out as and for a public way, under the provisions of Chapter 82 of the General Laws, according to the above description, and having considered the question of damages sustained by the owners of the lands across and through which said street

has been laid out as aforesaid, we hereby determine that no damages have been sustained and none are awarded, and we further order and declare that said laying out is done under Chapter 80 of the General Laws providing for the assessment of betterments, and that the area comprising the several parcels described and set forth in the schedule hereto annexed, will receive benefit or advantage other than the general advantage to the community from said laying out and that betterments are to be assessed for said laying out upon the parcels of land in said area described in said schedule and as shown on a plan of said area drawn by Forrest J. Maynard, Town Engineer, dated February 14, 1925, and on file in the office of the Town Clerk of Watertown, and the amount set opposite each of said described parcels is the amount estimated to be the betterment that will be assessed upon said described parcel.

Selectmen's Office,

Watertown, Mass., March 27, 1925.

Whereas, at a Town Meeting held by the Town of Watertown, regularly called and duly warned and held on the twenty-third day of March, A. D. 1925, at which meeting a quorum was present when Article 37 of the warrant was before the meeting as follows:

"To hear the report of the Selectmen relative to the laying out of Wilson Avenue from Town Farm line to Belmont Street, under the provisions of Chapters 82 and 80 of the General Laws, the latter providing for the assessment of betterments, and to see if the Town will vote to accept said street as and for a public highway, and will authorize the Selectmen to take by eminent domain, or acquire by purchase, any land necessary for said laying out, provide the sum or sums of money necessary to pay the cost or damages therefor, and the cost of construc-

tion, direct how said money shall be raised, or take any action relating thereto."

An order of the Selectmen laying out Wilson Avenue and the report of the Selectmen with reference to said laying out were read to the meeting, and upon motion duly made and seconded it was voted unanimously as follows:

"That the laying out of Wilson Avenue as a public way, as appears in the report of the Selectmen be and is hereby accepted, and the Selectmen are hereby authorized to take the land described in said report as and for a public way."

And whereas, for the purpose of laying out said Wilson Avenue as and for a public way, it is necessary to acquire the several parcels of land which are included in the area described in said order of laying out as shown by a copy of said order recorded herewith and on a plan referred to in said order and on file in the office of the Town Clerk of Watertown. And the owners, description and areas of each of said parcels are as follows:

Warrant for Town Meeting Monday Evening, June 15, 1925

Commonwealth of Massachusetts.

Middlesex, ss.

To any Constable of the Town of Watertown, Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the legal voters of the

Town of Watertown to meet in the Town Hall in said Town, on Monday, the fifteenth day of June, 1925, at 7.30 p.m., to act on the following articles, viz.:

Article 1. To hear the report of any Committee heretofore appointed and act thereon.

Article 2. To see if the Town will vote to provide by transfer or otherwise, such sums of money as may be necessary for the use of the various Town departments, for the balance of the ensuing year, direct how the same shall be provided, or take any action relating thereto.

Article 3. To see if the Town will appropriate the necessary sum of money to pay the cost of extension of the sewer system, direct how the money shall be provided, or take any action relating thereto.

Article 4. To see if the Town will appropriate the necessary sum of money to pay the cost of extension of the drainage system, direct how the money shall be provided, or take any action relating thereto.

Article 5. To see if the Town will vote to appropriate the necessary sums of money to pay the cost of construction of water mains and services, direct how the money shall be provided, or take any action relating thereto.

Article 6. To see if the Town will authorize the Auditor to approve payment of certain unpaid bills, incurred prior to the year 1925, in the Public Welfare Department, the same to be charged to the appropriation for the year 1925, or take any action relating thereto.

Article 7. To see if the Town will authorize the Selectmen for and on behalf of the Town, for a nominal consideration, to release to the owners of Lot 236, Edenfield, their heirs and assigns, all right, title and interest acquired by the Town in said lot by virtue of the vote to take the same together with other land, by eminent domain, for a public playground under Article 24 of the warrant, at the adjourned annual Town Meeting on March 23, 1925, or take any action relating thereto.

Article 8. To see if the Town will vote to ratify the action of the Selectmen in establishing a building line on the westerly side of Cross Street, approximately ten (10) feet distant from the present building line as shown on plan entitled "Town of

Watertown plan of proposed building line on westerly side of Cross Street," dated May 1, 1925, drawn by Forrest J. Maynard, Town Engineer, and on file in the office of the Town Clerk, or take any action relating thereto.

Article 9. To see if the Town will vote to appropriate the sum of forty-five hundred dollars (\$4500) for the construction of additional quarters for the Selectmen, and a vault for the use of the Town Clerk, and the various Town departments, direct how the money shall be raised, or take any action relating thereto.

Article 10. To see if the Town will vote to authorize the Selectmen to dispose of, from time to time, by public auction, or private sale, any land acquired by the Town under tax title proceedings, or take any action relating thereto.

Article 11. To see if the Town will vote to appoint a Committee to investigate the question of a municipal garage, or take any action relating thereto.

Article 12. To see if the Town will vote to adopt, amend, or otherwise change the building laws of the Town, in accordance with report submitted by the Committee on Revision of Building Laws, or take any action relating thereto.

Report of Committee on Revision of Building Laws.

The Committee recommend the following changes and additions to the building laws of the Town of Watertown, date of September, 1911.

At the end of Section 8, insert the following addition: "Excavation of cellars shall be inspected by the Building Inspector before foundations are started."

In Section 9, second paragraph, strike out the first sentence which reads as follows: "The sectional area of sills shall not be less than thirty-two inches, and of posts and girts not less than thirty-two inches," and in its place insert the following: "The sectional area of sills, posts and girts shall not be less than twenty-four (24) inches. This includes all piazza framing. Piazza first floor sills shall be supported by brick, concrete or iron piers."

At the end of Section 13 insert the following addition: "No overhanging clothes driers or reels shall be attached to any piazza column or post on dwelling houses hereafter erected."

At the end of Section 32, relating to fire stops, insert the following addition: "All buildings intended to be used as stores, if built in blocks of two or more, shall have brick or concrete fire-walls separating in the basement each store from the next adjoining store. Fire walls in basement to be not less than eight (8) inches thick. Partitions above shall be brick nogged from floor to under side of roof boarding."

At the end of Section 25, which relates to chimneys and flues, insert the following: "All buildings hereafter erected in the Town of Watertown shall provide a suitable flue for gas stoves and gas water heaters."

"If entrance is to be made in a brick chimney, no automatic gas water heater may be connected with same flue as used for coal or oil burning purposes."

"Provided no brick chimney can be entered, a cast iron pipe or galvanized screw pipe line may be used if not less than three (3) inches internal diameter and extended through roof and fitted with rain canopy. A drip fitting shall be used on end of line and extended into cellar of not less than one and one-quarter ($1\frac{1}{4}$) inch pipe size with cap fitted on lower end."

"Akron pipe may be used at the discretion of the Building Inspector."

Amend Section 5 by adding the word "store" after the word "factory" in the first line as follows:

"Section 5. No building to be used as a factory, store, or for the manufacture of explosives, or for chemicals or rendering works shall be erected, and no engine, dynamo, or boiler for motive power shall be set or erected, and no building to be used for a stable in which more than four horses are to be kept, shall be erected, altered or moved, without a permit from the Inspector of Buildings, countersigned by the Selectmen, and such permit shall not be granted until after a public hearing before the Selectmen, who shall give notice of such hearing by posting a written notice on the public bulletin boards in the Town, and by mailing a copy of same to all owners of the premises within five hundred feet of the proposed location of the building, addressed to their last known residence or place of business and by publishing the same in a newspaper published in the Town, or, if there be no such paper, in one published in the city of Boston.

Notice of hearings required under this section shall be sent by the Selectmen to the Board of Health."

Amend Section 6 by adding a new paragraph to read as follows:

Section 6. The Selectmen may in their discretion, after a hearing as provided in the previous section, instruct the Inspector of Buildings not to issue the permit asked for at such hearing, and in such case no permit shall be issued.

"Any party aggrieved by an adverse decision of the Board of Selectmen, may appeal to the Superior Court for redress within ten (10) days thereafter."

And you will notify and warn the legal voters of Watertown to meet at the time and at the place herein specified, by leaving at every inhabited house in Town a printed copy of this warrant, and also by posting copies of the same in ten or more conspicuous public places in Town, seven days at least prior to the time of said meeting.

Hereof fail not, and make return of this warrant, with your doings thereon, into the office of the Town Clerk on or before the time of said meeting.

Given under our hands this twenty-ninth day of May, A. D. 1925.

ARTHUR H. WHITNEY,
ERNEST K. INGALLS,
WILLIAM M. EMERSON,
Selectmen.

Officers' Returns on Warrant

As required by the foregoing warrant, I have notified and warned the legal voters of the Town of Watertown to meet at the time and at the place herein specified, by leaving at every inhabited house in Town a printed copy of this warrant, and also by posting copies of the same in ten or more conspicuous public places in Town seven days at least prior to the time of said meeting.

WILLIAM H. LYONS,
Constable of Watertown.

A true copy, attest:

WILLIAM P. MCGUIRE,
Town Clerk.

Notices were mailed to the Town Meeting members at least seven days prior to the Town Meeting of the proposed business to be considered at the meeting.

WILLIAM P. McGUIRE,
Town Clerk.

Record of Town Meeting, Monday Evening, June 15, 1925

Voted: That the Auditor be and he is hereby authorized to approve certain unpaid bills, in the amount of seven hundred seventy-six dollars and forty-one cents (\$776.41), incurred by the Public Welfare Department, the same to be charged to the current year's appropriation.

Article 7. To see if the Town will authorize the Selectmen for and on behalf of the Town, for a nominal consideration, to release to the owners of Lot No. 236, Edenfield, their heirs and assigns, all right, title and interest acquired by the Town in said lot by virtue of the vote to take the same together with other land, by eminent domain, for a public playground under Article 24 of the warrant, at the adjourned annual Town Meeting on March 23, 1925, or take any action relating thereto.

Voted: To indefinitely postpone action.

Article 8. To see if the Town will vote to ratify the action of the Selectmen in establishing a building line on the westerly side of Cross Street, approximately ten (10) feet distant from the present building line as shown on plan entitled "Town of Watertown, plan of proposed building line on westerly side of Cross Street," dated May 1, 1925, drawn by Forrest J. Maynard, Town Engineer, and on file in the office of the Town Clerk, or take any action relating thereto.

Report of the Selectmen on the Establishing of Building Line on Cross Street, Between Main Street and Pleasant Street

Commonwealth of Massachusetts.

Middlesex, ss.

Watertown, May 22, 1925.

At a meeting of the Board of Selectmen of the Town of Watertown, held this day in the Selectmen's Room, Town Hall building, after having given due notice of the intention of said Board as required by the laws relating thereto, to establish a building line on the westerly side of Cross Street, from Main Street to Pleasant Street, in said Town of Watertown, and after public hearing thereon as required by law, said hearing having been held in said Selectmen's Room on Friday evening, May 15, 1925, pursuant to said notice, now, upon consideration of the matter, it is

Ordered, That the Board of Selectmen of the Town of

Watertown are of the opinion that public convenience and necessity require that a building line be established, and that a building line is hereby established from the exterior line of said Cross Street, on the westerly side thereof, as shown on a plan entitled "Town of Watertown, Plan of Proposed Building line on westerly side of Cross Street," dated May 1, 1925, drawn by F. J. Maynard, Town Engineer, on file in the office of the Town Clerk, a copy of which is to be recorded herewith in Middlesex South District Deeds, with this order, and described according to said plan as follows, to wit:

Description of Building Line on Cross Street

Beginning at a point in the southwesterly line of Main Street nineteen (19) feet, more or less, northwesterly from the present intersection of Main and Cross Streets, thence extending southerly and southwesterly on a curve to the right, drawn with a radius of ten (10) feet to a point of tangency, thence southwesterly across and over land of Herman Dana and Harold Lester, and ten (10) feet westerly from the westerly line of Cross Street, one hundred twenty four and fifty hundredths (124.50) feet, more or less to land of A. G. Morse, *et al.*, thence across and over said Morse land and ten (10) feet westerly from the present location of Cross Street one hundred twenty-nine (129) feet more or less, to other land of said Morse, *et al.*, thence continuing in the same course twenty-two and fifty-six hundredths (22.56) feet, more or less to a point of tangency, thence curving to the right on an arc eleven and eighty-seven hundredths (11.87) feet long drawn with a radius of ten (10) feet to the northerly line of Pleasant Street, at a point nineteen (19) feet more or less westerly from the intersection of Pleasant Street and Cross Street.

And it is further ordered, that existing buildings, steps, windows, porticoes and other usual projections appurtenant to said buildings, so far as they lie between the building line hereby established and the present westerly line of Cross Street, may remain as they are at the date of this order, until the said projections shall have been removed therefrom, or until said Cross Street is relocated or widened by the Town of Watertown, according to law.

And said Board of Selectmen having considered the question of damages sustained by the owners of the land across and through which said building line is hereby established, do hereby determine and award damages as follows:

To Herman Dana and Harold Lester, damages awarded, one hundred fifty (\$150 dollars.)

To A. G. Morse, *et al.*, damages awarded, none.

The parties above named are the supposed record owners of said land at the date of this order, and in so far as they may be incorrectly stated then said land is the property of owners unknown.

Be it further ordered by the said Board that this report be referred to the next Town Meeting for acceptance or rejection, according to law.

A. H. WHITNEY,
ERNEST K. INGALLS,
WILLIAM M. EMERSON,

May 22, 1925.

Article 10. To see if the Town will vote to adopt, amend, or otherwise change the building laws of the Town, in accordance with report submitted by the Committee on Revision of Building Laws, or take any action relating thereto.

Report of Committee on Revision of Building Laws

The committee recommend the following changes and additions to the building laws of the Town of Watertown, date of September, 1911.

At the end of Section 8, insert the following addition: "Excavation of cellars shall be inspected by the Building Inspector before foundations are started."

In Section 9, second paragraph, strike out the first sentence which reads as follows: "The sectional area of sills shall not be less than thirty-two inches, and of posts and girts not less than thirty-two inches," and in its place insert the following: "The sectional area of sills, posts and girts shall not be less than twenty-four (24) inches. This includes all piazza framing. Piazza first floor sills shall be supported by brick, concrete or iron piers."

At the end of Section 13 insert the following addition: "No overhanging clothes driers or reels shall be attached to any piazza column or post on dwelling houses hereafter erected."

At the end of Section 32, relating to fire stops, insert the following addition: "All buildings intended to be used as stores, if built in blocks of two or more, shall have brick or

concrete fire-walls, separating in the basement each store from the next adjoining store. Fire walls in basement to be not less than eight (8) inches thick. Partitions above shall be brick nogged from floor to under side of roof boarding."

At the end of Section 25, which relates to chimneys and flues, insert the following: "All buildings hereafter erected in the Town of Watertown shall provide a suitable flue for gas stoves and gas water heaters."

"If entrance is to be made in a brick chimney, no automatic gas water heater may be connected with same flue as used for coal or oil burning purposes."

"Provided no brick chimney can be entered, a cast iron pipe or galvanized screw pipe line may be used if not less than three (3) inches internal diameter and extended through roof and fitted with rain canopy. A drip fitting shall be used on end of line and extended into cellar of not less than one and one-quarter ($1\frac{1}{4}$) inch pipe size with cap fitted on lower end."

"Akron pipe may be used at the discretion of the Building Inspector."

Amend Section 5 by adding the word "store" after the word "factory" in the first line as follows:

"Section 5. No building to be used as a factory, store, or for the manufacture of explosives, or for chemicals or rendering works shall be erected, and no engine, dynamo, or boiler for motive power shall be set or erected, and no building to be used for a stable in which more than four horses are to be kept, shall be erected, altered or moved, without a permit from the Inspector of Buildings, countersigned by the Selectmen, and such permit shall not be granted until after a public hearing before the Selectmen, who shall give notice of such hearing by posting a written notice on the public bulletin boards in the Town, and by mailing a copy of same to all owners of the premises within five hundred feet of the proposed location of the building, addressed to their last known residence or place of business and by publishing the same in a newspaper published in the Town, or, if there be no such paper, in one published in the City of Boston."

Notice of hearings required under this section shall be sent by the Selectmen to the Board of Health.

Amend Section 6 by adding a new paragraph to read as follows:

Section 6. The Selectmen may in their discretion, after a hearing as provided in the previous section, instruct the Inspector of Buildings not to issue the permit asked for at such hearing, and in such case no permit shall be issued.

"Any party aggrieved by an adverse decision of the Board of Selectmen may appeal to the Superior Court for redress within ten (10) days thereafter."

Article 11. To see if the Town will vote to authorize the Selectmen, for and on behalf of the Town, to accept delivery of a deed from the Trenholm Development Company to the inhabitants of Watertown, conveying the fee in Lots Nos. 35 and 36 on "Plan Showing Subdivision of the Boyle Farm" dated April 16, 1925, and on file in the office of the Town Clerk, bounded by Waltham Street, Evans Street, Lot No. 37 and the Bemis School lot, to be used for public purposes, said deed being now in the hands of the Town Clerk in escrow, or take any action relating thereto.

Article 12. To see if the Town will adopt a new by-law or by-laws providing for a limitation of particular classes of buildings to specified districts or zones in the Town of Watertown, or excluding them from specified districts or zones in said Town, or take any action relating thereto. (Request of William J. Lyons and others.)

Article 13. To see if the Town will adopt a new by-law or by-laws dividing the Town into districts or zones, and regulating the construction and use of buildings in each district or zone, or take any action relating thereto. (Request of William J. Lyons and others.)

Article 14. To see if the Town will authorize the Selectmen for and on behalf of the Town to acquire by purchase or exchange, land adjoining the Town Farm, or to take the same by right of eminent domain, or take any other action in connection with the development of the Town Farm. (Request of Committee on school in the north end of the Town.)

Article 15. To see if the Town will vote to appropriate the sum of four thousand dollars (\$4,000) in addition to the sum of seventeen thousand dollars (\$17,000) heretofore appro-

priated, for the purpose of paying the costs and damages for taking a parcel of land in the western part of the Town for a public playground, direct how the same shall be raised, or take any action relating thereto.

Article 16. To see if the Town will vote to accept the report of the Selectmen establishing a building line on the easterly side of Common Street, a public way, between Orchard Street on the north, and Columbia Street on the south, and a building line on the westerly side of Common Street between Orchard Street on the north and Spring Street on the south, as shown in red on a plan entitled "Town of Watertown plan showing building lines on part of Common Street between Spring Street and Orchard Street," dated November 14, 1925, drawn by Forrest J. Maynard, Town Engineer, and on file in the office of the Town Clerk, determine the extent to which structures, embankments, walls, fences and gates may be maintained between such building lines and said Common Street, authorize the Selectmen to take by eminent domain or acquire by purchase any interests in the various estates on which said building lines have been laid out to the extent necessary to establish such building lines, provide the sum or sums of money necessary to pay the cost or damages therefor, direct how said money shall be raised or take any action relating thereto.

And you will notify and warn the legal voters of Watertown to meet at the time and at the place herein specified, by leaving at every inhabited house in Town a printed copy of this warrant, and also by posting copies of the same in ten or more conspicuous public places in Town, seven days at least prior to the time of said meeting.

Hereof fail not, and make return of this warrant, with your doings thereon, into the office of the Town Clerk on or before the time of said meeting.

Given under our hands this twenty-seventh day of November, A. D. 1925.

ARTHUR H. WHITNEY,
ERNEST K. INGALLS,
WILLIAM M. EMERSON,
Selectmen.

Officers' Returns on Warrant

As required by the foregoing warrant, I have notified and warned the legal voters of the Town of Watertown to meet at the time and at the place herein specified, by leaving at every inhabited house in Town a printed copy of this warrant, and also by posting copies of the same in ten or more conspicuous public places in Town seven days at least prior to the time of said meeting.

WILLIAM H. LYONS,
Constable of Watertown.

A true copy,

Attest:

WILLIAM P. McGUIRE,
Town Clerk.

Notices were mailed to the Town Meeting Members at least seven days prior to the Town Meeting of the proposed business to be considered at the meeting.

WILLIAM P. McGUIRE,
Town Clerk.

Record of Town Meeting, December 14, 1925

Meeting was called to order at 7.45 p.m. by Moderator Fred E. Crawford. Officers' returns on warrant were read by Town Clerk William P. McGuire.

The counters reported that there were 137 Town Meeting members present; number necessary for a quorum: 93.

Article 1. To hear the report of any Committee heretofore appointed, and act thereon.

Report of Committee on Treatment of Land in Watertown Square was offered.

Mr. John F. Tufts, Chairman of the Committee, reporting for the committee, said:

This committee consists of the Chairman of the Board of Selectmen, Chairman of the Finance Committee, Chairman of the Planning Board, Chairman of the Park Commission and three (3) citizens appointed by the Moderator. The committee

has had many meetings and has given careful consideration to the question of how best to treat the land in Watertown Square. The committee has also had conferences with representatives of the street railroad companies and has been assisted in its deliberations by the Planning Board who unanimously approve the report of this committee.

Mr. Tufts referred to the two outstanding causes of the great change in traffic conditions in Watertown and Beacon Squares during the last fifteen years. The opening of the Harvard Subway about 1913, which made transportation from Watertown to Boston by electric cars much quicker and more convenient, resulted in a rapid increase in the population of Watertown and also in a great increase in the number of electric cars passing through Watertown and Beacon Squares. So many people found electric car service more convenient that the service on the steam railroad was gradually curtailed until at present it has been almost entirely eliminated and nearly everyone going to Boston uses either the street cars or automobiles.

The change from comparatively slow-moving, horse-drawn vehicles to motor cars which move quickly combined with the tremendous increase in the number of motor cars every year has completely revolutionized traffic conditions in Watertown and Beacon Squares.

At the request of the committee the Chief of Police made an exact count of the motor cars passing through Beacon Square on a number of days in September, 1925. His report showed that on some days as many as twenty thousand nine hundred fifty-five (20,955) motor cars passed through Beacon Square in the fourteen hours from 8 a.m. to 10 p.m. and that more than three thousand (3,000) motor cars sometimes passed through the square in one hour. It will readily be appreciated that any interruption of the flow of traffic by the stoppage of street cars to take on or discharge passengers would seriously interfere with the automobile traffic. If traffic should be stopped for two or three minutes at certain times in the day, several hundred automobiles would have to come to a stop causing not only congestion and delay but dangerous conditions both for pedestrians and vehicles. It is apparent every effort must

be made to prevent holding up traffic in Watertown and Beacon Squares even for very short periods of time.

In discussing the best way to improve the land in Watertown Square, traffic conditions surrounding the land were necessarily a vital factor to be considered in conjunction with the improvement of the land.

The committee presented detailed plans showing proposed changes in location of street car tracks, width of streets and treatment of the land between Watertown and Beacon Squares and recommended that changes be made as indicated by the plans.

Voted: That the recommendations of the committee be approved as shown in report and accompanying plan.

Voted: That this matter be referred to the Selectmen, with instructions to take such action as is necessary to carry out the recommendations of the committee, and report at the next annual Town Meeting.

Mr. Wilfred A. Norris reported that the Committee on Preservation of Arlington Street Cemetery had secured drawings, figures and estimates for fence around this cemetery, and full report will be offered at the Annual Town Meeting.

Mr. Charles M. Abbott made verbal report relative to the construction of the addition to the Coolidge School.

Article 2. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to borrow money on and after January 1, 1926, in anticipation of the revenue of the financial year beginning January 1, 1926, or take any action relating thereto.

Voted: That the Town Treasurer, with the approval of the Selectmen, be and he is hereby authorized to borrow money from time to time on and after January 1, 1926, in anticipation of the revenue of the financial year beginning January 1, 1926, and to issue the note or notes of the Town therefor, payable within one year, any debt or debts incurred under this vote to be paid from the revenue of the financial year beginning January 1, 1926.

Article 3. To see if the Town will vote to provide by transfer or otherwise, such sums of money as may be necessary for the use of the various Town departments for the balance

of the ensuing year, direct how the same shall be provided, or take any action relating thereto.

Voted: That the following sums be and they are hereby appropriated for the use of the departments indicated, and transfers authorized from the accounts as shown on the following schedule:

Voted: That the Committee on addition to Coolidge School be authorized to purchase furnishings, and to grade and plant and lay walks about the school, from money previously appropriated at the last Annual Town Meeting for the construction of an addition.

Article 7. To see if the Town will vote to erect a building to be known as the East Branch Public Library, on lot of land owned by the Town and acquired for public purposes, located on the southerly side of Mt. Auburn Street, Lots No. 3 and 4, or take any action relating thereto. (Request of East End Library Committee.)

Article 8. To see if the Town will vote to appropriate the necessary sum of money to pay the cost of the erection of a building to be known as the East Branch Public Library, direct how the money shall be provided, or take any action relating thereto. (Request of East End Library Committee.)

Article 9. To see if the Town will vote to appoint a building

committee to be known as the East Branch Library Building Committee, or take any action relating thereto. (Request of East End Library Committee.)

Voted: That Articles 7, 8 and 9 be referred to the Annual Town Meeting.

Article 10. To see if the Town will vote to adopt, amend, or otherwise change the Building Laws of the Town, in accordance with report submitted by the Committee on Revision of Building Laws, or take any action relating thereto.

Report of Committee on Revision of Building Laws

The committee recommend the following changes and additions to the Building Laws of the Town of Watertown, date of September, 1911.

At the end of Section 8, insert the following addition: "Excavation of cellars shall be inspected by the Building Inspector before foundations are started."

In Section 9, second paragraph, strike out the first sentence which reads as follows: "The sectional area of sills shall not be less than thirty-two (32) inches, and of posts and girts not less than thirty-two (32) inches," and in its place insert the following: "The sectional area of sills, posts and girts shall not be less than twenty-four (24) inches. This includes all piazza framing. Piazza first floor sills shall be supported by brick, concrete or iron piers."

At the end of Section 25, which relates to chimneys and flues, insert the following: "All buildings hereafter erected in the Town of Watertown shall provide a suitable flue for gas stoves and gas water heaters."

"Provided no brick chimney can be entered, a cast-iron pipe or galvanized screw pipe line may be used if not less than four (4) inches internal diameter and extended through roof and fitted with rain canopy. A drip fitting shall be used on end of line and extended into cellar of not less than one and one quarter ($1\frac{1}{4}$) inch pipe size with cap fitted on lower end."

At the end of Section 32, relating to fire stops, insert the following addition: "All buildings intended to be used as stores

if built in blocks of two or more, shall have, separating each store basement from the adjoining store basement, fireproof partitions. From the first floor to underside of roof boarding the four (4) inch stud partition shall be nogged with fireproof material."

Amend Section 5 by adding the words: " for storage purposes and laundries," after the word " factory " in the first line as follows:

" Section 5. No building to be used as a factory, for storage purposes and laundries, or for the manufacture of explosives, or for chemicals or rendering works shall be erected, and no engine, dynamo, or boiler for motive power shall be set or erected, and no building to be used for a stable in which more than four horses are to be kept, shall be erected, altered or moved, without a permit from the Inspector of Buildings, countersigned by the Selectmen, and such permit shall not be granted until after a public hearing before the Selectmen, who shall give notice of such hearing by posting a written notice on the public bulletin boards in the Town, and by mailing a copy of same to all owners of the premises within five hundred (500) feet of the proposed location of the building, addressed to their last known residence or place of business and by publishing the same in a newspaper published in the Town, or, if there be no such paper, in one published in the city of Boston."

" Notice of hearings required under this section shall be sent by the Selectmen to the Board of Health and the Planning Board."

Amend Section 6 by adding a new paragraph to read as follows:

Section 6. The Selectmen may in their discretion, after a hearing as provided in the previous section, instruct the Inspector of Buildings not to issue the permit asked for at such hearing, and in such case no permit shall be issued.

" Any party aggrieved by an adverse decision of the Board of Selectmen may appeal to the Superior Court for redress within ten (10) days thereafter."

Voted: That the foregoing building laws as shown in the report of the Committee on Revision of Building Laws be and

are hereby adopted as building laws in the Town of Watertown.

“ Boston, Mass., January 25, 1926.

The foregoing by-laws are hereby approved.

JAY R. BENTON,
Attorney General.”

Article 11. To see if the Town will vote to authorize the Selectmen, for and on behalf of the Town, to accept delivery of a deed from the Trenholm Development Company to the inhabitants of Watertown, conveying the fee in Lots No. 35 and 36 on “ Plan Showing Subdivision of the Boyle Farm,” dated April 16, 1925, and on file in the office of the Town Clerk, bounded by Waltham Street, Evans Street, Lot No. 37 and the Bemis School lot, to be used for public purposes, said deed being now in the hands of the Town Clerk in escrow, or take any action relating thereto.

Voted: That the Selectmen be and they are hereby authorized to accept delivery of a deed from the Trenholm Development Company conveying to the inhabitants of Watertown a parcel of land abutting on the Bemis School lot, for public purposes, said deed being now in the hands of the Town Clerk in escrow.

Article 12. To see if the Town will adopt a new by-law or by-laws providing for a limitation of particular classes of buildings to specified districts or zones in the Town of Watertown, or excluding them from specified districts or zones in said Town, or take any action relating thereto. (Request of William J. Lyons and others.)

Article 13. To see if the Town will adopt a new by-law or by-laws dividing the Town into districts or zones, and regulating the construction and use of buildings in each district or zone, or take any action relating thereto. (Request of William J. Lyons and others.)

Report of the Zoning Committee
Zoning By-Law
Regulations as to Use and Construction of Buildings

ARTICLE 1

Districts

Section 1. Districts.

To promote the health, safety, convenience, and welfare of the inhabitants, to lessen the danger from fire and to improve the Town, the Town of Watertown is hereby divided into districts, each of which shall be subject to special regulations, hereinafter provided for, as to the use and construction of buildings therein located. "Building" in this By-Law is used in its broadest interpretation.

Section 2. Zoning Map.

1. The Zoning Map, prepared by Forrest J. Maynard, Town Engineer, dated December 1, 1924, bearing the signatures of a majority of the Zoning Committee, and showing the boundaries of each district and the designation of each district by means of a numeral and a letter, is declared to be a part of this By-Law.

2. Where a boundary line divides a lot in a single ownership at the time of the adoption of this By-Law, the regulations for the less restricted portion of such lot may extend to the entire lot provided the lot does not extend more than twenty-five (25) feet within the boundary line of the more restricted district.

ARTICLE II

Use Regulations

Section 1. General Business Purposes (Numeral 1).

In a district marked by the numeral 1 no building shall be used and no building shall be erected which is intended or designed to be used for any trade, industry, or use that is noxious or offensive by reason of the emission of odor, dust, smoke, gas or noise.

Section 2. Store Purposes (Numeral 2).

In a district marked by the numeral 2 no building shall be used and no building shall be erected, which is intended or designed to be used for:

(a) Any kind of manufacturing other than the manufacture of products, the major portion of which is to be sold at retail on the premises by the manufacturer to the ultimate consumer.

(b) A garage for more than two automobiles, except as provided in paragraph 1 (i) of Section 3 of Article II of this By-Law.

(c) A blacksmith shop or horseshoeing establishment.

(d) A milk bottling or distributing station.

(e) A carpet or bag cleaning establishment.

(f) Junk or scrap iron storage.

(g) Rags or scrap paper storage or baling.

(h) Signs other than those advertising goods to be sold on the premises, or signs permitted in a district marked by the numeral 3.

(i) Any trade, industry, or use that is noxious or offensive by reason of the emission of odor, dust, smoke, gas, or noise.

Section 3. Residence Purposes (Numeral 3).

1. In a district marked by the numeral 3 no building shall be used and no building shall be erected which is intended or designed to be used for any purpose except one or more of the following:

(a) A private dwelling for one or more families.

(b) A hotel or a lodging or boarding house.

(c) A club, other than a club the chief activity of which is a service customarily carried on as a business.

(d) A church.

(e) Other purposes which are not particular industries, trades, manufacturing or commercial purposes.

(f) A railroad passenger station.

(g) A farm, truck garden, nursery, or greenhouse.

(h) An accessory purpose customarily incident to the above purposes and not detrimental to the use of other property in the district for the above purposes, including a private garage for not more than two automobiles. An accessory purpose shall not include an advertising sign except a real estate sign advertising for sale or rent property on which it is placed, but may include a sign not over one square foot in area, bearing a name and the designation of any authorized

occupation and being such a sign as is customary on any building used for the purposes permitted by this section of this By-Law.

(i) A garage for more than two automobiles, or a telephone exchange or transforming station, provided in each case that after a public hearing, fourteen days' notice of which shall be given, the Selectmen shall rule that such use in a building or buildings located, designed, and constructed as described by them in their ruling, will not be seriously detrimental to the use of other property in the district for the purposes specified in the preceding paragraphs of this section, and provided that the use is confined to a building or buildings conforming to the description in said ruling.

2. In a district marked 3C, no private dwelling shall be used and no private dwelling shall be erected which is intended or designed to be used by more than two families, except as provided in Article IV, Section 2, paragraph 1.

3. In a district marked 3D, no private dwelling shall be used and no private dwelling shall be erected which is intended or designed to be used by more than one family, except as provided in Article IV, Section 2, paragraph 1.

ARTICLE III

Construction Regulations

Section 1. Building Heights.

1. In a district marked by the letter A no limitations are imposed other than those of the existing building law and also those of the Tenement House Act for Towns (Chapter 145 of the General Laws) and any acts in addition or amendment thereto, so far as the same have been accepted by and are in force and applicable in the Town of Watertown.

2. In a district marked by the letter B, no building shall be erected to a height in excess of sixty (60) feet and all buildings used in any part for residence purposes shall conform to the Tenement House Act for Towns as provided and limited in paragraph 1 of this section.

3. In a district marked by the letter C and in a district marked by the letter D no building shall be erected to a height in excess of forty-five (45) feet, and no building used in any

part for residence purposes by more than one family or for the purpose of a hotel, lodging or boarding house, or club shall be in excess of two and one-half stories. A half-story is a story which is situated in a sloping roof, the finished floor area of which does not exceed two thirds the floor area of the story immediately below it and which does not contain an independent apartment.

Section 2. Areas.

1. In a district marked by the letter B not more than eighty per cent (80%) and in districts marked by the letters C or D not more than forty per cent (40%) of the area of any lot shall be occupied by a building or buildings, except as provided in paragraphs 2 and 5 of this section.

2. In a district marked by the letter C and in a district marked by the letter D not more than fifty per cent (50%) of the area of any corner lot shall be occupied by a building or buildings, except as provided in paragraph 5 of this section.

3. In a district marked by the numeral 3 no building shall be erected with any parts of its walls less than thirty (30) feet from the center line of an abutting street except as provided by paragraph 5 of this section. Nothing, however, in this section shall prohibit the erection of a building as near the street as any building then in existence on the same side of the street, provided, such proposed building is to be erected between the same two nearest intersecting streets as the existing building, and not more than two hundred and fifty (250) feet distant from such existing building.

4. In a 3C district and in a 3D district no building shall be erected less than six (6) feet from any boundary of the lot on which it stands, except that accessory buildings not more than one story in height may be located as permitted by the building law, and except as provided in paragraph 5 of this section.

5. The following parts of buildings shall be permitted beyond the limits fixed by this section: cornices projecting not more than eighteen (18) inches beyond the fixed limit; outside steps extending no higher than the level of the first floor of the porches and piazzas. A one-story building in a district marked by the numeral 1 or 2 may extend beyond the limits

fixed by paragraphs 1 or 2 of this section, and on a lot occupied by a dwelling at the time of the passage of this By-Law, a one-story garage occupying not more than five hundred (500) square feet of area may extend beyond the area limitations fixed by paragraphs 1 and 2 of this section. A one-story garage may extend beyond the limits fixed by paragraph 3 of this section in case the surface of the lot on which it is built at a distance of fifty (50) feet from the center line of the street is more than eight (8) feet above the level of the street.

6. No lot area shall be so reduced in size that any building or buildings on the lot will conflict with the provisions of this section.

ARTICLE IV

General Provisions

Section 1. Enforcement. Certificates.

1. *(For the purposes of enforcement this By-Law shall be deemed a part of the building law.) The Building Inspector shall approve no plan for the erection or alteration of any building or part thereof, plans and specifications and intended use for which are not in all respects in conformity with the provisions of this By-Law. The decision of the Building Inspector shall be subject to review by the Board of Appeal in the manner provided in the Building Law.

2. It shall be unlawful to use or permit the use of any building or part thereof hereafter erected or altered wholly or partly in its use or structure, or a building the yards or courts of which, are in any way reduced, until the Building Inspector shall have issued a certificate of occupancy to the effect that the building or the part thereof so erected or altered, the proposed use thereof, and its yards and courts conform to the provisions of this By-Law.

3. Pending the issuance of a regular certificate, a temporary certificate may be issued prior to completion, provided the safety of all occupants is adequately insured.

4. In any case where the interpretation of this By-Law is not clearly obvious the Building Inspector is authorized and directed to submit the case to the Planning Board for expression of opinion before issuing his ruling on such case.

Section 2. Existing Buildings.

1. Any building or part of a building which, at the time of the adoption of this By-Law, is being put to a use not conforming with the regulations of the district in which it is situated may continue to be used for the same or for a purpose not substantially different, and any existing building intended, designed, or devoted to such a use may be structurally altered, provided such building is not enlarged.

2. No building or part of a building shall be erected and no existing building shall be enlarged or rebuilt unless as so enlarged or rebuilt it shall be in conformity with the construction regulations herein prescribed for the district in which such building is located, except that chimneys and spires, towers, and other projections not used for human occupation may be permitted above the height limitations fixed by these regulations in the manner provided by the building law.

3. Nothing herein shall require any change in the plans, construction, or intended use of a building for which unexpired approval has heretofore been issued, and the construction of which shall be completed according to such approval within one year from the date this By-Law goes into effect.

4. Nothing herein shall prevent the restoration of a wall declared unsafe by the Building Inspector, nor the erection of iron fire escapes on any building existing at the time this By-Law goes into effect.

Section 3. Enforcement.

*(Whoever violates any of the provisions of this By-Law shall be punished by a fine of not more than one hundred dollars for each violation, to be paid into the treasury of the Town of Watertown.) Upon any well founded information from any citizen that this By-Law is being violated or upon his own initiative, the Building Inspector shall take immediate steps to enforce the By-Law by making complaint to the Second District Court of Eastern Middlesex or by applying for an injunction to the Superior Court.

Section 4. Validity.

The invalidity of any section or provision of this By-Law shall not invalidate any other section or provision hereof.

Section 5. Amendments.

It shall be the duty of the Planning Board upon petition signed by the owners of fifty per cent (50%) in valuation of the property contained in any given district or in any part thereof consisting of one or more entire blocks, or upon its own initiative from time to time, to hold public hearing, fourteen days' published notice of which shall be given, for the consideration of amendments altering the boundaries of any district established by this By-Law, or the regulations applied to the same by this By-Law, and thereupon to submit to the Town for action its recommendations in regard to the same.

So much of this By-Law as is approved by the Attorney-General shall go into effect upon its publication as required by law.

"Boston, Mass., January 12, 1926.

The foregoing by-law is hereby approved with the exception of Article IV, sections one and three, which are disapproved as indicated.

JAY R. BENTON,
Attorney General."

Under Articles 12 and 13 the following vote was passed:

*Voted: That the By-Law providing for dividing the Town into districts or zones and regulating the construction and use of buildings in each district or zone, as presented in print by the Zoning Committee at the Town Meeting held December 22, 1924, be adopted.

Article 14. To see if the Town will authorize the Selectmen for and on behalf of the Town to acquire by purchase or exchange, land adjoining the Town Farm, or to take the same by right of eminent domain, or take any other action in connection with the development of the Town Farm. (Request of Committee on school in the north end of the Town.)

Referred to Committee on school in the north end of the Town.

Article 15. To see if the Town will vote to appropriate the sum of four thousand dollars (\$4,000), in addition to the sum of seventeen thousand dollars (\$17,000) heretofore appropriated,

Report of the Selectmen, Establishing Building Lines on Common Street

Commonwealth of Massachusetts

Middlesex, ss.

Watertown, November 27, 1925.

In Board of Selectmen

After due notice and public hearing, we, the undersigned, Selectmen of the Town of Watertown, hereby

Order that public convenience and necessity require that a building line be established, and a building line is hereby established on the easterly side of Common Street, a public way, between Orchard Street on the north and Columbia Street on the south, as shown in red on a plan entitled "Town of

Watertown, plan showing building lines on part of Common Street between Spring Street and Orchard Street," dated November 14, 1925, drawn by Forrest J. Maynard, Town Engineer, and on file in the office of the Town Clerk, and bounded and described according to said plan, as follows, to wit:

Description of Building Line on the Easterly Side of Common Street, Between Orchard Street and Columbia Street

Beginning at the northerly end of said building line at a point in the southerly line of Orchard Street, at land of Fred W. MacFarland, thence westerly, southwesterly and southerly across and over said MacFarland land, on an arc drawn with a radius of twenty (20) feet, said arc forming a rounded corner at the intersection of Orchard Street and Common Street, thence southerly across and over said MacFarland land, one hundred sixteen and nineteen hundredths (116.19) feet to a point of tangency, thence still across and over said MacFarland land on a curve to the right twenty and ninety-four hundredths (20.94) feet long, drawn with a radius of three hundred (300) feet to a point of tangency, thence southerly across and over said MacFarland land, land of D. A. Collins, land formerly of Charles A. Glover, now supposed to belong to Carrol C. O'Neil, land of Doris L. Erskine, land of Scott, formerly of Glover, land of Robert J. White, land of Frances M. Brady, and land of Eva Berry Lovell, *et al.*, trustees of the Watertown Woman's Club, for a distance of four hundred twenty-five and seventy-three hundredths (425.73) feet to a point of tangency, thence curving to the left across and over said land of Lovell, *et al.*, trustees, on an arc thirty-nine and five hundredths (39.05) feet long drawn with a radius of twenty-five (25) feet to the northerly line of Columbia Street.

After due notice and public hearing, we, the undersigned, Selectmen of the Town of Watertown, do hereby

Order that public convenience and necessity require that a building line be established, and a building line is hereby established on the westerly side of Common Street, a public way, between Orchard Street on the north and Spring Street on the south, as shown in red on a plan entitled "Town of Watertown plan showing building lines on part of Common

Street, between Spring Street and Orchard Street," dated November 14, 1925, drawn by Forrest J. Maynard, Town Engineer, and on file in the office of the Town Clerk, being the same plan hereinbefore referred to, and bounded and described according to said plan, as follows, to wit:

Description of Building Line on the Westerly Side of Common Street, Between Orchard Street and Spring Street

Beginning at the northerly end of said building line at a point in the southerly line of Orchard Street at the north corner of land of Ellen R. Collins, thence southerly curving to the right across and over said Collins land on an arc drawn with a radius of two hundred seventy-six and fifty-three hundredths (276.53) feet to a point of tangency, thence southerly, southwesterly and westerly still across and over said Collins land on an arc thirty-eight and thirty-eight hundredths (38.38) feet long drawn with a radius of twenty (20) feet to the northerly line of Church Street.

Also beginning on the southerly side of Church Street at land of Clarence O. Edson, *et al.*, thence easterly, southeasterly and southerly across and over said Edson land on an arc drawn with a radius of twenty-five (25) feet to a point of tangency, thence southerly and curving to the right across and over said Edson land and land of Maurice F. Drummey, *et al.*, on an arc drawn with a radius of two hundred seventy-six and fifty-three hundredths (276.53) feet to a point of tangency, thence southerly across and over said Drummey land and land of Frank H. Canev and land of Alice M. Joyce about one hundred thirty (130) feet, thence by said Joyce land on a curve to the right forty and twenty-five hundredths (40.25) feet long drawn with a radius of fifty and thirty-nine (50.39) feet to the northerly line of Katherine Road.

Also beginning at a stone bound at the junction of the southerly line of Katherine Road and the westerly line of Common Street at land of the Estate of Charles Russell, thence southerly across and over said Russell land about twenty-five and fifty-nine hundredths (25.59) feet, thence southerly across and over said Russell land two hundred ninety-three and ninety-three hundredths (293.93) feet to a point of tangency,

thence southerly on a curve to the right about seventy-six (76) feet long drawn with a radius of two hundred (200) feet to the northwesterly line of Spring Street.

The building line just above described on the westerly side of Common Street comprises three sections, to wit:

The first section between Orchard Street and Church Street, the second section between Church Street and Katherine Road, and the third section between Katherine Road and Spring Street, with rounded corners at the junction of Common Street with Orchard Street, Church Street, Katherine Road and Spring Street.

Reference may be had to said plan and the courses and distances shown thereon for a more particular description of the building lines above described, said plan being made a part hereof.

The various owners above named are the supposed record owners of the various estates across and through which said building lines have been laid out, and insofar as said owners are not correctly stated said estates are the property of owners unknown.

A. H. WHITNEY,
ERNEST K. INGALLS,
WILLIAM M. EMERSON,
Selectmen.

I certify that the foregoing order was filed in the office of the Town Clerk on November 27, 1925.

WILLIAM P. McGUIRE,
Town Clerk.

By a two-thirds vote, the following votes were passed:

Voted: To accept the report of the Selectmen establishing a building line on the easterly side of Common Street between Orchard Street on the north and Columbia Street on the south, and on the westerly side of Common Street between Orchard Street on the north and Spring Street on the south, said building lines being shown in red on a plan entitled "Town

of Watertown, plan showing building lines on part of Common Street between Spring Street and Orchard Street," dated November 14, 1925, drawn by Forrest J. Maynard, Town Engineer, and on file in the office of the Town Clerk.

Voted further: That all steps, windows, porticoes, other usual projections appurtenant to the front wall of a building, embankments, walls, fences and gates, and all other structures, lying between the present exterior lines of Common Street and said building lines, may remain as they are at the time of this vote.

Voted further: That the Selectmen be and they are hereby authorized to take by eminent domain any interests in the various estates across and through which said building lines have been laid out and established to the extent necessary to establish said building lines.

Voted further: That for the purpose of paying the costs and damages sustained by the owners of the various estates across and through which said building lines have been laid out and established, and for the taking of the interests in such estates necessary for the establishing of said building lines the sum of three hundred dollars (\$300) be and the same is hereby appropriated, to be transferred from Legal Expense.

WILLIAM P. McGUIRE,
Town Clerk.

Municipal Building Fund. Certificate of deposit, dated July 3, 1922, from the Union Market National Bank for \$31,555.11; also certificate of deposit for \$4,691.78 interest to January 3, 1926. The above fund represents the money received from the Mt. Auburn Cemetery Corporation (\$20,000) in lieu of taxes on land purchased from the Stone (Estate) July, 1912, and the Thomas Dalby land purchase (\$1,500). Principal \$21,500, accumulated interest for January 3, 1926, \$14,746.89, secured by bonds whose market value at all times equal principal and interest then due. Interest compounded semi-annually.

I have also in my charge the following property of the Public Library, which is not direct gifts or bequests to the Town:

Bonds from the Pratt bequest, amounting to \$5,000.

Bonds for \$2,000, invested from accumulated interest received from above funds. Interest due semi-annually and paid to Mr. Horace W. Otis, who represents the committee in charge of the fund. Also the Benjamin Hosmer Pierce Fund to the Trustees of the Library, represented by a deposit in the Watertown Savings Bank, amounting to, including interest, \$1,024.14.

Barry Fund, deposited in above savings bank, amounting to \$1,025.88.

Mary D. Emerson Mead Fund, account Watertown Public Library, deposited in Union Market National Bank, Savings Department, amounting to, including interest, \$3,053.68.

No sums can be drawn from the above accounts except upon written order of a majority of the Trustees of the Public Library.

HARRY W. BRIGHAM,
Treasurer.

AUDITOR'S REPORT

I herewith present the annual report of the financial transactions of the Town of Watertown, for the year ending December 31, 1925.

The various funds in charge of the Town Treasurer belonging to the Trustees of the Public Library have been examined and found correct.

I have verified the cash of the Town Treasurer and Tax Collector and found it correct.

Periodical examinations of the Tax Collector's Outstanding Accounts have been made and checked against the Controlling Accounts in my office.

Respectfully submitted,

W. W. NORCROSS, JR.,
Auditor.

Watertown, Mass., January 30, 1926

Middlesex, ss.

Then personally appeared the foregoing subscriber, W. W. Norcross, Jr., who made oath that the foregoing statements subscribed to by him are true.

Before me.

WILLIAM P. McGUIRE,
Justice of the Peace.

ANNUAL REPORT OF ASSESSORS FOR 1925

This year the Assessors found considerable new property developed from large tracts of land changing from farms and undeveloped land to most desirable house sites, and homes are fast being erected upon them. We have also found this year a number of factory and warehouse buildings being erected in the Town, which have greatly increased the value of the taxable property in the Town.

The total valuation reached this year the sum of \$38,695,847, making an increase of \$2,531,379 above last year's valuation; this increase being divided as follows: \$329,419 on personal property; and \$2,201,960 on real estate. This increase in valuation makes it possible for the Assessors to reduce the tax rate \$1.00, making it \$30.20 per thousand for 1925.

The coming year does not look as bright for the increase that we had last year. While there are prospects of a number of large and valuable factory buildings to be erected in 1926, these will not be advanced far enough on April 1 to be of any great assistance to meet the levy for the coming year. The outlook for residential building is good, and will show about the same increase as last year.

In view of these facts, appropriations made at the annual Town Meeting should be granted with extreme caution or the Town will have to face an increase in the tax rate for the coming year.

One of the most difficult problems the Assessors have in the performance of their duties comes under the assessment of personal property. The citizens of the town should file a tax return with the Assessors on or before May 15, and by doing this would thereby assist the Assessors in making an equitable assessment.

Following this report will be found a form with instructions for filling out returns, which should be very carefully considered.

Respectfully submitted,

WILLIAM BELL,
EDWARD F. WRIGHT,
EDWIN L. STONE,
Board of Assessors

Instructions in the Matter of Local Tax Returns

April 1, 1926.

Please read carefully before filling out the return.

Blanks may be obtained at the Assessors' offices and the local banks. On application, they will be sent by mail. They may be filed at any time between April 1 and May 15, inclusive. To avoid mistakes they should be made before a member of the Board of Assessors whenever it is possible to do so. The advice of the Assessors is especially needed in arriving at a correct valuation. The Law states that "They" (the Assessors) "shall receive as true, *except as to valuation*, the list brought in," unless the person making the return refuses to answer necessary inquiries. The duty of fixing the valuation is thus placed on the Assessors.

Directions by Page and Item of the Blank

- Page 1. Give home address, and in case of real estate, house and street where located.
- Page 2. Item (a) Means cash only. Make no return of checks or bank deposits.
 - Item (i) Ships or vessels engaged in interstate or foreign carrying trade are taxed at one third of one per cent of the owner's interest therein, if the return is filed on or before April 30. Otherwise, the rate is the annual tax rate. Yachts, sail-boats, row-boats, canoes, and power-boats are taxable where kept and situated on April 1, and at the rate fixed for the year.

Item (k) Fill out each column, and add year when bought and price paid. The Assessors will allow a fair depreciation. The equipment, including shock absorbers, extra tires, robes, and anything additional should be listed under the last item on this (2) page.

Item (l) Furniture is a most important item. Its taxable value is neither its cost nor its auction value. By advice of the best authorities it should be assessed at the amount that a willing seller would be satisfied to receive for it. The present price of furniture should be taken into account. Sentimental value need not be considered. Insurance value is a partial guide. The following inventory is suggested as a practical method of reckoning the total value:—

Value of Rugs and Carpets	\$.....	
Value of Draperies and Curtains	
Value of Books	
Value of Pictures	
Value of Musical Instruments and Records	
Value of Statuary, Vases, Bronzes, and other Ornaments	
Value of Billiard Tables and Outfits	
Value of Silverware and Table Linen	
Value of Household Furniture and Bedding	
Value of All Property of the above description in Watertown elsewhere than on the Premises	
Total Value	\$.....	
Less exemption		1,000.00
Net taxable value	\$.....	

With the exception of item (h) furniture is the only item on the list entitled to an exemption, and the exemption does not include non-residents. If non-residents have furniture in Watertown on April 1, it is taxable here at full value.

Page 3. Item (o). Diamonds and other precious stones are assessed at replacement value. Age and condition are considered in the valuation of plain jewelry.

It is important that the above instructions should be observed in every case, but especially so, if the return is made before a notary public or a justice of the peace. Otherwise it may be necessary to ask for further information under questions one to eight on page four.

April 1 is Assessment Day, and the return is a return of all personal property and real estate in Watertown on that date. Returns should be made every year. Women owning taxable property are subject to the same requirements as men. The taxable property of minor children, if there is no guardian, should be included in the parent's return.

The Assessors' notices, calling on all property owners to make their returns, will be found on bulletin boards throughout the Town on and after April 1.

The hours at Town Hall Annex are 9 a.m. to 4.30 p.m., except Saturdays, 9 a.m. to 12 m. Appointments may be made by telephone. Newton North 0520.

WILLIAM BELL,
EDWARD F. WRIGHT,
EDWIN L. STONE,
Board of Assessors.

REPORT OF THE BOARD OF TRUSTEES OF THE WATERTOWN FREE PUBLIC LIBRARY

The Trustees of the Watertown Free Public Library herewith submit the report of the Librarian for the year 1925.

It is hoped that special attention will be given to the reading of this report of the Librarian, for the Library is making excellent progress and the people of the Town, for whom it is being carried on, should inform themselves of the success with which the efforts of the Librarian and the Library Staff are meeting.

Recently a petition signed by a large number of the residents of the North side of the Town was presented to the Trustees, asking for some special library service in that district. It is evident that there has been a rapid growth in the population of that section and that the people living there are entitled to consideration. The Librarian and the Trustees are giving this matter their attention.

In the report of this Board which was submitted last year some mention was made of our endeavor to effect a gradual increase in the salaries of the Librarian and the Staff with the idea in mind that eventually these salaries would become established on a basis similar to the salaries of women teachers in our schools. A step in this direction was made last year when the increased appropriation which we asked for this purpose was granted and voted to us; this year we are proposing to continue this policy, and in accord with it we are requesting a similar increase this year, although this increase may not appear to be evident in the budget which has been prepared, for, in order to conform with present-day budget usage and particularly with the recommendations of the American Library Association, we have transferred the usual salaries for our janitors from the item of salaries to that of maintenance. At the present time we can report a complete Staff and one with an exceptional morale, but so great is the demand throughout the country for trained workers in the library field that every now and then we are obliged to lose one

or more of our most valued assistants because of the better financial inducements offered elsewhere. We only can obtain and give good service to the Town by paying salaries of sufficient size to bring the right kind of helpers to us and to enable them to stay with us after they have been added to our Staff. It is very important, therefore, that our efforts to put our salaries on a scientific basis shall be supported by the Town, which receives directly all of the benefits which accrue from such support.

One great accomplishment towards which we have been working quietly for years has made very appreciable progress during the past year. That is, the effort to house the East Branch of the Library in an appropriate building of its own. Perhaps this is not the place to go into this matter in detail, for it is having the attention of a special committee appointed by the Town Moderator. Naturally, however, this is a project in which we are greatly interested and it is only fair to say that this committee is working in perfect harmony with us and that it has the approval of this Board in everything that it has done. Moreover, it has done a great deal, as is evidenced by the fact that a lot has been bought in exactly the right situation and that it has received and approved preliminary plans for the building, so that this proposition can and will be presented to the March town meeting with the view of obtaining an appropriation for this building, so that the work may be taken up at once and pushed to early completion.

Respectfully submitted,

EDWIN T. STIGER,
Chairman of the Board.

REPORT OF THE LIBRARIAN

To the Trustees of the Watertown Free Public Library.

Gentlemen: I have the honor of submitting to you the fifty-eighth report of the library. I am glad to be able to again report a decided gain in the use of the library. The circulation of books was 180,301 volumes, a gain of more than 10 per cent over that of last year. The number of books circulated only tells part of the story of the work of a public library and each year we are gratified with the increased use of the library in other ways. Figures are, however, one of the ways we have of showing work done, so we are pleased that we can show such a tangible result as an increase of 41.5 per cent in the last five years and a circulation of more than 7 books per capita. Five books per capita is the minimum that a library of our size should reach.

Each year the work with the schools increases. One thousand six hundred and three books, as well as many pictures, were sent to 66 school rooms. These are school deposits and do not include the books lent to teachers and pupils. Twenty-two classes have come to the library for instruction in the use of a library and we have had visits from the evening classes at which talks have been given to the members. These groups numbered about 40 people. The library stations at the Lowell and Bemis schools have been maintained with a circulation of 1,721 books from these sources. Our children's librarians have visited each school and during Children's Book Week talks were given in some of the schools.

The East Branch continues to flourish in spite of the handicap of crowded quarters. If a circulation of 66,255 books, 2,092 more than were circulated in the whole library in 1913, can be accomplished under conditions that were planned to handle about half that amount of work, one cannot but look forward to the time when we shall have a building of our own, with shelving for three times as many books as can be shelved in the present quarters and with equipment for efficient service.

Then the circulation should gain even more than the 14.7 per cent that it gained this year. The daily delivery between the Main Library and the East Branch has improved the service given to the patrons of both places.

Last year in my report I mentioned the need of extending our service in the North End of the Town. This district is undergoing a rapid change from a farming to a residential district and the people living there are beginning to feel the need, especially for their children, of library facilities nearer at hand. Experience in establishing branches in different cities and towns has shown that a library center should serve a radius of three-quarters of a mile. The map shown as Appendix A shows how well this measurement divides our Town into two main districts, with two outlying districts. The two main districts to be served by the Main Library and the East Branch while the district in the North End can be served by what is termed, in library parlance, a sub-branch and in time as the district toward Waltham is developed we may need to give similar service there. It has also been proven that by concentrating on a smaller number of branches, better service can be given, through larger collections of books and more efficient workers, than can be had by scattering smaller branches at shorter distances.

The work of the children's department continues to grow in interest as well as volume. One of the interesting innovations has been the formation of a Girls' Book Club. The club is conducted by the girls, with the advice of the children's librarian, and meets weekly at the library for the discussion of the books that they have read. During Children's Book Week they gave a play in which each member represented a character from some book. Miss Southworth reports a marked improvement in the type of books read by the children. Miss Marion Stewart has assisted the children's librarians in telling stories both at the Main Library and at the East Branch.

The discipline problem is ever with us and we hesitate to report any improvement for that always seems to be the signal for a fresh outbreak, but for some time we have had no disturbance which has called for drastic treatment. The inventory showed that the loss of books was not so large as in some pre-

vious years but the question of the loss of books and the damage to books is still a serious problem.

Much stress is being placed upon adult education and it is interesting to note that the increase in adult circulation is larger than that of the juvenile circulation. Fiction constitutes 65 per cent of the reading, but our percentage is lower than that of many libraries. Some people are following the reading courses issued by the American Library Association and we have made an effort to build up our collection of books along the lines of the many courses for self-education open to the adult.

The members of the Current Events Class of the Woman's Club have again made use of their library as a meeting place. The thanks of the library are due to the Civics Committee of the Woman's Club for some books to help in our Americanization work and to many other donors of books and magazines; also to those libraries that lend us books through the inter-library loan system and to the Massachusetts Division of Public Libraries for the books in foreign languages which they have loaned us.

During the year we have had but one change on the staff. Miss Brietson left to go to another library and her place was taken by Miss Faustine Bogart from the St. Louis Public Library. The library was represented by Miss Yerxa at the meeting of the American Library Association, at Seattle; by the Librarian and the assistants at the All New England library meeting at Swampscott and at the meetings of the Neighborhood Library Group, of which the Librarian has been appointed Chairman by the Massachusetts Division of Public Libraries.

The library building is in much better condition than for some years and should be kept in condition by making a few repairs and improvements each year. All recommendations for the building made last year have been carried out with the exception of the linoleum for the reference room and some work on the exterior of the building. New chairs for the reading rooms give more seating capacity and more space to pass through the rooms. The exhibition case, which was installed during the summer, has been used to show the Harriet Hosmer collection owned by the library, a loan collection of autographs and a

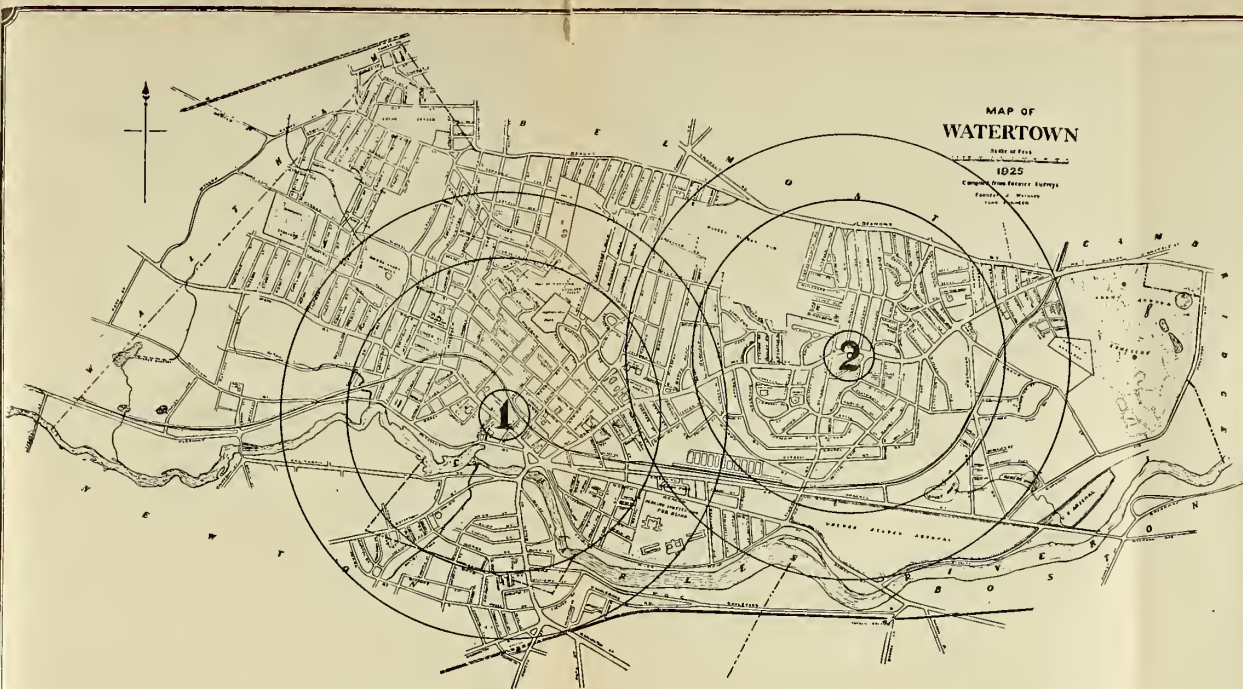

loan collection of book plates. Other interesting collections have been offered and the interest shown in every exhibit has proven the value of such a case in the library for the exhibition of articles of educational value which could only be shown in this way.

"The more they have the more they want" has become a familiar phrase. So it is with us. In 1915 we had a circulation of 77,048. In 1925 we reached 180,301 but we do not want to stop there. We have 6,684 active users of the library. We want to reach more people. We want to extend our service in every legitimate way and to become a vital part of the life of the Town. This extension of library work, of course, calls for an enlarged budget, but we are still some distance from the \$1.00 per capita which is the amount set by the American Library Association as the minimum for maintaining an efficient library.

The Librarian wishes to express her appreciation of the splendid co-operation of the staff and of the interest that you, the Trustees, have always shown in the needs of the library.

Respectfully submitted,

LYDIA W. MASTERS,
Librarian.

REPORT OF THE WATER DEPARTMENT

Extension of Mains

Extensive building operations for homes and residences, the development of tracts hitherto farming lands into settled residential sections with many new streets, and the resultant extension of water mains, hydrants and house services, has engaged the utmost energy of a large portion of the equipment to keep pace with the demand for water facilities. We had hoped that the peak of construction would be reached and passed in 1925, but, from a review of the applications on file in the office for further construction, and if granted, a like proportion will be required in 1926 for this part of the work of the department. The statistical part of this report gives a complete resume of all the work accomplished during 1925.

Reconstruction (Renewal of Mains)

This is the particular hazard confronting the Commissioners. The cement-lined pipe system was laid in 1884-1885 and has therefore been in use forty years. Estimates by competent engineers on the life and endurance of this kind of water main are twenty-five or thirty years. It has long been the policy of the Board to replace the cement with cast iron standard pipe in all streets that are to be rebuilt or resurfaced from year to year. There are still in use some seven miles of the cement mains to be replaced. We have had several serious breaks resulting in a considerable loss to property where these breaks have occurred.

High Pressure Service

A recent hearing before the Metropolitan District Commissioners develops the fact that the high pressure service for the elevated sections of the Town is about to be realized. Surveys are complete and appropriation has been granted for the laying of a 20-inch main from a point in Waltham through Pleasant Street to the old pumping station site on that street, thus distributing through our 14-inch main and throughout

a large portion of our water system located on the lower levels of the Town west of the center and on the south side of the Charles River.

It is further proposed to supply the east end, which includes a very large percentage of the manufacturing industries, also the residential section east of the upper section of School Street through the 20-inch main which enters the Town via North Beacon Street. The original main that crosses the river at Galen Street and thence to the distributing point at Irving Street is to supply the higher elevations only, with of course, a greatly increased pressure.

Office Accommodation

This is inadequate for the department. A room eleven by fifteen feet (11' x 15') containing the ordinary office furniture with seating capacity for three clerks and the Superintendent involves a condition of congestion far beyond capacity, also on occasions when delegations come before the Board for requested hearings.

Building and Shelter

Conditions require considerable repair, sills and parts of exterior badly decayed, inadequate room to house valuable material parts and supplies. An appropriation will be asked for at the March meeting to properly condition this part of the works.

Survey

The Commissioners contemplate the employment of competent engineers to make a thorough and complete study of the adequacy of the present mains, what changes they may find necessary in lines already in use or installed, their recommendations for future extensions that would be required to improve and perfect the system to the extent that all elevations in Town may have adequate pressure and fire protection. An appropriation will be required to defray the expense of this valuable study that should have been made years ago.

Personnel

The Board found it imperatively necessary to employ two additional meter readers whose further duties have been to

assist in the repair and installation of meters. We have been compelled to employ an additional clerk during a part of the season due to the large increase of work in the clerical department.

In Memoriam

We will not conclude our report without a mention of one who gave many years of his time and counsel as a member and chairman of the Board of Water Commissioners, as well as in other capacities. A valued official in nearly every department of the Town's activities. Charles Brigham who passed to his reward July 30. Age, eighty-four years.

Respectfully submitted,

JOSEPH W. GERRY, *Chairman*

JOHN S. LOVELL, *Clerk*

REPORT OF THE BOARD OF HEALTH

To the Citizens of the Town of Watertown:

The Board of Health herewith submits its annual report for the year ending December 31, 1925.

Henry A. Thurlow having been elected as a member of the Board, the Board met at a regular meeting held March 3, 1925, and organized as follows:

Chairman, William A. Bishop, M.D.

Secretary, Alford M. Graham

The same office force was reappointed.

Early in April, the Board of Health having taken over the full control of the Dental Clinic, a nurse was appointed to assist Dr. T. E. LaFayette. The wisdom of centering the control of the Dental Clinic wholly under the Board of Health has been amply demonstrated. During the year, much good has been accomplished through the efforts of the Dentist and his assistant.

Twelve regular meetings and five special meetings have been held during the year.

Perusal of the several reports made by the agent and others, printed herewith, will give concrete evidence of the activities of the Department.

The Board takes this opportunity to thank the citizens, Board of Selectmen, and all others for their assistance and co-operation during the year.

Respectfully submitted:

WILLIAM A. BISHOP, *Chairman*,
ALFORD M. GRAHAM, *Secretary*,
HENRY A. THURLOW.

REPORT OF THE AGENT

To the Board of Health, Town of Watertown.

Gentlemen: I herewith submit my report for the year ending December 31, 1925.

General Health

Watertown continues to enjoy good health, freedom from epidemics, and a very low death rate. Based upon an estimated population of 27,500, the rate for 1925 is 6.2, slightly higher than 1924, but still one of the lowest death rates in the country.

Apparently due to the Schick Test and the immunization with toxin antitoxin, diphtheria showed a marked falling off in the number of cases this year, but twenty-nine cases and no deaths having been reported for 1925, as compared to fifty-five cases for the year 1924. To maintain the control of diphtheria however, parents must continue to take advantage of their opportunity to protect the children by immunization with toxin antitoxin. No parent should fail to take advantage of this great discovery. It is our purpose during the early part of the year of 1926 to hold several clinics for the purpose of administering toxin antitoxin to children of pre-school age. It is especially our desire to do this group, that they may be given immunity from diphtheria before entering the schools, thus not only safeguarding them from possible contact, but also saving those in school from possible contact with new entrants.

Scarlet fever also showed a marked falling off in numbers reported, sixty-two cases and no deaths were reported in 1925 as compared with 301 cases and one death in 1924.

In common with other communities measles were quite prevalent and will continue to be so until parents realize that this disease is not mild, but is one that is dangerous, and from which serious consequences may arise if the patient is not given the proper care. Happily, no deaths have occurred here. In many places, where the patient has been neglected,

pneumonia developed, and death has followed. Parents cannot be too careful, and never should expose or permit their children to be exposed to an active case. To always protect and never expose, is the best motto, and if rigidly adhered to, will save much heartache and suffering.

One case of typhoid fever, and this an imported one, was the only one reported.

Lobar pneumonia and cancer have shown an increase in the number of deaths. Medical research and study give promise in the way of prevention and cure of this insidious disease, and it is hoped that the day is not far distant when its cause and cure shall be known and their control assured.

Tuberculosis Clinic

Early in the year, in conjunction with the State Department of Health and the local School Department, a clinic was held for the examination and X-ray of those children who had previously been examined and found to be underweight or previously exposed to tuberculosis. All of these children found requiring care have been and are being followed up by the Health and School Nurses. Treatment and care have been provided in the outdoor camps and state sanatoriums. Every effort is being made to check any possibility of their ultimately becoming established tubercular patients. This clinic was held in conjunction with the State as a part of the State's ten-year extensive study and effort to prevent and control tuberculosis.

School Dental Clinic

The arrangement made at the beginning of the year whereby the Board of Health took over the full control of this clinic has proved to be a move in the right direction. Not only has much more work been accomplished, but the work itself has proven much more satisfactory. By confining the efforts of the clinic to the lower grades, the real object of the clinic is attained, that is, to teach the child through actual work, to demonstrate the value of the teeth, and to relieve the child of the strain and handicap caused by a mouthful of imperfect and decayed teeth. No child can give its undivided attention to study handicapped by such condition. This important addition to the schools

will prove its value more and more as time goes on. The report of the School Dentist will show the work accomplished.

Due to the continued illness of the Superintendent of Cemeteries, I have made every effort to continue and carry on the work of the cemeteries, during his absence. I trust that my efforts will merit approval.

Department Car

This car has now been in constant use since 1918, is beyond repair, and needs to be replaced.

Comfort Station

I wish to again renew my recommendation of last year regarding the need of at least one comfort station. I trust that some action may be taken having this object in view.

To the Board of Health, Town officials, and citizens of Watertown, I wish to extend my thanks and appreciation for their coöperation during the year.

Respectfully submitted,

JOHN W. TAPPER,
Agent, Board of Health.

Including 50 permits of 1924.

Respectfully submitted,

HERBERT GODING,
Acting Inspector of Plumbing.

REPORT OF THE SUPERINTENDENT OF CEMETERIES

To the Board of Health, Watertown, Mass.

Gentlemen: The following is a report of the work done during the year 1925.

Appropriation		\$7,300 00
Special for Ridgelawn Entrance		2,000 00
		<hr/> \$9,300 00
Expenditures	\$9,259 50	
Balances	40 50	
	<hr/>	\$9,300 00

Amounts received from lots, graves, and interest on perpetual care fund from January 1, 1925, to December 31, 1925, \$5,881.92.

Interments have been as follows:

Arlington Street Cemetery	0
Common Street Cemetery	19
Ridgelawn Cemetery	66
Bodies removed from receiving tomb	8
Number of re-interments	2
Number of vaults used	6
Number of foundations	30
Number of adult single graves	11
Number of stillborn graves	6
Number of single graves (children)	4
Number of two-grave lots	8
Number of four-grave lots	18
Number of six-grave lots	8
Avenue lots	1

With the special appropriation of \$2,000 available, it has been possible to continue the development of the Stuart Street

entrance to a point that now gives concrete evidence of the possibilities in beautifying this part of the cemetery.

On the west side of the entrance, a retaining wall of approximately more than one hundred feet in length, thirty inches thick, and averaging more than eight feet in height, has been built mostly with material on hand. Another wall on the east side four feet in height, fifty feet in length, and of the same thickness, has been built on the east side of the entrance. With this retaining wall, it has been possible to fill in an area of approximately 10,000 square feet, an average fill of more than six feet. This area has been graded and seeded down, thus adding to the cemetery a large number of lots available for use later on. Many yards of filling which had been accumulating since the opening of the cemetery, have been removed, and used for filling, this removal making available for immediate use a number of single lots in Section C. Section B, which was partly brought to grade last year, has been graded and will be ready to be seeded down during the coming spring. Additional flower beds have been laid out, and shrubbery added where needed, all of which will do much to beautify the grounds.

Many new lot owners have been added to the list during the year, thus increasing the area requiring perpetual care. To provide for this increase, additional help will be required during the summer and fall months. In view of the additional number of lots sold this year, I feel it is necessary to again emphasize the need of action that will provide additional land for burial purposes as recommended a year ago. This action is necessary because without doubt, within a short time, this land will not be available to the Town.

Common Street Cemetery

Common Street Cemetery has received its usual care and continues to be a credit to the community. Provision, however, should be made, to repair the wall on the Common Street side, and for the repair and painting of the other fences surrounding the cemetery.

Arlington Street Cemetery

This fine old burial spot has been kept as well as possible under surrounding conditions. There is, however, an urgent

need that something be done to provide a suitable fence and means to give to the old monuments that care which they are sadly in need of that they may be preserved for all time. In this respect, it is hoped that the committee appointed to submit plans will have something definite to report and action taken thereon that will eliminate for all time the unsightly wall that now surrounds the cemetery.

Respectfully submitted,

FRANK R. SHOREY,

Superintendent of Cemeteries.

REPORT OF THE PUBLIC HEALTH NURSE

To the Board of Health, Town of Watertown.

Gentlemen: I herewith submit my report as nurse for the year ending December 31, 1925.

During the year, the following work has been accomplished.

The number of clinics held for babies under two years:

Coolidge School	52
Town Hall	52
	<hr/>
	104

Home Visits in Infant and Child Welfare Work	1,265
School Visits	120
Number of doses of toxin antitoxin given	260
Children treated	90
Number of scholars given physical examinations	550

In January, the State Department doctors and nurses, and local nurses held a clinic in the Town Hall. The purpose of this clinic was to carry out the State's ten-year extensive study and effort to prevent tuberculosis. The children examined were from the several Town schools.

The following table shows the work accomplished:

Number of children examined	37
Number of contacts examined	4
Number of children given the tuberculin test	36
Number of children who re-acted to the tuberculin test	19
Number of children with enlarged tonsils and adenoids	9
Number of children in need of dentistry	14
Number of cases of pulmonary tuberculosis	1
Number of hilum tuberculosis	9
Number of latent hilum tuberculosis	1
Number of children classified as suspicious	8

I also made a number of visits to the Childrens' Hospital on various cases.

I wish to express my appreciation to Doctors Secord, Butler, and M. J. Kelley for their assistance in the baby clinic and school work.

Respectfully submitted,

EDITH M. GORDON, R.N.

REPORT OF THE SCHOOL DENTIST

To the Board of Health, Town of Watertown.

Gentlemen: I herewith submit my report as School Dentist for the Town of Watertown, for the year ending December 31, 1925.

Having in mind that the real function of a Dental Clinic is to teach the child the value of good teeth, rather than to provide dental work at a low cost, our efforts have been confined this year to the lower grades.

We have endeavored to teach the children of these grades through actual work, demonstration and lectures, not only how to care for the teeth, but how beneficial good teeth actually are. We have tried to instill in the child a certain individual pride in its teeth that should, and we think will, prove an invaluable tooth insurance, and consequent improvement in health as an aid to carry on studies in the higher grades.

We have also done certain emergency work wherein such emergency work was necessary to relieve the child of pain that might be detrimental to his studies. This emergency work is not confined to any grade.

The following is a tabulation of the work done in the several schools:

From January 1, 1925, to December 31, 1925

	<i>Marshall Spring School</i>	<i>Parker School</i>	<i>Hosmer School</i>	<i>Old and New Coolidge School</i>
Examinations.....	298	381	431	371

Extractions.....	29	17	58	197
Treatments.....	21	37	81	117
Lectures.....	107	54	18	35

At this time, I wish to thank the members of the Board, school officials, teachers, nurses, etc., for their assistance and courtesy.

Respectfully submitted,

DR. T. E. LAFAYETTE,
School Dentist.

REPORT OF PUBLIC HEALTH NURSE

To the Board of Health, Watertown, Mass.

Gentlemen: I herewith submit my report for the year ending December 31, 1925.

REPORT OF THE CHAIRMAN OF THE SCHOOL COMMITTEE

To the School Committee:

I herewith submit my report as Chairman of the Committee for the year ending December 31, 1925.

The Town of Watertown has been spending large sums of money for new school buildings during the past five years and present indications are that it must spend more and more money. With the growth of the Town must come the addition of more buildings and additions to some of the present buildings to house the school children. It is unnecessary to enumerate the reasons for the growth of our Town. Our population five or ten years from now is a matter of conjecture, but there is no doubt that it will continue to increase rapidly. Two carfares to Boston as well as across town tend to keep down the development of the western part of our Town but that part of the Town is sure to grow.

The construction of the addition to the Coolidge School has only temporarily relieved our congested school quarters there, for immediately on opening it, nine of the ten rooms were occupied. Four classes were transferred from the old Coolidge School and there were three part-time classes in the new Coolidge School besides two classes in the hall. The Hosmer School is now full. The Phillips and Francis Schools are full.

When the ten-room unit of the proposed twenty-room building on the almshouse lot is built it will care for North Watertown and relieve the Lowell School which now has an extra class in it. This new building will also relieve the Marshall Spring School somewhat. The latter school is full at present.

In the near future an addition to the West Junior High School will be necessary. For the time being, we may relieve the West Junior High School by enlarging the area from which we supply the East Junior High School. Our Junior High Schools are ideally located. After the new building on the almshouse lot we shall probably need, first, an addition to the

West Junior High School and an addition to the Marshall Spring School or a new elementary school on upper Main Street in the vicinity of Rutland Street.

In the last ten years our school population has nearly doubled: 2,215 in 1915, 4,163 in 1925. From 1915 to 1920 our school population jumped from 2,215 to 3,074, an increase of 859. From 1920 to 1925 it jumped from 3,074 to 4,163 or an increase of 1,089. If in the next five years we grow at the same rate as the last five years about twenty-seven more class rooms, for forty pupils each, will be needed. Better results in teaching, however, are obtained with smaller classes.

We have, I believe, as good equipment in the form of buildings as any school department in the State and better equipment than the average town. This equipment, however, is of little avail if our teachers do not know how to teach. Our superintendent, after careful investigation, recommends new teachers to the School Committee. After election their ability and fitness are reported to the School Committee, January 1 and April 1 of each year. This is necessary, because if a teacher is re-elected three times she is on tenure and proceedings for removal are more extensive than if she were not re-elected. Furthermore we desire only capable teachers in our system. The report on the teacher is made by her principal and forwarded to the superintendent, who investigates and reports to the School Committee. The form of the report is printed herewith:

A very good spirit of harmony and co-operation has existed throughout the year. As Chairman of this Committee this has been very gratifying to me. Our superintendent, principals and teachers are doing their best to give our youth the best instruction possible.

Respectfully submitted,

CHARLES O. CHASE, M.D.,

Chairman of the School Committee.

SUPERINTENDENT'S REPORT

To the School Committee:

I herewith submit my eighteenth annual report as Superintendent of Schools of Watertown. This report is the eighty-eighth of printed reports of the School Committee of Watertown.

School Organization

The Senior High School was completed in September and this marked a distinct step in the progress of our schools and the establishment of the 6-3-3 or Junior High School plan. We are now able to house our East Junior High School in one building. This now gives us two distinct Junior High School buildings and a new Central High building — large enough, it is hoped, for years to come.

The Building Program

The Town of Watertown has responded generously to its need of schools and has completed seven schools since 1913. It seems safe to say that no town in Metropolitan Boston has so many modern and well equipped schools as has the Town of Watertown. We are now completing the other ten rooms of the Coolidge School and it will be ready for occupancy January 5.

The Senior High School

Mr. Whitehill, the Senior High School Master, writes in part as follows:

“The chief event of the school year has been, of course, the transfer of all our activities to the new building. It is not too much to say that the building with all its appointments and equipment has exceeded our expectations. The organizing of the school under the new conditions proceeded with as little friction as could be expected under the circumstances, so that within a week after the opening we were at work on our regular program.

The pupils have begun their work with commendable zeal and with a sense of responsibility for making good use of the splendid opportunities furnished. The Town is to be congratulated on its fine spirit in providing such a building. Up to the present time we have had numerous visitors, both people from outside of Massachusetts, as well as school officials from within the State. All have expressed themselves as highly pleased and have said much in regard to the public spirit manifest in Watertown.

The installation of Industrial work for the boys added two members to the Faculty, Mr. John Black, Jr., who has had previous experience in school work and who more recently was with the United States Veterans' Bureau, and Mr. Willard G. Farwell who comes to us after professional study at Columbia University. Miss Mildred Harrison is this year giving her full time in the office of Dean of Girls. Miss Marion E. Sweet was called from the Natick High School to take the place of Miss Spoor, who resigned in June, and Miss Clarissa Morgan, who had made an unusually good record at Simmons, and who came with excellent recommendation from Warner, New Hampshire, is teaching Biology and assisting in the Domestic Science Department. Mr. R. Glenn Smith, also a teacher of experience, is doing successful work in the social subjects. With the employment of a librarian, a position which I hope may be filled in the near future, our organization will be complete and the school will be in a position to do even better work than has been done in the past.

I feel that our course of study should be revised to some extent in the direction of restricting our elective subjects. By allowing as much freedom as has hitherto been the case, we have been confronted with difficulties in program making and there has been too much tendency on the part of pupils to ask for changes which have not always been to the advantage of either the school or the pupils. I shall hope to present to the School Committee for their consideration later in the year a revised course of study.

Evening Schools

The evening schools opened on October 15 in the two Junior High School buildings with about the usual enrollment. Most of the pupils are mature persons with a serious purpose who are glad of the opportunity to continue their education.

We are taking advantage of the State's assistance in organizing the Americanization work and we are receiving one-half of the expense from the State.

The education of the immigrant is a task to be carried on at public expense, not primarily for the sake of the immigrant, but as a necessary step to make American Democracy secure. It is now possible in a measure to evaluate what Americanization, through our schools, has accomplished as a result of organized work for the past few years.

Miss Marion P. Keep, our director, writes in part as follows:

"Watertown has reason to feel proud of its fine year's work in Adult Alien Education. More and more the Commonwealth of Massachusetts, and the country at large are realizing the importance of this great work. They are making every effort to meet the need.

"The results of hard, faithful work spent in organizing and teaching the adult aliens here in Watertown have shown very remarkably this year. Those who have attended our schools appreciate what the Public School Department stands for and they in turn are willing and anxious to assist in recruiting classes for instruction. Because of this splendid spirit of co-operation and help, we have been able to increase our classes and enrollment in considerable measure, both in the evening school and factory.

"Classes are held in the evening schools, in the factory and in the home. There are at present some sixteen classes in operation — six in the East Junior High School, four factory classes, and four mothers' classes. We have three citizenship classes with an enrollment which exceeds all previous record. The members of these classes are receiving special instruction in the fundamentals of our history and government. This is a necessary preparation for the examination given by the judge of the court to those men and women desirous of obtaining

full citizen papers. By July 1, 1926, about fifty men will have been prepared in our citizenship classes.

"Although the rigid quota regulation in our immigration law does lessen the number of new non-English-speaking people coming into Watertown, there are still several thousand adult aliens in our midst who need our help. Gradually, year by year, these older adult alien Watertown residents are seeking our help and attending our schools, thereby adopting American ideas and ideals. This is true of both men and women.

"The helpful co-operation of some of our local organizations, the Watertown Woman's Club, and The Thursday Morning Musical Club, is a splendid step in helping acquaint these foreign-born people with real America. I sometimes feel that there can be no more worthwhile step in this great work than bringing about a greater and more sympathetic understanding between the American-born and those of another country. It is most important that Watertown provide adequate means for carrying out this great program of important work."

Industrial Arts for Boys

With the completion of our new High School and the establishment of industrial courses, it seemed desirable to have a man who would not only have charge of the work of the High School but would have general supervision over the industrial work in all schools. Accordingly, Mr. John Black, Jr., of Medford, was appointed director of this work and has entered upon his duties with energy and vigor that will assure success. He writes in part as follows:

"The new Senior High School opened this fall with several new courses in Industrial Arts as follows: Woodworking, Machine Shop Practice, Printing, Sheet Metal, Mechanical Drawing, and Shop Mathematics. This is the first time that Industrial Arts Courses have been offered in the Senior High School of Watertown. We have 62 boys registered, with a total enrollment of 166 in these subjects. This shows that each student is taking two or more industrial courses. From the interest shown by the students, together with the variety of work under construction, it is very evident that the introduction of vocational work in the Senior High School was an important

step. At the present time there are more than 60 jobs in the making in the Woodworking Department, including window boxes and bookshelves for the Bemis School — two large lockers for the Hosmer School — several tables, benches, supply shelves, costumers and freight truck for the Senior High, besides many individual projects. Several forms, booklets and posters have been printed by the Senior High.

"Since the organization of the Industrial Arts Department several meetings have been held by the shop instructors for the purpose of standardizing these courses from the fifth grade through the Senior High School, effective September, 1926. It is recommended that Mechanical Drawing be included in Industrial Courses in the Junior High Schools next fall, to correlate with shop work of which two years should be required."

Music

I think we have reason to feel proud of the work that is being done in Music. Miss Rena I. Bisbee, our director, writes in part as follows:

"You may be interested to know that I have arranged a course of study in music (including technical work and the learning of certain patriotic and standard rote songs) for Grades 1 to 6 inclusive. My assistant and I have been trying this out for a year and a half. We may deem it necessary to make some changes from time to time as conditions require, but I feel that it has helped very much already to have the music systematized.

"The singing in the Junior High Schools has been very satisfactory this year, which is gratifying, as in so many places that is the great problem — what to do with the music in Junior High Schools.

"With our new chorus book in the Senior High School I anticipate added interest there, although there has been a good response in music, considering some of the difficulties we have had to encounter this fall.

"The High School Orchestra is now planning its concert for March 26 and doing good work in preparation. Our wind section is the strongest it ever has been. I have been told that the playing of this orchestra at both the dedication of the new

High School and for the Woman's Club in December was very enjoyable.

"The West Junior High Orchestra has played for the assemblies of that school almost every week and gained quite a reputation for itself. I expect to take the members to the Parker School in a few weeks to give a concert there.

"The East Junior High Orchestra distinguished itself by giving two concerts recently; one at the Hosmer School and the other at the East Junior High. The latter concert was given for the benefit of the school library and brought in \$22.

"These two Junior High Orchestras will give a joint concert in the spring and we all think it will be well worth hearing.

"At Christmas time I organized a little orchestra at the Phillips School and another at the Hosmer. They played for their respective school assemblies and I expect to add new players from time to time and have them rehearse occasionally as a sort of preparation for Junior High work.

"As opportunity affords, I visit different schools to give music appreciation talks, using the victrola or piano for illustration. I hope that sometime we may have a regular Appreciation Course throughout the schools."

Physical Education

Physical Education has at last come into its own. The High School gymnasium, the gymnasium of the East and West Junior High Schools and the athletic field are already a reality — school people are serious in their consideration of the matter today. Principals, superintendents, and presidents are making plans for modern physical education, after careful study of the needs of boys and girls and the opportunities that physical education can offer to help meet these needs.

The aims of physical education should be higher than those usually given. These should be in every department of physical education, the ideal and aim that will provide inspiration for the youth of America. The aim of physical education should provide an opportunity for the individual to act in situations that are physically wholesome, mentally stimulating and satisfying, and socially sound. It may be noted that the aim

is in substantial agreement with any acceptable aim in general education.

The Continuation School

The Watertown Continuation School was established in 1920 under the provisions of Chapter 311 of the General Laws. The pupils are required to attend four hours per week while employed twenty hours per week and if temporarily out of employment.

The philosophy behind the Continuation School holds that the State's obligation along educational lines to these young workers should not be forgotten just because circumstances force them out of the regular full-time schools. Rather, because they are in this peculiar position does the State find itself in duty bound to do something for these boys and girls. The Continuation School represents an earnest effort to conserve the education already received; to give these immature workers further opportunities for development and, in a measure, to help them to interpret their new contacts with society and industry.

State Reimbursement

In order to raise the standard of teaching and encourage education in subjects not otherwise provided for, laws have been enacted which make provision for return of money to Towns from the State Treasury. The largest reimbursement is for teachers' salaries. The amount is based upon their training and experience as follows:

Two hundred dollars for each teacher who is a graduate of a normal school or college and has taught at least two years; one hundred fifty dollars for each teacher who has had one year of normal training and has taught at least three years; one hundred dollars for each of the other teachers employed.

Watertown received in 1925 on account of:

Teachers' Salaries.....	\$28,085.70
Americanization.....	1,634.93
Trade and Continuation Schools.....	4,041.16
State Wards.....	773.26
Smith-Hughes Fund.....	94.94

State-Aided Vocation School

Under the law any boy or girl over fourteen years of age who has completed the sixth grade is at liberty to attend the vocational schools of the State unless such is maintained in one's own town. We have in the past, under this law, expended approximately six thousand dollars (\$6,000) to the cities of Newton and Boston for this purpose.

With the establishment of the industrial courses in our two Junior High Schools, there is a growing tendency to continue longer in our own system, whereby we shall reduce the amount paid to outside systems by a considerable amount.

Tests and Measurements

It seems desirable in these days that certain standard tests should be given from time to time that we may have a check on the work that is being done in our schools.

Accordingly, in accordance with an agreement entered into between the Harvard Department of Education and the School Department of the Town of Watertown, certain tests were given in most of the elementary schools.

These tests for the most part were conducted by representatives of the Harvard Department of Education. The results were calculated and returned to the principal of the respective schools. This seems a pleasing arrangement, as the work is carried on by those making a study in this field of education.

Health Work

No one except those directly connected with the office of the School Committee can realize the quality and quantity of health work that is being conducted within the schools. Our school nurses are among the busiest workers of our school system. They possess the interest, energy, tact and conscientiousness necessary for excellent work in the field. A report of the school nurses is herewith appended.

For further report of dental clinic, see Board of Health records.

Dental Clinic

Our dental clinic is maintained under the direction of the Board of Health and they have also employed a dental hygienist. The elementary schools have been visited during the year and, while the clinic is established in the building, each child is urged to receive instruction on the care of the teeth.

The response from the pupils has been satisfactory. That they have grasped the significance of clean, healthy mouths is proven by the manner in which they carry out instructions for brushing the teeth, as well as the filling or extraction of cavus teeth.

In conclusion I desire to express my appreciation to the School Committee for their loyal support and to the school teachers for their hearty coöperation in carrying out the work of the schools.

Respectfully submitted,

WILFRED H. PRICE,
Superintendent of Schools.
